VETERAN DIES IN THIS CITY

Charles R. Gilmer, Retired Baggage-master of Reading System, Has Good Record

CHARLES R. GILMER
Charles R. Gilmer, aged 80 years, a retired baggage-master for the Philadelphia and Reading Railroad, died last evening at 6 o'clock at his residence, 1009 North Second street after a lingering illness. He is survived by a sister, Miss Sara Gilmer, of this city, a brother, Robert B., of Reading, and the following children: Charles, George, Frank and Anna F. Gilmer, all of this city, and a stepson, A. Harry Boyer, of Reading. Funeral services will be held Friday morning at 10 o'clock in St. Patrick's Cathedral.

Well-Known Railroad
Mr. Gilmer, who was well-known throughout the State, was born near Elverson, Berks county of Scotch-Irish parentage. His father was George Gilmer, a thrifty farmer of that place.
During the Civil War Mr. Gilmer came to Harrisburg, where he has resided ever since. Starting work here with the Reading Railroad Company he remained with that corporation for 42 years and was considered most efficient, refusing promotion after he became baggage-master because of personal timidity in taking higher positions. Since his retirement he has had a quiet life interested in his home and family. Mr. Gilmer was twice married, first to Miss Sarah Bugles, of Lancaster and after her death to Mrs. Anna Greenwalt Boyer, of Lebanon, who died over twenty years ago.

H. C. Klinger Working to Increase Honey Crop

H. C. Klinger, secretary of the State Beekeepers' Association, is working with the Bureau of Zoology of the Department of Agriculture in efforts to bring about a large increase in the production of honey in this State this year. Mr. Klinger is a school teacher, but he has been giving his Saturdays to apian inspection work and after the school term will aid the Department of Agriculture with the apian work.

Boosting Harrisburg For Knights of Malta Meeting

WITH A COL CUT OF HARRY M. ASKIN
A feature of the twenty-fifth anniversary of the Knights of Malta of Pennsylvania, being held in Pittsburgh, this week, will be the installation of Harry M. Askin, of Nazareth Commandery, No. 125, this city, as grand commander of the state.
Harrisburg is favored for the 1915 session as a result of Mr. Askin's having been named for the high office in the state. Anniversary sessions will close on Friday.

Kidneys Cause Hysteria

Some folks overwork; some overeat; some over drink, and many do all these things and neglect the excretory organs. Nervousness ensues. Constipation sometimes, but most often the delicate function of the kidneys becomes disordered, followed soon by congestion. Then headache, neuralgia, rheumatic pain, backache, and lumbago set in. Frequent urination sometimes beyond control. The voided liquid being dark of foetid odor, and its passage followed by burning, smarting spasms of pain, even hysteria being often the result unless

Chinese Premier Urges Parliament to Declare War Against Germany

By Associated Press
Peking, May 9.—Premier Tuan Chijui and the entire cabinet addressed a secret session of the Parliament to-day and urged the adoption of a resolution declaring war against Germany. The resolution was referred to the standing committee for consideration on Thursday.
Much opposition to the resolution developed and there was a lengthy debate. In the Senate the resolution came up informally and caused a stormy session. The opposition takes the ground that it does not want war until the cabinet is reorganized and strengthened.

UNITED CIGAR STORES AIDING SAVING DAYLIGHT CAMPAIGN

The United Cigar Stores Company is aiding the "saving daylight" campaign throughout the entire country, with large posters more than four feet wide. They carry the caption in black letters, "Saving Daylight," and have been distributed to all stores controlled by the company, including those in Harrisburg. Below this is the slogan "A longer day of daylight for the man with the gun and the man with the hoe." This is illustrated by line drawings of a soldier and a farmer.
Nahor Staples and Hershey Mowrey, members of the Patriot reporter staff have made application to enlist in the army. The former will go in the newly organized engineers corps and the latter will go in the quartermaster's corps.
Samuel W. Fleauns, who has received a commission as lieutenant in the Officers' Reserve Corps Engineers, left this afternoon for the Fort Niagara training camp.

Applicants Expect Summons

Applicants for permission to attend the Fort Niagara Reserve Officers' Camp will be notified late today or to-morrow. A telegram received this morning from Colonel S. W. Miller, the commander in charge states that the applicants who have been accepted will be called to the camp in three increments as follows: First increment to report on May 11, notification having been mailed yesterday; second increment to report May 12, notification to be mailed to-day or to-morrow. None of the local men have received notification to report at the camp so far as is known.
It was announced at the army recruiting office this morning that no men will be enlisted here for the special engineers corps. One hundred and seven men were enlisted in the Harrisburg district yesterday and two of these, Earl T. Kimmel, Altoona, and William M. Ptinger, of Harrisburg were retained on the recruiting party here.

Engineers Society Aiding

The Engineers Society of Pennsylvania has appointed a National Defense Committee to mobilize its members. The committee will carefully tabulate the experience of all its members and submit its report to the War Department and the State Defense Committee. The committee will be headed by Willis White, bridge engineer of the State Highway Department and will include George R. Brown, division engineer of the Pennsylvania Railroad; John Price Jackson, Commissioner of Labor and Industry; Paul E. Cuenot, mechanical engineer of the Bethlehem Steel Company, Steelton; and Frank M. Masters, inspecting en-

Demonstration Sale of Aladdin Aluminum Ware in the Basement

Aladdin Aluminum Ware is built for work. Each piece is made of the hardest, finest aluminum. Hard knocks and hot fires do not make the least impression on an Aladdin utensil. Best of all this ware shows many improvements of advantage to the cook.
Capacities are actually government tested—covers fit tight—handles fit the hand—rivets are sunk where they cannot catch dirt or tear dish clothes—pails have the notched ear that keeps them away from the hot metal—lips really pour because they are shaped right—handles are made to stand upright if so desired.
All these features mean that Aladdin pieces are handy cooking utensils.
