POTATO BOOST IS STATE PLAN

Zoologist Sanders Names Men to Have Charge of Demonstration Operations

State Zoologist J. G. Sanders has named D. A. Knuppenburg, Wyoming, and D. A. Buckman, Bucks, as special farm advisers, to aid in bringing about increase in acreage devoted to potatoes and to instruct farmers in modern methods for growing that crop. Both were formerly on the orchard inspection force and begin their work to-day.

Zoologist Sanders has arranged to establish a series of demonstration farms for the growing of potatoes. The State will aid in the preparation of the ground and will spray and care for the plants, being given the right to use the farms for lecturing and instruction purposes, as is done with demonstration orchards.

J. L. King, Philadelphia, has been appointed to make a scientific study of the grain moth which caused a quarter of a million dollars loss to the farmers of Pennsylvania last year. He is a graduate of Ohio State University and University of Illinois.

George H. Rea, Jefferson, has been placed in charge of instruction in bee culture and to establish demonstration apiaries. He was formerly connected with the Department of Agriculture.

Waiver Granted—The Public Service Commission has granted the modification of rules of the commission in regard to filing of tariffs asked by the railroads of the State in connection with the proposition to increase rates. The grant is in the nature of a waiver of certain requirements of printing and time which will save the railroads considerable money and delay. The commission will probably await action by the Inter-State Commerce Commission before acting on the applications for increased rates.

Cities Complain—The cities of Erie and Corry and the borough of Warren have filed complaint with the Public Service Commission against the proposed increase of rates for gas of the Pennsylvania Gas Company operating in Northwestern Pennsylvania.

Increase Filed—The Devine & Yungel Shoe Co., of this city, has filed notice of increase of stock from $100,000 to $200,000.

Paxtang Approved—The Public Service Commission has approved the contract between the borough of Paxtang and the Cumberland Valley Telephone Company.

Hearing Wednesday—The House committee on mines will give a hearing on the mine cave bills on Wednesday. Committees will be heard.

New State Police. — The State Police Department to-day enlisted twelve men to fill vacancies in the four troops. Arrangements are being made to add the newly authorized 100 troopers to the troop as soon as funds are available.

Seek Approval.—Delegations from the Philadelphia Chamber of Commerce, Credit Men's Associations and other organizations to-day asked Governor Brumbaugh to approve the sales in bulk bill which was passed by the Senate a few days ago.

Myers Promoted. — R. E. Myers, of Somerset, foreman in the State Highway Department forces in that county, was to-day promoted by Commissioner Black to be superintendent of State highways in Somerset county to succeed Gilbert Endsley, resigned.

Heads of Departments Donors of Silk Flags

An interesting presentation was made to-day at the local plant of Swift & Company by the heads of departments. Silk flags were presented to the following, for their services in connection with the patriotic parade recently held here. Misses Frances Long, Helen Bird, Dorothy Buser, Sarah Edwards, Lena Sordian, Daisy Fulmer and Bertha Mitterlerner. The presentation address was made by the superintendent, A. S. Devout.

BABY ASTOR TO GET $75 A DAY FOR EXPENSES

New York, May 1. — The Surrogate's Court of New York has decided that it is all right to spend $75 a day to care for a child of four years. The child is John Jacob Astor, whose father of the same name went down with the Titanic and whose mother is Madeleine Force Astor Dick. For months Surrogate Fowler and Cornelius Sullivan, special guardian of the multimillionaire child, have been puzzling over such questions as this:

Is it legal that a baby be compelled to pay one-third of the household expenses and one-third of the taxes of the house in which he lives? No legal precedent was discovered to throw light on this point. But they decided that, considering the circumstances, $75 a day was not so expensive for an infant who some day will inherit a fat three millions.

JILTED, HE SUES GIRL FOR RING AND $5,000 DAMAGES

Wilkes-Barre, Pa., May 1. — Peter Renshaw, of Lancaster, formerly a policeman here, yesterday announced a breach of promise suit against Miss Priscilla McCloskey, 23 years old, a pretty girl of this place. Renshaw seeks to recover a diamond ring, several presents and $5,000 damages.

The girl is said to have changed her mind since February 1, the date on which Renshaw is supposed to have obtained her promise to marry him.

HOOVER DUE IN FEW DAYS TO HEAD AMERICAN FOOD BOARD

New York, May 1. — Herbert C. Hoover, recently chosen as chairman of the American food board, is on his way from England on an American ship and will arrive here within a few days.

After conferring here with members of the American commission for relief in Belgium, he will be prepared to go to Washington to assume his new position.

MUSICAL AT BLAIN

Blain, Pa., May 1.—Saturday evening the Ladies' Quartette of Susquehanna University, will give a musical entertainment in the High School room. Two members of the quartette are Blain girls, Miss Lee Smith and Miss Elizabeth L. Hall.

MOTHERS' PENSION TAX BILL

Mr. Horne, of Cambria, presented in the House to-day a bill establishing a State income tax of one-half of 1 per cent. for mothers' pensions and establishing a schedule of payments for dependent mothers. He also presented a bill providing for registration of sales of firearms by all dealers.

New Corn Remover Causes Big Run on Drug Stores

Since the virtues of Ice-Mint as a corn remover becomes known in this country druggists have been having an extraordinary demand for this product and it is predicted that this summer women will wear smaller and prettier shoes than ever.

The fact that this new discovery which is made from a Japanese product will actually remove corns—roots and all — and without the slightest pain or soreness, is of course mainly responsible for its large and increasing sale.

You apply just a little on a tender aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it may be lifted out with the fingers—root and all. It is a clean, creamy, snow white, nonpoisonous substance and will never inflame or irritate the most tender skin. Cutting or paring corns too often produces blood poisoning and people are warned to stop it. Just ask in any drug store for a little ice-mint and you can quickly end your corn misery and make your feet feel cool and fine. There is nothing better.—Advertisement.

Quality — GORGAS — Service

Prescription Drug Stores

Gorgas' are prescription drug stores—this is significant—a prescription store must be particular about Quality—to maintain a reputable standing with the medical profession.

Physicians know when a store puts up prescriptions properly—Gorgas takes every precaution to have every one just as the doctor wants it.

Graduates in pharmacy do the compounding—the drugs are fresh and invariably the best. Each prescription is double checked which is almost absolute protection against errors.

F. S. REITZEL GETS NEW JOB

Former Steelton Resident Assumes Duties as Controller of New York Firm

F. S. Reitzel, a former resident of Steelton, formerly controller of the Pennsylvania Steelton Company and the American Iron and Steel Company at Lebanon, and associated with B. Dawson Coleman in the sale of the latter company to the Bethlehem Steel Company, to-day assumed his duties as controller of Manning, Maxwell and Moore, Inc., of New York.

Mr. Reitzel was born in Steelton and started in the steel business as an office boy. In 1910 he was appointed controller for the Pennsylvania Steel Company in Philadelphia, and served in that capacity until the purchase of the Pennsylvania Steel Company by the Bethlehem Steel Company.

After this transaction he went with the American Iron and Steel Company in Lebanon as controller. He has just completed work as liquidating trustee in the distribution of bonds to stock holders.

May Use Kelker Park For Farming Purposes

The Parks and Playgrounds Commission's plan of utilizing the vacant ground in Kelker park for farming purposes was endorsed by the Municipal League in session last night. Commission officials say that the scarcity of labor will hinder them in placing the park in good condition. The commission in session Thursday night will take some action.

A communication from the Outing Manufacturing Company of Massachusetts, was presented at the League meeting. The concern which manufactures automobiles wishes to locate here. Secretary D. C. Becker was instructed to write the company for further information.

W. H. Nell, George Byrod and W. A. Maginnes were appointed on a committee to represent the league at the joint committee meeting Thursday night for the patriotic demonstration May 19.

What a pity she doesn't know that Resinol Soap would clear her skin

"She would be a pretty girl, if it wasn't for that pimply, blotchy complexion!" But the *regular* use of Resinol Soap, aided at first by a little Resinol Ointment, would probably make it clear, fresh and charming. If a poor skin is *your* handicap, begin using Resinol Soap and see how quickly it improves.

Resinol Soap and Resinol Ointment are sold by all druggists. For free samples of each, write to Dept. 4-N, Resinol, Baltimore, Md.

GROSS SHATTERS HOPES IN ASH PROBLEM

[Continued From First Page]

three firms giving bids for a survey, were read in Council. At an informal meeting last Friday these were gone over, but no further action was taken.

To-day when Commissioner Gross was about to ask to have a contract awarded, Commissioner Lynch reminded him that no appropriation had been made for the work, and a contract could not be approved unless this was done.

Two Weeks For Action

The ordinance making this provision will be introduced next week and will be up for final passage one week later. Action on the proposed survey has been urged twice by the Harrisburg Chamber of Commerce, in order to give the city time to prepare for the collection work after next February, when the present contract expires.

The failure to provide legally for the survey will mean additional delay in starting the survey so that recommendations can be made to the city for a better system of collection and disposal.

It is understood that the survey will be only a thorough investigation of the present system of collection and disposal with recommendation to the city of a better method of doing the work. It is believed also that more than a month will be needed to do this with the result that delay may prove a serious handicap should it be decided to have municipal collection of both ashes and garbage, and changes in the disposal system.

What action, if any, will be taken by the Pennsylvania Reduction Company officials as a result of the $1,075 penalty imposed last week, is not expected to bring much betterment in the local situation. Residents in all parts of the city in many instances instead of waiting for fulfillment of promises of relief from the city have had refuse removed at their own expense by private collectors. Delays in providing for the work when the present contract expires, which may result in a repetition of conditions of the past year, are being criticised everywhere.

EVERY ANGLE IS DISCUSSED

[Continued From First Page]

The National Council through Mr. Buddy will recommend the man and the local council will appoint him.

Mr. Buddy this morning received a letter from New Bedford giving him the final figures up to date and the immense gains the movement has taken since he waged a campaign there a few weeks ago. When he took hold of the situation the Boy Scouts had almost become a back number. In a few short weeks he had every man, woman and child in the city vitally interested in the campaign and as the figures show, interest did not lag once he had put things on a firm footing. Memberships have increased and the cash amount of money paid is a good percentage of the total subscriptions. A total in cash of $9,279.88 has been raised and $16,412.55 has been subscribed.

To Speak at Paxtang

To-morrow night he will speak in the Paxton Presbyterian Church, on the importance of the Boy Scout work. Mr. Buddy is now hard at work interesting citizens in Harrisburg and the many nearby towns, and will make every effort to put the Boy Scout movement on a permanent basis before leaving. New troops are being organized and Mr. Buddy will tell residents of the borough to-morrow night how they can do their bit for the work.

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissues.

This announcement will interest many women here, for it is said that the present high-heel footwear is putting corns on practically every woman's feet.
