The other contests in the league were postponed on account of rain.

has ever seen.

Last year, for some unexplainable reason, McInnis got away to a poor start. He was barely able to bat in the .200 class during the first two months of the campaign. Then he climbed to .295 as the season closed. His 1916 slump at the bat was his first in seven years of active service. He hit over .300 in all other seasons. Mack refused to part with McInnis, despite his bad slump last year, and his judgment is being upheld. The fact that the Athletics as a team have formed the habit of maiking onslaughts against the pitchers in one big iming has nothing to do with McInnis hitting. He hits when other members of the team are turned back to the bench.

"EXPERIENCE" is without doubt the greatest success of this day and generation. It ran nine months in New York, seven months in Chicago, five months in Boston, and five months in Philadelphia, breaking all theatrical records in the latter city, and is properly called "The Most Wonderful Play in America." We know of our own knowledge that this

play has been a sensation elsewhere. We are sure it will arouse enormous interest here. It is the biggest show we have booked in ten years. We don't believe another one as big will come along in the next ten years. We are pro ud and happy to be able to bring "EXPERIENCE" to the theatergoers of this city. Orpheum Theater, C. F.
