OLDER MEN TO GET COMMISSIONS

Full Plan For Training Army Officers Outlined by War Department

Washington, May 4.—A full outline of plans for training the first ten thousand officers for the first 500,000 troops raised by selective conscription was made public today by the War Department.

After three months' instruction at the training camps the ten thousand officers for sixteen infantry and two cavalry divisions will be selected on merit from the total of forty thousand and assigned to regiments which will be called to the colors a month or two later.

Sites for the mobilization camps have not been announced but they will be in each case within the limits of the district prescribed for the officers' training camps.

For the first of their training the officer candidates will be organized into fourteen infantry companies and drilled as such by regular and national guard officers and such of their own number as may be qualified for command. Then they will be organized by individual fitness into nine infantry companies, three battalions of artillery and two troops of cavalry.

Those designated for coast artillery will go either to Fort Monroe, Va., or Fort Winfield Scott, California, for two months of special instruction, while those for signal corps, aviation or other special services will be assigned to special training units.

The department's statement lays great stress on the fact that mature men, schooled for responsible positions, will be sought, particularly in selecting the first ten thousand. In later training camps younger men are expected to predominate.

SCHOOL TAX RATE TO REMAIN SAME

Ten to Fifty Per Cent. Increases in Cost of All Supplies

Members of the finance committee of the City School Board recommended at the regular meeting this afternoon that the tax rate for the ensuing year be fixed at ten mills, the same as last year. Approval of the recommendation is expected. A request was made also that the officers of the board be authorized to borrow from the First National Bank \$20,000 to meet obligations during May. The first loan last year was made in March. Taxes, however, during the last year were sufficient to meet needs until the present time so that the loan this year was not necessary at that time.

Supplies All Higher Bids for supplies in all instances showed that paper, pencils, composition books and all other schoolroom necessities will cost from ten to fifty per cent. more than last year. The supplies committee made the following recommendations for contract awards: General school supplies: Roberts

and Meck, Johnston Paper Company, D. W. Cottrell and W. S. Tunis, Janitors' supplies: Henry Gilbert & Son, Witman Brothers, J. I. Holcomb Manufacturing Company, A. H. Kreidler and Brother, George W. Miller, Charles B. White and Frank N. Tempier. Printing: The Telegraph Printing Company and Aughinbaugh Press. Forge, tin, iron, copper, machine

shops and mill and wood rooms at Tech High: Henry Gilbert and son, H. A. Gable. Lumber for first-year work: United Ice and Coal Company; second year, F. H. Hantzman. Bills totaling \$2,124.78 were recommended to be paid, and the tax collector was directed to collect all real estate taxes for 1916 remaining unpaid May 31, 1917. Treasurer Harry P. Oves reported a

balance of \$14,787.34 in the treasury May 1. Total receipts last month were \$157,500.40. Sinking funds invested in city bonds and trust companies at three per cent. total \$62,740.60. The employment of not more than five supervisors to have charge of grade school pupils who do garden work and to make a survey of available lots in the city for gardening was approved by the finance committee.

ACHES AND PAINS

Don't neglect a pain anywhere, but find out what causes it and conquer the cause. A pain in the kidney region may put you on your back to-morrow. Don't blame the weather for swollen feet, it may be an advanced warning of Bright's disease. A pain in the stomach may be the first symptom of appendicitis. A break in a joint may be the forerunner of rheumatism. Chronic headaches more than likely warn you of serious stomach trouble. The best way is to keep in good condition day in and day out by regularly taking GOLD MEDAL HAARLEM OIL Capsules. Sold by reliable druggists. Money refunded if they do not help you. Beware of substitutes. The only pure imported Haarlem Oil Capsules are the GOLD MEDAL. Advertisement.

Sturdiness Repair cost record of less than 1/2 cent per mile. Ninety-nine per cent. efficient, on records of 11,000. Twenty thousand miles driven in four months on Hupmobile United America Tour by stock car with minimum of repairs. First car to encircle the globe (1910-11). Again encircled the globe (1912-1914). United America Tour 1916-1917 Sturdiness, unlike beauty, cannot be seen. Nor can it, like comfort, be felt. Moreover, it cannot be quickly experienced, as can performance. Therefore it is a quality concerning which the average buyer is most likely to take the salesman's unsupported word. But need the average buyer do this? We think not. The repair man is the Pathe of our business: He "knows all; sees all." Go to him—wherever you find him—and ask him how the Hupmobiles in his neighborhood stand up. He'll tell you that they are his poorest customers. But for gas and oil he wouldn't get a dollar a month out of any of them. The reason is plain. Only the finest materials go into the Hupmobile. Every part is not just a little, but a great deal, stronger than it is absolutely necessary for it to be. "An engine fit for a \$3,000 car," said a prominent automobile manufacturer examining our motor. "The strongest clutch on the market," said another. And then—most convincing proof of all—the United America Tour. To every capital—through every state—20,000 miles—four years' traveling for the average owner crowded into four months—all accomplished by a stock Five-Passenger Hupmobile. No other car, we verily believe, could have won through. By such means has "Sturdy Hupp" become something more than a catch phrase. Hupmobile Sales Corp. 103 Market St., Harrisburg, Pa.

One of Famous Bradbury Twins Dies Suddenly Newburyport, Mass., May 4.—Charles Edwin Bradbury, 80 years old, known throughout the State as one of the Bradbury twins, died at the home of his daughter, Mrs. George W. Walker, in Union street. The other twin, Edwin Charles Bradbury, is living. The celebration of the birthdays of the venerable pair always was an event in Newburyport. The twins were born in Harrisburg, Pa., the sons of Ebenezer Bradbury, who became State Treasurer of Pennsylvania. The family was a large one even for those days, there being three sets of twins. Charles Edwin was member of the Sesententh Massachusetts Infantry and was wounded at Red House, Va. He was discharged for disability, but when the war was over again entered the service as a member of Company I, Thirteenth Battalion, veteran reserve corps, of Lowell. In addition to his wife and daughter, Mr. Bradbury is survived by a sister. ACADEMY WILL GIVE DIPLOMAS TO MEN WHO JOIN COLORS Students of the Harrisburg Academy will be granted their diplomas without graduation if they enlist in the army or navy before the date set for the exercises. About fifteen of the students of the Academy would be subject to conscription if the bill passes that is now being considered. WOMEN'S DAY WILL BE OBSERVED BY HARRIS ZION Women's day will be observed Sunday by Harris Zion Church, in Marion street, the Rev. R. Nelson, pastor. Special services at 3 and 8 o'clock will be conducted by Miss Mattie Madden, Mrs. Mary Zigler, Mrs. Tolliver, Mrs. Temple, Mrs. Nelson, Mrs. Justin Carter and others. NOT SEEKING DONATIONS The Rev. A. J. Green, pastor of the Second Baptist Church, which was recently destroyed by fire, announced this morning that he has not authorized any one to solicit funds for a new structure. He said he heard such collections were being made by imposters. Courthouse Notes File \$10,000 Suit.—T. S. Milliken, of Penbrook, to-day brought suit against S. A. Fishburn, of that borough, for 10,000 damages, because of an accident last August, when nine-year-old William Milliken suffered a crushed leg. Fishburn's truck passing over it. The plaintiff's statement was filed with Deputy Prothonotary Elmer E. Erb by Attorney Oscar G. Wickersham. Prothonotary Henry F. Holler is in Easton visiting his son, Arthur Holler, who is a sophomore at Lafayette. Bridge Inspectors Make View.—Inspectors on the bridges near Progress, erected over the Swatara creek, were sworn in to-day by Deputy Prothonotary Elmer Hummel and will report on the view so that the contractor can be paid. Letters Granted on Estates.—Letters testamentary on the estate of Albert Schaedler, late of Steelton, were granted to Andrew Schadler, and on the estate of John Black, city, to the Union Trust Company. Register of Wills Roy C. Danner, Register of Administration on the estate of Lavina Snyder were issued to Blanche C. Simonetti.

LEMONS BRING OUT THE HIDDEN BEAUTY

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.
