NEW BUILDING AT MASONIC HOMES

Funds Bequeathed by Gustavus Groezinger Will Be Used For Laundry

A new laundry to be known as the "Groezinger Building" and to cost \$10,000, will be erected at the Masonic Home, Elizabethtown, in the near future. The funds to build the new structure were bequeathed to the home by the late Gustavus Groezinger, Lancaster, in the form of a property. The property was sold and the proceeds will be used for the new building.

The building will be erected on a site north of the power plant and will be 50x100 feet, built of Holmestown granite, with Indian limestone trimmings, steel structure and slate roof. When completed it will be equipped with additional modern machinery, to that already installed at the home, making it a strictly up-to-date plant.

Last Sunday, through the courtesy of Robert W. Groezinger, past master of Lodge No. 43, Lancaster, a religious service was held at the home. The Rev. John E. Smith, Philadelphia, a member of Dupont Lodge No. 129, preached the sermon on "Samson's Riddle." Vocal music featured the program.

William J. Fordey, Lancaster, past master of Lodge No. 499, and a member of Lodge No. 43, will give an illustrated lecture on a tour from the ice palaces of Montreal to the cherry blossom gardens of Japan, next Friday night.

Members of the Wayne Lodge No. 581, Wayne, Pa., accompanied by their families, will visit the home Saturday, May 5. On Sunday, May 6, the members of Prince Edwin Lodge No. 486, Middletown, will visit the home and hold a religious service.

Women Plead Prohibition as Food Conservation Step

A plea for national prohibition as a food conservation measure during the war is made by the State Federation of Pennsylvania Women in a message to President Wilson. It is signed by Mrs. Ronald P. Gleason, of Scranton. The message follows:
"The board of directors of the State Federation of Pennsylvania Women asks you to use all the power of your office to bring about national prohibition in the present crisis. The release of the grain now used in liquor would greatly increase the food supply of the nation, and the abolition of the liquor traffic would be a fundamental step in the conservation of the physical strength and moral force of our people."
"Representing the women of the state we urge your action on this most important subject."

'Tis a Patriotic Duty to Subscribe For United States Government BONDS

Our Government is about to issue bonds bearing interest at the rate of 3½% for the purpose of prosecuting the war in which we are now engaged.

It is a duty of citizenship for everyone to buy one or more of these bonds---and as the government will probably issue them in denominations as low as \$25---most all of us can participate if we so desire.

We want to see the mass of the people of Harrisburg come forward in the matter of this loan. The big investors will do their part---but 'twould be a mighty fine thing for Harrisburg to set the pace for the balance of the country in subscriptions to the \$25, \$50 or \$100 bonds, which are primarily for those of limited means---the men and Women who are on salary or day wage.

Government bonds in denominations as low as \$25, \$50 or \$100 are a liquid investment---by that we mean you can realize on them at any time.

So put your savings in them. If you need the money quickly this store will take them off your hands at par and accrued interest---or they can be used here the same as cash at full face value and interest---when making purchases.

Subscriptions to this Government Loan can be made through your own bank or we'll attend to it for you---if you so desire---without charge.

Make Us Responsible For Your Tires

You don't have to "shop" among tire dealers to get the exact tire you want,
—nor buy one make of tire for your rear wheels and another make for your front wheels;
—but you can get exactly the tires which will give you the lowest-cost-per-mile of service among the five different types of United States Tires.

And then you can hold one company—the United States Tire Company—responsible for the result,
—which is much simpler than trying to fix the responsibility on two tire companies through two different dealers.

There are five to choose from,
—one for every need of price and use,
—and every one a tire of supreme service and low-mileage-cost.
