CIVILIAN CLOTHES BARRED

London, May 11.—Canadian and other overseas staff officers who have not the facilities of a home and friends such as the British officers possess are irritated over a new order forbidding them to wear civilian clothes, except for golf or other sports, for which they have no time. The order says "no mufft except in private houses," which means, as a rule for dominions officers, no mufft at all. The officers feel that, after two years in uniform, they ought to be allowed to wear civilian dress when dining in a public place or going to a theater.

Wonderful Skin and Wrinkle Removers

The method of removing bad complexions by absorption seems to have come into general use in this country. Prof. Ziegler, who has applied nightly like cold cream and erased mornings with warm water, gradually absorbed the coarse, faded or discolored outer film skin in almost invisible particles. Soon there's a brand new complexion, formed by the younger, healthier under-skin. No cosmetic or artificial treatment can possibly produce a complexion of such radiant, youthful loveliness. Druggists all have mercurized wax; it is seldom that more than one ounce is necessary.

Therapists have also reported great success with the famous salolite wrinkle-removing formula. One ounce of salolite dissolved in a half pint witch hazel and the solution used as a face wash. The effect is almost magical. The deepest wrinkles and crow's feet, as well as the finest lines, whether due to age, illness, weather or worry—are immediately affected. No one need hesitate to try this simple lotion, as it won't harm any skin.
