

NEWS OF THE LEGISLATURE

DEFENSE BILLS AT THE FRONT

Important Measures in Both Branches Will Be Given Attention Promptly

State defense measures will be very much to the front in the legislature this week and there are reports to-day that the House may be asked to make a special order for the Buckman Senate bill to create the State Defense Commission with a \$2,000,000 appropriation in the event that the federal government calls for any assistance from the committee. The bill is on third reading in the House with over ninety bills ahead of it.

TEACHERS BILL WILL GO BACK

Has to Be Considered by the Appropriations Committee of the House

The Senate teachers' pension bill, which is up to third reading in the House, is to be sent back to committee to-night because the measure has never been in the appropriations committee for study as to the amount of money it will require. It is estimated it will take \$800,000 to launch the system and there are some differences among legislators as to how the burden should be shared. The bill as it stands has the State to pay all administrative expenses and the superintendent of the Commonwealth and the teachers. One of the plans is to apportion the cost between the State, school district and teacher.

SENATE FACES BIG CALENDAR

Many Important Measures Are Listed For Action by the Upper Branch

When the Senate meets this evening at 9 o'clock several important bills will be considered on third reading. The McKee bill, providing for the organization and maintenance of an additional armed land force to be at the call of the State in case the National Guard engages in the service of the United States is to come up for final passage. The Campbell drug bill, a measure, also is booked for final passage providing it is deemed advisable to give the measure precedence over other bills of similar import.

NEW AUTO BILL FROM BUCKMAN

Measure Is Designed to Increase Revenue and Change Regulations

An entirely new measure containing sweeping provisions for the regulation of auto-vehicles in Pennsylvania will be introduced in the Senate to-morrow by Senator Buckman, of Bucks, chairman of the Senate Appropriations Committee. The bills will take place of similar ones previously sponsored by Senator Buckman and Representative Meakle, of Allegheny, the withdrawal of both of which was agreed to by representatives of the State Motor Federation and of other automobile interests at a conference held in Senator Buckman's office in Philadelphia on Saturday.

DAUPHIN WILL GET BIG SHARE

Under New Coal Tax Law This County Would Be Given Thousands of Dollars

Dauphin county would get thousands of dollars for relief of conditions caused by mining or for general purposes if there were no troublesome situation under the terms of the coal tax bill which is pending in the House and which it is intended to try to push through, together with the direct inheritance tax bill as revenue raisers. Under the terms of the bill two per cent. on the value at the mine would be paid. Half of this would go to roads and the other half to the counties where coal is mined.

BORO MANAGER BILL IN HOUSE

Will Probably Be Advanced to Third Reading by the End of This Week

The McVicar bill, providing for a borough manager to have charge of the affairs of any of the 925 boroughs of the state which might desire that form of executive administration, will be on second reading in the House to-night, but is likely to be held back until Wednesday. The office is to be created by borough councils, if they desire, and the council will elect the manager, having the power to remove him as well by majority vote. The election would be for terms beginning the first Monday of January in even numbered years. The burgess and councilmen man delegate certain powers to the manager who may also hold the jobs of street commissioner, chief of police or borough secretary. Burgesses and councilmen are not to be eligible to be managers.

When You Eat Bread you are entitled to everything in the whole wheat grain.

Dr. Wiley says: "Wheat is a complete food containing all the elements necessary for human nutrition." But be sure you get the whole wheat in a digestible form. Shredded Wheat Biscuit is whole wheat made digestible by steam-cooking, shredding and baking—the best process ever devised for preparing the whole wheat grain for the human stomach. Two or three of these crisp little loaves of baked whole wheat with milk and berries, make a delicious, nourishing meal. Made at Niagara Falls, N. Y.

ENGINE FIRES BARN

Marietta, Pa., May 7. — A large barn on the farm of Lewis Jackson, near Nine Points, was totally destroyed by fire by the spark from a traction engine, while the owner was threshing. All the crops were destroyed, but luckily the cows and horses were in the field. Adjacent buildings were saved by hard work. The loss is partially covered by insurance.

That skin trouble may become serious

Resinol

heals sick skins quickly

Don't wait for time to heal that eruption. "Oh, it will get well anyhow!" you say? Perhaps it will, and perhaps it won't. Maybe it will get worse instead. And think of the discomfort and embarrassment it causes you even now. Isn't it better to get rid of the trouble by using Resinol Ointment and Resinol Soap? Doctors prescribe the Resinol treatment constantly, so you need not hesitate to use it. Resinol usually stops itching instantly.

All-Directions Resinol Ointment and Resinol Soap. For a free sample of each, write to Dept. 10-N, Resinol, Baltimore, Md. You'd better try them!

Are You Patriotic?
