

# IRREGULARITY MARKS OPENING OF EXCHANGE

### Conditions Show No Material Alteration on Resumption of Market Trading; Steel Moves in Narrow Radius and Rails Sell Slowly

By Associated Press  
New York, April 30.—(Wall Street)—Market conditions showed no material alteration on the resumption of trading today, early quotations denoting a continuance of the irregularity which attended last week's later operations. Gains in special issues of the several classes represented by Atlantic, Gulf and West Indies, Mexican Petroleum, Industrial Alcohol, American Woolen and Bethlehem Steel new stock were balanced by recessions in Marine preferred, General Motors, Ohio Gas, Texas Company and Beet Sugar. U. S. Steel moved within a narrow radius and rails were only occasionally quoted.

Little more than 100,000 shares changed hands in the professional dealings of the first hour, the balance of the forenoon session being in keeping with this meager output. Prices repeated their recent ebb and flow, selling to 114 1/2 and promptly falling back on comparatively small offerings. Coppers again served in part to counteract the drooping tendency elsewhere and, especially, Texas Company, developed marked strength with General Motors, common and preferred, at gains of 3 to 5 points. Irregularity of Boston resulted from the lower trend shown by Industrials.

**NEW YORK STOCKS**

**New Liquor License Scheme Yet Outlined**  
Representative Richard W. Powell, of Luzerne, will present to the House tonight an amendment to the Brooks high license law which will take away from judges the discretion with which they are now vested in granting licenses. It would make all present retail licenses permanent and require judges to grant licenses in "dry" territory but not above the proportion of one to each 1,000 population in first-class cities, one to each 750 persons in second-class cities and one to each 500 in third-class cities and boroughs and townships.

In the anthracite regions the saloons now run something like this: Schuylkill, one license to each 224 population; Luzerne, one to each 224 and Lackawanna one to each 228.

Advocates of the bill say that localities which have more than the above proportion will have reductions because unprofitable saloons will be wiped out.

# COUNTY WILL BE DRAINED OF YOUTHS

### (Continued From First Page)

same number, a supply company of 36 men, and a machine gun company, that draws some of its members from Dauphin county, and a headquarters company of about sixty men. Seventy-five per cent, or better of these organizations come within the ages specified in the draft bill and therefore will come from the men available. In addition to this Dauphin county has furnished for the regular army, the navy and the marine corps, a considerable number of men of the age to be called, and will furnish more before the bill goes into effect, for a large number of men will enlist rather than be conscripted.

Dauphin county must furnish to fill her National Guard companies and her proportion of the draft to 2,000 men. When the physically unfit, the married men, those who have mothers without other means of support, and those who are exempted for industrial or agricultural reasons, are to be weeded out it is generally conceded that the county will barely be able to furnish the necessary number.

Pennsylvania, with a population of about 8,000,000, will be called upon to furnish approximately 40,000 of the army of 500,000 men authorized by the bill passed by Congress. With each additional increment of 500,000 men called to the colors, the proportion of Pennsylvania National Guard is about 15,000 men, when recruited up to war strength it will be 32,000. It will require 183,898 men to bring the regular army up to war strength, and this increment is apportioned among the States according to population. Pennsylvania's share is 15,330.

Thus, a rough estimate of the part Pennsylvania will contribute to the first army that is to be called to fight Germany is 88,000 men.

In Pennsylvania the personal registration lists which give the exact age of the voters will be used in making the selection. The recent lists will be used and year added to the age. By using the last lists, War Department officials at Washington say, they will get more men for the army, as some persons, seeking to avoid service, might not register. After the lists are exhausted the poll tax lists will be used. More

**Legal Notices**  
**PROPOSALS FOR SUPPLIES**  
Boards of Commissioners of Public Grounds and Buildings, Harrisburg, Pa.  
MARTIN G. BRUMBAUGH, Governor.  
A. W. POWELL, Auditor General.

1001 N. 2d St., brick dwelling on corner; suitable for apartments; price right.

# Perfect Health Is Yours If the Blood Is Kept Pure

Almost Every Human Ailment Is Directly Traceable to Impurities in the Blood.

You cannot overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body, you can easily see that any impurity in the blood will cause serious complications.

Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pains; Catarrh, often a forerunner, and areca consumption; Scrofula, Eczema, Tetter, Erysipelas and other disgusting skin diseases; Malaria, which makes the strongest men helpless, and many other diseases are the direct result of impure blood.

You can easily avoid all of these diseases, and rid the system of them, by the use of S. S. S., the wonderful blood remedy that has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly, and routes every vestige of impurity. It is sold by druggists everywhere.

For valuable literature and medical advice absolutely free, write today to the Medical Department, Swift Specific Company, 39 Swift Laboratory, Atlanta, Ga.

# This Position Is Waiting For You

It means steady work with first-class chances for advancement. The surroundings are delightful—interesting and comfortable, and you are paid during the period of training.

If you are a young woman 18 to 22 years old, with a fair schooling, ambitious and earnest, make application to the Chief Operator of The Bell Telephone Company of Pennsylvania, 208 Walnut Street.

**The Bell Telephone Co. of Penna.**

# United Grocers Corporation

TOLEDO, OHIO

The United Grocers Corporation is a holding company, owning the securities of many other non-competitive companies, and by this method consolidates and amalgamates the manufacture, production and distribution of food merchandise.

Amalgamation and consolidation of diversified food manufacturers, packers, canners and brokers result in manufacturing and brokering profits, economical operation, quicker turn overs of merchandise and the consequent saving in cost of production, advertising and sales distribution. All these advantages and savings are sources of profit to the United Grocers Corporation, the holding company.

Some of the companies whose securities the United Grocers Corporation has obtained in pursuance of the foregoing plans are:

United Food Products Mfg. Company, . . . Toledo, Ohio.  
Wilkes-Barre Who. Grocery Company, . . . Wilkes-Barre, Pa.  
United Printing Company, . . . Toledo, Ohio.  
The Rice Grocery Company, . . . Scranton, Pa.  
Central Brokerage & Importing Co., . . . Toledo, Ohio.  
S. R. Smith Company, . . . Grantham, Pa.  
Grantham Preserving & Pickling Co., . . . Grantham, Pa.  
The Adams County Preserving Co., . . . York Springs, Pa.  
Harrisburg Wholesale Distributing Co., . . . Harrisburg, Pa.  
York Wholesale Distributing Co., . . . York, Pa.

Considering the volume of business that is being done at the present time by the companies affiliated with the United Grocers Corporation, and those companies installed in the company's plants, the volume of business that will be done annually by the combined consolidation should reach a very large and satisfactory total.

The United Grocers Corporation's plans of operation which combines manufacturing and brokering, with its sales organization and extraordinary distributive outlets, a conservative estimate on net profits on volume of business to be done should make the capital stock of the corporation a most satisfactory and profitable investment.

**WORLD-WIDE SHORTAGE OF FOOD SUPPLIES**

There is now and has been for some time, an actual shortage throughout the country of food products of the various varieties and kinds of United Grocers Corporation manufacturers, packs, cartons, cans, handles, etc., through its subsidiary companies. The ever increasing demand and shortage for food products far exceed the capacity of existing American manufacturers.

**SAFETY OF PROFITS**

There is no safer business than the food industry. The people of the world must be fed, and there could not be a more opportune time than at present to promote and engage in the manufacture, production and distribution of food merchandise.

It is a well known fact that concerns such as the Quaker Oats Company, Cream of Wheat Company, Heinz and many other similar companies have earned and paid enormous dividends to their shareholders for many years.

The profit margin of food products is ample and constant.  
7 Per Cent. Cumulative Preferred Stock, par \$100.00 per share. Sale Price \$100.00 per share.  
Common Stock, par value, \$100.00 per share. Sale Price, \$120.00 per share.

Above prices for immediate acceptance and delivery.

We anticipate a very heavy over sale of this stock, we advise you to write, telephone or telegraph at once at our expense. All orders for shares of stock will be filled in the order received.

We reserve the right to advance the price at any time without notice and to accept or reject any application.

We believe that the consolidation of the various companies together with their separate and experienced management, capable sales organization, wide spread and constantly increasing demand for their products make the securities of the United Grocers Corporation a most attractive investment.

Application will be made to list both the Preferred and Common stock of the United Grocers Corporation on the New York Stock Exchange.

**C. C. TRUAX & COMPANY**  
Second National Bank Building, Toledo, Ohio.  
Engineer's Building, Cleveland, Ohio. Calder Building, Harrisburg, Pa.

**RESERVE COUPON** . . . . . 1917

C. C. Truax & Company, Toledo, Ohio.  
Gentlemen:

With the understanding that I am incurring no liability, you may reserve . . . . . shares of the Preferred or . . . . . shares of the Common Stock of the United Grocers Corporation, for a period of 10 days from date.

It is understood that this reservation entitles me to purchase this stock (within said 10 days) at \$100.00 per share for the Preferred Stock or \$120.00 per share for the Common Stock, par value of said stocks being \$100.00 per share.

Name . . . . . Address . . . . .
