

### TWO MILLIONS MORE PROVIDED

#### Schools Will Get \$18,000,000 as Asked by State Educators Here Last December

An \$18,000,000 appropriation for schools is assured. This is an increase of \$2,000,000, most of which will be spent in improving the educational facilities in the rural districts, according to legislative leaders. Not only will the general school appropriation, which was \$16,000,000 for the last two years, be lifted to the \$18,000,000 mark, but liberal additions to the appropriations for higher education are contemplated, according to authoritative information.

The University of Pennsylvania and Temple University in Philadelphia are to share in this increase, along with State College, the University of Pittsburgh.

These additional appropriations are based upon the passage of the several revenue raising bills which are now before the General Assembly and most of which are sponsored by James P. Woodward, of McKeesport, who is chairman of the House committee on appropriations. Mr. Woodward and Senator Buckman, of Bucks, who heads the Senate committee on appropriations, have prepared a tentative list of proposed increases in the allotment of state money for educational purposes, framed upon anticipated revenue from the suggested new plans for taxation.

The direct inheritance tax, the tax on coal, petroleum and natural gas, the tax upon laundry establishments which are now in the exempted class and the Woodward bill placing a one-

mill tax on the capital stock of all manufacturing corporations are all embraced in the schedule under which the additional revenue is to be collected. The Miller bill fixing a two-mill tax on the capital stock of manufacturing corporations, it is conceded, is looked for defeat, but Mr. Woodward insists that there will be enough votes to pass the one-mill tax in both houses.

### Dr. C. B. Loomis, Retired Minister, Dies at Carlisle

Carlisle, Pa., May 11. — The Rev. Dr. C. B. Loomis, a retired minister of the Methodist Episcopal Church, died at the home of his son-in-law, Dr. W. A. Hutchison, of Conway Hall, this morning. Dr. Loomis was 80 years old, and there are no close relatives surviving, his wife having died several years ago. He was a member of the Troy Methodist Episcopal conference, graduating from Union College, Schenectady, N. Y., in 1872. He received several degrees from Syracuse University. He was active in the ministry at Troy and Albany. For more than twenty years he had charge of the Chautauque and Sunday School Assembly at Ocean Grove, N. J., and also conducted a summer assembly at Round Lake, N. Y. He was prominent in the organization of the Christian Endeavor movement and traveled extensively throughout Pennsylvania and New York, speaking in favor of the project. Funeral services will be held on Sunday afternoon. Burial will be made at Ocean Grove, N. J.

### SAY SCHOOLBOY LABOR IS BEST FOR HARVESTING

#### State College Authorities Urge Postponing Opening of Schools

State College, May 11. — Schoolboy labor for farm work in this State can be used more profitably for cultivating and harvesting crops than in planting them, according to the authorities of the Pennsylvania State College. July to October is the time the inexperienced labor is needed, they said. They further advised postponing the opening of public schools until October rather than to close them in May.

The faculty council of administration, saying it was actuated by regard for the best interests of the future as well as the present, to-day offered the following statement:

The Pennsylvania State College suggests a careful study of country conditions before pupils are urged to leave school en masse and thereby impair even more seriously our educational work. Preparation of land for spring planting is now well advanced and is favored by the present cool weather. Only two days of April were unfavorable for farm work.

Inexperienced labor can be used more advantageously from July to October in cultivating and harvesting than during the planting season. It would seem wiser to postpone the opening of schools until October than to close them in May. In any event, representatives should be sent to the country to ascertain what farmers need boys and will take them.

Boys should then be excused from schools and placed in definite work according to their special qualifications, if any. There ought to be an organized effort and demand must come from the farmer. If school boys are released wholesale without having definite positions, idleness and unfortunate results will be likely to follow.

### Sweden to Abolish All Private Trade in Liquor

Stockholm, May 11, via London.—Sweden has taken a further step in the restriction of the sale of alcoholic beverages. Under a law adopted by the Riksdag, effective January 1,

1919, the present system of selling distilled liquors is extended to cover wine and beer. This means that every consumer will have to be equipped with a pass book in which his purchases will be entered. Private saloons will also be abolished and all private trade in beer and wine and the importation of wine by individuals are forbidden.

### J. Van Bowman, President of Newville Council, Dies

Newville, Pa., May 11.—J. Van Bowman, a Civil war veteran and county commissioner, died at his home in Big Springs avenue yesterday afternoon after a week's illness; aged about 69 years. Mr. Bowman was a member of the United Presby-

terian church, a member of the G. A. R. and at the time of his death was president of the Newville borough council. He is survived by his wife and these children: Mrs. J. V. Douglass, John and Ralph Bowman, of Harrisburg, William, of upper Mifflin township, Mrs. Marvin Peffer and Mrs. Clara Reeder, of near Carlisle, Bruce, of Frankford township, Mary, Harry and Edward, at home.

# Senreco

REF. U.S. PAT. OFF.

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

### SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 4 ounce tube.
