

STOCKS GAIN AFTER A CAUTIOUS OPENING

Market Gains Momentum Under Lead of U. S. Steel and Active Equipments and Rails; Bethlehem Makes Overnight Jump

NEW YORK, May 8. (Wall Street)—Opening cautiously but mainly at high levels, to-day's market soon gathered momentum under lead of United States Steel and active equipments and rails. Steel was again freely taken in large individual lots up to 11 1/2%, an over-night gain of a point with almost two points for Bethlehem Steel new stock. Canadian Pacific was the outstanding feature of the railway section, gaining two points, Delaware and Hudson sharing to the same extent. Ship-pings, motors and a few other prominent specialties averaged one point advance and Texas Company rose more than three points.

The bullish outburst of the first half hour was speedily dissipated, operations falling away to exceedingly slender proportions for the balance of the forenoon. With the exception of United States Steel which surrendered about half the gain re-ceived yesterday, the market re-acted in this group, industrials and specialties offering more resistance. Bond dealings were restricted, reflecting the further indifference of investors.
