Mr. Powell turned over to his successor the report of the auditors, showing that expenditures could not be located for certain expenditures, although warrants were found for them.

Mr. Snyder said he would have other appointments to announce within a few days and would also make a statement of his policy.

The oath of office was administered to Auditor General-elect Charles A. Snyder, of Schuylkill county, in the Senate chamber at noon.

The term of the new Auditor General will be for a year.

Former United States Senator Mason, Pioneer in Pure Food and Drugs Legislation, Father of Rural Free Delivery System Says Nuxated Iron

Increased His Power and Endurance So Much, That He Feels it Ought to Be Made Known to Every Nervous, Run-Down, Anaemic Man, Woman and Child.

Opinions of Dr. Howard James, late of the Manhattan State Hospital of New York and formerly Assistant Physician Brooklyn State Hospital; Dr. Schuyler C. Jaques, Visiting Surgeon of St. Elizabeth's Hospital, New York; and Former Health Commissioner Wm. R. Kerr, of the City of Chicago.

What Senator Mason Says

I have often said I would never recommend medicine of any kind. I believe that the doctor's place, however, after the hardest political campaign of my life, without a chance for a vacation, I had been starting to court every morning, every evening, every feeling one cannot describe. I was advised to try Nuxated Iron.

Yours very truly, Wm. E. Mason

Senator Mason's statement in regard to Nuxated Iron was shown to several physicians who were requested to give their opinions thereon.

Dr. Howard James, late of the Manhattan State Hospital of New York and formerly Assistant Physician Brooklyn State Hospital, said: "Senator Mason is to be commended on handing out this statement on Nuxated Iron for public print. There are thousands of men and women who need a strong and blood-builder but do not know what to take. There is nothing like organic iron—Nuxated Iron—to give increased vitality, vigor and staying power. It enriches the blood, brings roses to the cheeks of women and is an unfailing source of renewed vitality, endurance and power for men who have lost it."

Former Health Commissioner Wm. R. Kerr, of the City of Chicago, says: "I have taken Nuxated Iron myself and experienced its health-giving and strength-building effects, and in the interest of public welfare I feel it my duty to make known the results of its use. I am well past my threescore years, and want to say that I believe my own great physical activity is largely due to-day to my personal use of Nuxated Iron."

SPECIAL TOPHYSICIANS. Doctor, when you wish to prescribe a true tonic and nerves, try Nuxated Iron. If you have been using the old forms of metallic iron, without success; if you have had patients complain of discolored teeth, upset stomachs, hardened, tied-up bowels, etc.; if the use of metallic iron, again we suggest, try Nuxated Iron.

ENGLAND WANTS SUBMARINE FACTS

Press Declares Success of U-Boat Campaign Should Be Made Known

London, May 1.—The definite admission of Sir Edward Carson, first lord of the Admiralty, concerning shipping losses has increased, if possible, the anxious interest of the press in the progress of the submarine war.

The subject is discussed in all its aspects in this morning's newspapers. The Daily News and the Daily Mail again call for more publicity on the subject.

The Times asserts that the efforts of the ministry to emphasize the gravity of the situation is largely nullified by misleading official returns and that the situation cannot be fully faced by the nation unless the necessities of the case are plainly understood.

No Risk of Panic Nobody, says the Times, believes that there is a risk of panic from knowledge of the truth. The real danger, it adds, is lest the public find that they have been unnecessarily kept in the dark.

Members of the House of Commons eagerly discussed the situation in the lobbies after Sir Edward Carson's statement had been made.

George made a thorough stock taking of the situation by an examination of the antisubmarine organization and a conference with the officials.

TRAIN SOLDIERS IN WAR ZONE, DAY SHATTER ALL PREVIOUS MARKS

Officers Believe Harrisburg District Is Leading Country With 1,260

New York, May 1.—Immensely pleased with General Joffre's declaration that Americans were wanted at the front at once and that the best place to train soldiers was in the fighting zone, Colonel Roosevelt yesterday issued an appeal to Congress to allow the raising of volunteers for immediate service in France.

"I trust," he said, "that the members of Congress will remember that if we mean business we will back General Joffre's idea, and adopt in substance the Harding amendment to raise some divisions of volunteers immediately."

The Colonel made this statement late in the afternoon at the Hotel Langdon, incorporating in it much that he had said earlier in the day on his arrival from Chicago.

He had conferred with many who are associated with him in the raising of a division for service in France, and had discussed Russian affairs at luncheon with Count Ilya Tolstoy, the Russian ambassador, who agreed that the hope of Russia lay in moderation on the part of the democratic radicals.

Otherwise, the "Colonel" said, the United States is in danger to the new republic of overthrow by a counter-revolution.

The several hundred persons awaiting trains in the Pennsylvania station gave the Colonel an old-time Roosevelt reception as he emerged from the train shed with S. Standwood Menken, of the National Security League, and a small group of friends.

At the offices of "The Metropolitan Magazine," he said: "If I am permitted, I can raise one of four divisions, composed of regiments substantially like the Spanish war. 1300 RECRUITS IN GERMAN PLOT SUSPECTED IN BAKERS' STRIKE

Government Orders Investigation of Chicago's Bread Makers' Union

Chicago, May 1.—Acting upon instructions from the Department of Justice at Washington, United States District Attorney C. F. Clyne today started an investigation of reports that the strike of bakers which has cut off nearly 80 per cent. of the city's bread supply, was precipitated by German aliens for the purpose of embarrassing the government.

Charges that the "rank and file" of the bakers in the United States did not sanction the action of the president of the Bakers' International Union in signing the statement issued at Washington by the conference of labor leaders headed by Samuel Gompers to the effect that no strikes would be called during the war, except under stress of vital issues, were made by Tony Weth, business agent of the striking bakers' union.

"We admit," said Weth, "that the president of our international union signed the statement. But he did so over our heads and without consulting the rank and file. His action is without our authority."

Hope For Settlement Hope of a settlement of the strike today centered in a conference between representatives of the bakers and the employers in the mayor's office. The strikers insisted on their original demands, copies of which were printed in English and German.

The striking bakers demand that they be permitted to approve or disapprove the statement in the shops, ask increased wages, shorter hours and improved working conditions.

Many of the smaller dealers took advantage of the situation to run the price of bread up to as high as 17 cents a loaf. Yet in most parts of the city bread was obtainable at a small, or no advance in price. Dealers said, however, that the supply would not last 24 hours more.
