#### LIFE'S LIFTING POWER

Terse Comments on the Uniform Prayer Meeting Topic of the Young cieties—Christian Endeavor, Etc.—For May 61 "Love."—I Cor. 13:1-13 People's Societies-Christian End

By WILLIAM T. ELLIS

It is a peculiar and significant that the highest friendship seldom sires and rights. xists outside of religion. "We love because He first loved us." The two foreause He first loved us." The two friends worthy to be true friends must both be taught in the school of Christ, for anything lower than His ideals makes the sublimest love impossible. And unless Christ be the common meeting ground and deeprest bond of interest, there must be irritating and destructive limitations to a friendship. To become worthy of the best friend, make yourself a friend of Jesus.

The signs of goodness are many. If a man be gracious and courteous to strangers, it shows that he is a citizen of the world, and that his heart is no island cut off from other lands, but a continent that joins them; if he be compassionate towards the afflictions of others, it shows that his heart is a noble tree that is wounded itself when it gives its balm.—Bacon.

Whoever else my munificence profit, it does me no good until it is given from a loving heart.—James Cooper.

A passion for humanity is the no-blest sentiment that can animate the human breast. To love all mankind with a high, fervent and self-sacrificing love is to show forth the spirit of Him who is the supreme Example of a world lover. Jesus was moved with compassion by the sight of multitudes, and His lament over Jerusalem is one of the tenderest passages in all language. Love of men was His underlying motive. This was the passion which brought Him to earth, and sent Him unresting through His ministry of service and sacrifice. When our hearts most yearn for the welfare of mankind, thne we most resemble the world's Saviour.

#### Frigar Freed by Jury of Homicide Charge

Philadelphia, May 4. — Nineteen minutes of deliberation sufficed the fury in the case of Ellis D. Frigar, accused of murder in the first degree in the killing of Edward Boland on the Neill drive, Fairmount Park, on the night of August 22, to free the prisoner in the Court of Oyer and Terminer last night. The verdict of acquittal established a record for speed in capital cases for recent years in this county, and the oldest court attache could not remember when an issue was determined in a shorter period.

Hardly had the words "Not Gulity" fell from the lipsof Foreman Frank Lenoir before a demonstration of approval as odd as it was remarkable was repressed by the court officials. There was an instant's pause as the words that freed Frigar were spoken. Then the silence was broken by a distinct patter of hands that seemed to come from a little knot of spectators, of whom the central figures were Mrs. Wessel and Miss Dorothy Wessel, the wife and daughter of the judge before whom the trial was conducted.

"A message received from Berlin says the Chilean Minister to Germany has demanded his passports and announced a rupture of relations between Chile and Germany. The news caused the greatest annoyance in political circles, where efforts were being made to avoid a break with both Chile and Argentina, in order to preserve some friendships in South America.

"Instructions have been given for Chilean citizens to be treated as en emy citizens. The dispatch adds that it is feared that it will be impossible in the present circumstances for the Chilean legation to leave Germany."
