Falsely Accused His Teeth for Troubles

Mt. Holly Man Laid His Stomach Trouble to Poor Mastication TANLAC RELIEVED HIM "I had been troubled for quite a while with indigestion and I had it to the fact that my teeth were in bad shape so that I didn't chew my food enough," says Charles Storey, a farmer of Mt. Holly, near Harrisburg, Pa. "My food never used to digest properly for after meals I would be made miserable by the great quantities of gas that would form and bloat me up. It affected my heart too, for the gas would press up making my heart pound and flutter in a most alarming manner. "Well, I was talking to a neighbor of mine one day and he told me I ought to take Tanlac and get rid of my trouble. I didn't believe it would do it but decided to try it anyhow. And now I am glad to say that thanks to Tanlac my stomach is as good as new. No more indigestion, no more gas, no more distress. I eat whatever I please and never feel a bit of trouble. "Tanlac, the famous reconstructive tonic, is now being introduced here at Gorgas Drug Store, where the Tanlac man is meeting the people and explaining the merits of this master medicine.—Adv.

Black Squegee Tread Red Side Walls "Talking about Non-Skid Tires" It seems to me that some tire manufacturers just cut out the raised tread pattern on their tires with a jig-saw at random; while others figure out the tread formation as common sense directs. The Diamond "Squegee Tread" is surely a "reason why" tread. Look at the cross bars. When the weight of the car rests on them, they just naturally get a TOE HOLD on the pavement and stop forward slide. Then look at the longitudinal bars. They are continually in contact with the pavement and not only stop side skid ALL THE TIME but roll along as smoothly as a plain tread tire. So if you want a real non-skid tire, we'll sell you a Diamond at its "Fair-List" Price. Myer's Accessory House Cameron and Mulberry Streets Harrisburg, Pennsylvania
