

NEW PUPILS CAN HELP COUNTRY

Good Suggestions Made by Westmoreland People Regarding Gardening

To suggest of how schools and other institutions can assist in providing the labor so urgently needed in order to increase the public food supply, the committee of public safety has made public the regulations adopted by its local committee in Westmoreland county.

- 1. That transportation to and from the location of the employment shall be paid; and suitable board and lodging provided.

2. Boys from 14 to 16 years of age to be paid 75 cents per day; boys over 16, \$1 per day. Where boys travel to and from their work daily, they are to receive an extra allowance of 50 cents per day.

3. On Sundays, when boys remain on the farm, they are to do necessary chores only, for which they are not entitled to compensation, but full compensation is to be paid for rainy week days if the boys remain on the farm.

4. Two Sundays and three week days per month are to be "allowed off" if the volunteer worker so desires.

"These boys," says the committee, "are volunteering at less wages than most of them could earn in the stores and mills. They are undertaking the service as a patriotic duty. Not many of them have had much farm experience, but we believe they will respond to intelligent teaching."

5. The present high commodity prices is bound to continue even if peace should be declared in the near future, so that the extra work done on the farm by the boys should prove profitable.

HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY People who are overburdened with fat know only too well the discomfort and ridicule that overweight people may easily reduce their weight by the new system.

If you are carrying around unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from sunken cheeks, or of your weight in a simple, safe and reliable way, without starvation diet or tireless exercise.

Oil of korein is absolutely harmless, is pleasant to take, helps digestion. Even a few days' treatment has been reported to show a noticeable reduction in weight.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

DR. DIX ON CALLS BETTER METHODS

Objects of Present Means of Transporting Country Children to School

The suggestion that for the sake of health and morals of school children in rural districts the State of Pennsylvania stop consolidating country schools until a better system of transportation of the youngsters is devised is made by Dr. Samuel G. Dixon, State Commissioner of Health, in a statement issued today.

BRITISH ARMY DRIVES FORWARD

(Continued From First Page) sustain its ghastly sacrifices the longest.

However momentous the issues which hang on the bloody struggles in France, they are insufficient to hold the attention of the German people who are facing a situation at home fraught with even more menacing possibilities.

The majority Socialists are energetically supporting the government in its efforts to cajole or threaten the workers into refraining from striking.

All Europe Confused The entire situation in Europe appears to have reached one of those confused stages where conflicting news makes the relative importance of events uncertain and obscure, a situation intensified by the increasing rigors of the censorship in all countries.

Outside of Europe interest centers on the possible course of Brazil and China. Dispatches from Peking say that the Chinese republic will probably enter the war against Germany within two weeks.

Berlin Throws Fresh Troops Into Battle in Fierce Counter Attacks By Associated Press London, April 30. — Heavy fighting continues along the front between the British and Germans, with very little change in the situation.

One Killed and Five Burned by Explosion of Acid Tank at Mt. Union Mt. Union, Pa., April 30. — One of the acid tanks exploded at the Aetna Powder works on Saturday and caused a loss of thousands of dollars' worth of property, and also badly burned six employees.

SEVEN HURT IN AUTO CRASH Seven persons were slightly injured Saturday afternoon when an automobile and a street car collided at Fourth and Woodbine streets.

SERVICES OF INFANT Funeral services for Erma Roberta Speese, the four-month-old daughter of Mr. and Mrs. August F. Speese, were held this afternoon at 2:30 o'clock from the home, 34 North Thirtieth street.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have swollen skins, blood disorders and sickly complexions are urged to get a quartet of brand-name phosphate from the drug store.

PLANS TO WORK PUPILS ON FARMS

(Continued From First Page) den work; give advice as to seeds and planting; supervise preparation of soil and planting.

Supervisors will have general charge of work from the time of organization to close of season.

High Schools All students who enlist in farm service to be excused from school duties after May 1, without deduction in present scholarship standing and without examination.

The committee also recommended the adoption of the Educational Thrift Service system in the public schools to give the students an opportunity to save money by carrying accounts. This system of school banking has been started in a number of other cities at no expense to the school board.

The Home Garden

That home garden of yours will need thorough cultivation—the more thorough you are the better your returns will be.

The labor required for good results depends largely upon a wise selection of tools. The thrifty gardener conserves time and energy by the use of good tools, each adapted in form and size for its particular use.

- Spades, Trowels, Weeders, Clippers, Hoes, Rakes, Shovels, Garden Hose, Lawn Mowers, etc.

Missionary Society, Carlisle Classis, to Meet Wednesday

Mechanicsburg, Pa., April 30.—On Wednesday the second annual meeting of the Woman's Missionary Society of the Carlisle Classis will be held in St. Paul's Reformed Church.

ERIE PEOPLE COMPLAIN The Public Service Commission today received complaint from residents of Erie against increases made in the rates for natural and manufactured gas on the part of utility companies operating in that district.

APPOINTED TO MEDICAL CORPS Dr. V. E. VanKirk, of Pittsburgh, well-known here, was to-day appointed a first lieutenant in the medical corps and assigned to the first field hospital.

EXPECT GUARD RECRUITING TO JUMP

(Continued From First Page.) men of military age are beginning to realize the advantages of enlisting in local organizations, for not only will they not be classed as conscripts,

but will be with men and officers from their own locality. Another advantage that the more intelligent are taking into consideration, is that by the time the conscript men report for training, the men who go with the National Guard organizations will have learned the rudiments of a military training and should a large list of officers and non-commissioned officers be taken from National Guard organizations to train and drill this new army they will then be in line for promotion in their own organization.

When it is realized that out of every 3,000 men, approximately 500 are officers and non-commissioned officers, the advantages of enlisting at once in one of these organizations can readily be seen.

Men desiring to take advantage of this opportunity should apply at once to one of the officers of the local companies. Make application at once, for by waiting until the organization you desire to join holds its next drill the company may be filled and no other opportunity will be presented to become a member of a local company.

If you want to enlist get in touch with Co. B, Capt. John T. Bretz; Co. I, Capt. Robert D. Jenkins; Headquarters Co., Capt. H. H. Baker; Supply Co., Capt. Aubrey H. Baldwin; Machine Gun Co., Capt. Ralph C. Crow; Troop C (Governor's Troop), First Pennsylvania Cavalry, Capt. George W. H. Roberts.

NEW INDUSTRY FOR TOWN

Lewistown, Pa., April 30.—After not being in use for many years the North American Tannery Building here will be turned into an industrial plant. C. G. Gochanaux, of Harrisburg, was in town Saturday to have the title of the property transferred from Rice & Hutchinson, of Boston, to the Belmont Motor Corporation, incorporated under the laws of the State of Delaware. It is reported that the firm will assemble motor trucks on a large scale.

FLAG RAISING AT LEWISTOWN

Lewistown, Pa., April 30.—A flag raising ceremony took place in Lewistown Saturday afternoon when a massive flag was swung to the breeze from a 75-foot pole on the big ridge north of town. Addresses were made by prominent citizens of the town and music was furnished by bands. The Logan Iron and Steel Company will raise a big flag at the main entrance to their plant this evening at 5 o'clock.

Bowman's Our Garment Chief Says---

The Smartest---Highest Class Models in Women's and Misses' Suits at New Low Prices For Clearance

We have gone through our entire stock of higher cost suits and marked them regardless of their original figures at two prices—namely, \$25.00 and \$35.00

The savings are definite and considerable and interest the best dressers of this community to a great degree. The high character of the suits offered will appeal as well as the values and as the collection contains no duplicates we cannot go into elaborate details—but it is enough to say that all are taken from our regular stock.

The materials are—Gabardine Poiret Twills Poppins Imported Novelty Worsteds and Mixtures Men's Wear Serge

There are fancy models in all the high and fashionable colorings—some with hand embroidered collars and pockets—others with contrasting collars and cuffs—also the severely rich, plain tailored suits. In this great sale we also feature fashionable stout models—40 to 48 bust measure—the finest creations—scientifically designed for fleshy women. This is unquestionably a most unusual opportunity to choose from the highest class suits of distinction and Bowman quality at a price within the reach of every woman.
