Wharton School Students Hope Appropriation For ExtensionWill Go Through

Wharton School students are very much interested in House Bill No. 809 which provides for an appropriation for extension schools. Unless the bill goes through it will mean the local branch of the Wharton Extension will be dropped. Many of the students attended the session of the House yesterday afternoon.

Scranton, Reading and Wilkes-Barre were represented yesterday by a committee of citizens sent here in interest of the bill. Reading and Scranton were represented by the secretaries of the Chamber of Commerce, while the Council of Wilkes-Barre sent a special delegation. The University of Pennsylvania was represented by Dr. Theodore Grayson, Dr. James Young and Dr. Conway. Dr. Thomas Lynch Montgomery and J. W. Kline represented the local branch and made speeches outlining the work that had been accomplished in this city by the WAEXICO FRIENDLIER

MARKET RECOVERS FROM TAX SHOCK

No Trace of Liquidations Which Yesterday Unsettled Trading; Scarcely an Exception to Upward Climb of Leading Issues

By Associated Press

New York, May 10.— (Wall Street)—
There was no trace at the opening of to-day's market of the liquidation which caused such unsettlement during yesterday's operations. With scarcely an exception, initial prices were higher, pronounced strength being shown by the war group, shippings, oils and motors at gains of 1 to 2½ points. U. S. Steel rose half a point to 115, and metals were fractionally higher. Rails were featured by a gain of 1½ for Delawre and Hudson and a point each for St. Paul and Chicago and Northwestern, Dealings were moderate but inclined to broaden with the progress of the session.

Selling of rails was resumed at the higher levels, foremost issues of that section recording average recessions of a point. Among the inactive shares Pullman fell 5½ points, Laclede Gas of St. Louis 7, and Drigss-Seabury.

Among the inactive shares of a point. Among the inactive shares of St. Louis 7, and Driggs-Seabury 3½. A decision of the Interstate Commerce Commission against the proposed increase of rail and lake rates to southern territory and more acute weakness in Russian exchange encouraged the sport interest. U. S. Steel fell a point under its best, but was among the first of the leaders to respond to the raily of the second hour. Bonds were irregular.
