TENNIS STAR ENTERS ARMY

New York, April 30.—William A. arned, seven times national tennis in Washington for protracted stay.

Copyright, 1917, The Tribune Association (New York Tribune).

more team of the Maryland Division on the Division street grounds Saturday, the score being 213 to 211, H. M. F. Worden was the referee. The high west wind made any large score by individuals impossible. The highest single score of the match was made by D. F. Martin, of the Baltimore team, getting 46 out of 50 targets shot at.

World's Record Drive

World's Record Drive

World's Record Drive

There has been considerable discussion in the last few years concerning the longest golf drive ever made—including both carry and roll. It has been said that Braid and Horne have both driven over 400 yards, the roll included, while Abe Mitchell has a record carry of 318 yards. In order to settle this argument for all time we subpensed Charles E. Van Loan, the California Crasher, to establish a driving record which would end the dissumption of the Baltimore team, getting 46 out of 50 targets shot at.

The Epochal Wallop!

The Baltimore team included: O. V. Street, who broke 45 out of 50; T. H. Watkins, 40 out of 50; G. S. Burroughs, 39 out of 50; D. F. Martin, 46 out of 50; and W. C. Grimm, 40 out of 50.

The victorious Pittsburgh team was: J. I. Newlin, 44 out of 50; P. S. Pyle, 45 out of 50; D. W. Baker, 45 out of 50; M. T. Brendlinger, 41 out of 50, and J. E. Penrod, 38 out of 50.

Other Big Events

After this shoot the Philadelphia team of Harrisburg, defeated the Baltimore team 108 to 88. Then came an interesting target shoot resulting as follows:

Shot at. Broke Thompson ... 50 37

The Epochal Wallop:

Van Loan's drive, with a favoring wind, the ball hooked slightly, carried total of 6,000 feet—2,000 yards—and thereafter disappeared from view. This is absolutely correct. For in making his drive van elected to tee up the ball on the edge of the Grand Canyon. Going still further, he selected a spot just above the Black Gorge, where the drop to the river below a spin the canyon is fourteen miles across, which is a carry that baffled even our selected star, the California Crasher. The best he could owas to make the river, 6,000 feet away.

In order to have the record thoroughly established beyond any rebuttal, to had photographs taken of the location with no less an expert than Henry James Forman, of "Colliers Weekly," to witness the stirring deed. Mr. Forman reports that he followed the flight of the ball for a mile and then lost interest, but that he is willing to testify that it reached the gorge of the grand Canyon you can get better than 400 yards with a pytter with back spin employed.

The Boston Braves looked to be one of the best clubs in the National Beyond that, it is one of the best clubs in the National League—a first

The Braves, tossed in against the Giants, were able to win just one out of The Braves, tossed in against the Giants, were and the first five games played.

This isn't direct proof, of course. But you can figure for yourself, if the Braves were overwhelmed by the Giants, what chance the weaker looking Western clubs will have to check a machine composed of hard hitters, fast baserunners and better pitching than any one expected to see.

Back of the Lines

Back of the Lines

This country doesn't want to make the big mistake of abandoning its sport. That situation in many ways appears to be in the making now. England and France have carried sport right up to the edge of the firing line, where back of the trenches many thousands are kept in better mental and physical condition through various games. Football and baseball are played extensively just beyond the range of shells. This country needs all the sport that it can carry without interfering in any way with war plans.

But sport in the main will be an aid rather than an interference. It will soon be found to be a good thing for the enlisted men and officers as well as for those not yet called upon to serve.

This country, when it gets started in a certain direction, is a great little over-doer at times.

soon be found to the above those not yet called upon to serve.

This country, when it gets started in a certain direction, is a great little over-door at times.

It is well enough to abolish all championships. But to continue wiping out sport will soon react in a most unfavorable way.

Another Upset

The uncertainties of sport continue apace. Les Darcy for the last three months has been branded the leading slacker of the epoch. Yet here we have Darcy the first of the prominent boxers to enlist. By the time you get it all figured out the answer is exactly upside down.

Another Revision

There sat two glasses, filled to the brim, On a rich man's table, rim to rim;
On e was ruddy and red as blood—
The other was clear as the crystal flood;
The one was water—as you have guessed—
The other one—it must be confessed—
Was strawberry soda—for nothing stronger
Stands on the sideboard any longer.

At the rate their casualty list is pilling up the Cubs will soon have to abolish the volunteer system and fall back on conscription.

Giant Player Hangs Up FAMOUS COLGATE TEAM **New Record For Veterans**

GEORGE BURNS

George Burns, the Giant's left fielder, has played his 320th consecutive game with the Giants. No other major league player has ever played so many games without taking a day off, so that Burns belongs in a special niche of fame in the baseball world. Last year Burns was the leading scorer in the National League. In the last seven games of the current season he has scored nine runs—a remarkable achievement. In his 320th game he made three hits off Alexander "the Great," a single, a double and a triple. George Burns, the Giant's left

Sportsmen Shoot Well in Round Target Shoot

Members of the Harrisburg Sportsmans Association enjoyed excellent mans Association enjoyed excellent sport on Saturday afternoon, when for the first time in a number of years they shot at round targets shot from revolving traps. The feat is a rather difficult one, but some good scores were made. Following the ball match a practice clay shoot was held. The summaries:

RACING DATES CANCELED

RACING DATES CANCELED

London, April 30.—The stewards of the Jockey Club at the instance of the government have canceled all the 1917 racing fixtures which were to have been run after the first spring meeting.

The step was taken with a view of saving foodstuffs which now are diverted to the racing stables.

The cancellation of the summer racing dates will prevent the running of such classic events as Eclipse, the Jockey Club and the St. Leger stakes.
