KAISER TOLD HIS THRONE TOTTERS IN THE BALANCE

Press Bitter Against Chancellor Who Postpones Offer of Peace Terms

Copenhagen, via London, May 12.—The Germania, organ of the clerical party, indicates that Chancellor Von Bethmann-Hollweg does not intend to make a statement with regard to peace terms before the Reichstag. The chancellor has evidently won over the Centerists and part of the national Liberal delegation to his view that a discussion of peace terms at the present time is inadvisable.

The Conservatives are daily growing more desperate as the work of the constitutional revision committee proceeds without any intervention from the government to dam the wave of reform. "Where is Hindenburg to raise the fallen Kaiser's banner again and defend the rights of the throne?" cries Prince Zu Salm Horstmar in the Prussian House of Lords.

The South German Gazette, the organ of the South German Conservatives, suggests that the Emperor be warned that his throne is in danger unless he dismisses Von Bethmann-Hollweg. Other conservative papers echo the cry that the Hohenzollern throne is tottering unless a new chancellor comes to suppress the reform movement. In spite of all, Dr. Von Bethmann still seems very strong and there is no indication that the Emperor's confidence in him is seriously shaken.

GOV. OF FINLAND URGES DUMA TO CONTINUE WAR

Radicals Refuse to Take Part in Forming New Provisional Ministry

Petrograd, May 12, via London.—The executive committee of the Council of Workmen and Soldiers' delegates have decided by a vote of 23 to 22 not to participate in the formation of a coalition government. The question will be referred to a plenary meeting of the council.

An earnest plea for the continuation of the war until German militarism is overthrown was made by Feodor I. Roditcheff, governor general of Finland, at an extraordinary session of the Duma. M. Roditcheff said: "The alliance of free peoples is directed against the oppressor of militarism and imperialism. We must, therefore, be stoically faithful to it. We have been told that peace would come from democracy, and no one has a greater desire for peace than myself, but when the enemy tramples our country under foot the duty of democracy and of every one who desires peace is to struggle against the enemy and drive him from our territory."

PRICE FOR MAY WHEAT FIXED TO PREVENT PANIC

Speculators Had "Bought" Hundred Times More Grain Than Nation Has

Chicago, May 12.—The settlement price for May wheat wiped from the Board of Trade yesterday as a speculative option, was fixed at \$3.18 a bushel to-day. The price committee of which James A. Patten was chairman, met an hour before the opening of the board and fixed upon \$3.18 as the proper price for the reason that this was the figure established by competitive bidding at the close yesterday.

There are in Chicago public elevators 219,000 bushels of wheat of the grade required for delivery on contracts. A rough estimate places the amount contracted for at perhaps a hundred times that quantity. Had not the board intervened, it is said, probably 80 per cent. of the contracts would have had to be settled at any price, even \$10 a bushel, demanded by the holders of the contracts, in trade parlance known as "longs," who held the sellers or "shorts" absolutely at their mercy.
