

## U. B. CHURCH AGAINST LIQUOR

Attitude of Conference Is  
Strongly Set Forth at  
Wichita, Kas.

Wichita, Kan., May 14. — The attitude of the church towards the war and the liquor traffic was strongly set forth in the opening of the twenty-seventh quadrennial session of the General Conference of the United Brethren Church by the bishops participating. Bishop G. M. Matthews, in calling the meeting to order, spoke of the sweeping tide of nation-wide prohibition as the result of the Kansas sentiment, and expressed the desire that the day would hasten when wrongs would be righted without war, Bishop W. M. Weekley uttering the same sentiment of the desire for peace in his opening prayer.

The address of the Board of Bishops was presented by Bishop W. M. Bell, who called war the high festival of hell, but pledged the loyalty of the denomination to the national government in her duty to stand by the cause of freedom as expressed in the newly-billed resolution of the President Wilson as the highest type of Christian leadership. He reviewed the work of the denomination in all of the departments of work during the four years, showing progress with an inspiring outlook for the future.

The Eastern District was successful in electing two members as secretaries, the Rev. Dr. J. A. Lyter, of Harrisburg, and the Rev. Dr. A. S. Hammack, of Harrisburg, Va. A. Kreider, of Annapolis, Pa., was one of the speakers at the evening meeting at which, also Bishops W. M. Weekley and C. J. Kephart, formerly of Pennsylvania, spoke.

## MEMORIAL DAY PLANS

New Cumberland, Pa., May 14. — John W. Geary Camp, Sons of Veterans has arranged to participate in the Memorial Day exercises and has appointed a committee to prepare a program for a patriotic entertainment to be held in the evening of May 30 in St. Paul's Lutheran Church.

## STOP HEADACHES BEFOREHAND

You never had a headache when you were well.

To keep well is to keep clean, inside.

To relieve headache, and to prevent it, keep the liver active and industrious and the bowels as regular as a clock.

Two generations of healthy, vigorous people have done this by taking one pill at bedtime, regularly—a larger dose when nature gives the warning.

## WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities in the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the system, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, salivary complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

## WARNING GIVEN ABOUT DISEASES

Dr. Dixon Requests That All  
People Co-operate With the  
Health Authorities

Dr. Samuel G. Dixon, State Commissioner of Health, to-day issued a statement calling attention to the fact that people must now take precautions against outbreaks of infantile paralysis and plan to co-operate with and assist the health authorities to prevent a repetition of last summer's outbreak of the disease. Dr. Dixon says that the season of the year is at hand when the temperature favors the disease.

"The public has its nerve last year," says the commissioner. "This season it is to be hoped that the epidemic will not repeat itself." Dr. Dixon says that health authorities are on the alert and that every person should assist in the preventive work.

On account of a want of exact knowledge as to the origin of the disease and the method in which nature transmits it from one person to another, we must try and avoid any environment in which the disease shows itself or those persons or material that have been in infected places.

"It may require direct contact with one suffering with the disease to produce it in another. This, however, is not positively settled as yet. Then, there may possibly be a carrier, it has been suggested that a stable fly can carry that which produces the disease, but neither has this been proved."

"The State Department of Health has placed sick monkeys with well ones without the latter ever contracting the disease as far as we could determine. It is, however, claimed by some of our best investigators that the disease is transmitted by means of insects. Another possible explanation would lie in the claim by some clever medical men that there are many children who have the disease so lightly that it is never discovered."

"The well must be kept from the sick, however, in human life. While the disease is lurking about, no well child should be exposed to one showing the least illness."

"The health authorities are not contemplating any general quarantine. It is too soon to decide about it yet."

"The sick should be quarantined. The State Health Department has always held for two weeks."

"The discharges from the bowels, throat or nose should be disinfected. The nurse or the one in care of the sick should wear a gown and the face and hands should be washed or disinfected before mingling with those outside the sick room."

"If the conditions of a home are bad and the child cannot be isolated or kept alone, the hospital is the best place for it. This should be done very early in the sickness as quiet and rest are essential to recovery. A doctor experienced in treating the disease and a nurse with like experience add much to the chances of recovery."

"Traveling with children and congregating them in groups should be discouraged. In fact, in an epidemic it should be forbidden under the police regulations. Cleanliness of the home and person are essential. All animal and insect life should be kept out of the same. Screening of all windows and doorways is essential. Food should not be eaten raw, with possibly the exception of milk known to be clean."

## Great Patriotic Parade Held at Hummelstown

Hummelstown, May 14.—Saturday afternoon's patriotic demonstration was a great success. The town was crowded with visitors from the surrounding country and nearby towns. The parade started promptly at 10 o'clock and marched over the prescribed route, which covered almost all the entire town. Lieutenant Edgar C. Hummel, who was chief marshal and his aids were: Richard B. Ernest, Dr. M. L. Nissley, Professor W. A. Geesey, William F. Shoemaker, H. M. Hertz, Charles C. Strickler, T. O. Witman, S. C. Stecher, W. L. Pike and William H. Earnest. Five bands from Palmyra, Campbelltown, Hershey, Chamber Hill and Hummelstown took part, as did Earnest's Drum Corps. The Red Cross Auxiliary was well represented by marchers on foot and by a float. Between four and five hundred school children marched, each grade differently decorated or representing some line of preparation. The stonecutters' union, gardeners, ministers and all the orders of town were well represented. It was one of the best demonstrations the town has ever had. Automobiles carried all the Civil War veterans. The entire parade was profusely decorated for the occasion and presented an inspiring sight. The various bands gave concerts following the parade.

**SCHOOL ENTERTAINMENT**  
Dauphin, Pa., May 14. — The entertainment given on Friday and Saturday evenings in the gym room of the borough school building, by the schoolchildren under the direction of Miss Anna Houck, was a great success. Two splendid drills, "Dumplings and Luby-Lou," were done by the girls, and an amusing play, "Whiskers," was given. All most thirty dollars was cleared, which will go toward the benefit of the school.

## School Notes

The Technical High school Mandolin and Guitar Club has the stage set for its first annual concert in the school auditorium next Thursday. President Norman Todd has announced the program that will include vocal solos, renditions by the club, mandolin solos and impersonations. The entire club will play these selections: "Brooklyn Bells," "Brockmeyer," "Alohae-Anon," "Day of the Dragon," "South and Zulu," "Sweet Melody," "Stahl," "Sobre las O las," "Serey and Tocoben," "Surprise Party," Norwood.

President W. W. Moyer, director of the club will play one of his own compositions as a mandolin solo, entitled, "Spanish Serenade." He will also render "Old Black Joe" as a mandolin solo. Lloyd Cole, of the junior class, and William Maurer will sing several duets during the evening. C. E. Kirk will give several impersonations. Many tickets have already been sold and a list of patronesses is being prepared for the event. The officers, all of whom play mandolins are: President, Norman Todd; vice-president, Sidney Kay; secretary, Robert Fager; treasurer, Lester Zimmerman. Other mandolin players are: Victor Snyder, Lloyd Reeves, John Keller, Musser Miller, Albert Hoffman, Fred Essig, Gustave Erdman, Harold Cassel, Raymond Baxter, Wilbur Nisley, William Gardner, Lloyd Cole, Henry Young, John Connor, Guitars, George Riccardi, Kenneth Hoffman and Harry Nell. Banjos, Ernest Bachman and Charles Johnson.

## FREE EGGS ARE MUCH IN DEMAND

Committeemen Named For  
Each County to Stimulate  
Poultry Raising Work

County chairmen to handle the free distribution of eggs, one of the moves inaugurated by the State Department of Agriculture and the State Poultry Association to increase the output of poultry for food in Pennsylvania are being named by State and association officials. The association offered to give away 5,000 eggs and requested that as far as possible they be given to people not raising chickens so that they could become interested.

Hundreds of requests have been made for the "settings" and F. W. Delancey, of York, who took charge of the distribution, has turned over the investigation of each request to county chairmen.

## Young Man Suspected of Killing Police Chief Released

Lykens, Pa., May 14. — On Friday afternoon, Constable David Shaffer, of Wilkes-Barre, arrested a young man, who gave his name as E. W. Scott, but who answered the description of Frank Clark, of Pittston, who is charged with the murder of Chief of Police Swartz, of Lehigh, in the early part of last week. The young man's shirt was badly torn and there was a large blood stain on the front of it. He was captured in Shaffer's woods, east of town. The young man was detained in the Lykens lockup until Saturday evening, when Constable Jenkins, of Lehigh, came here to identify him, but said he was not the Frank Clark for whom a reward of \$700 was offered.

Constable Shaffer is still of the opinion that the young man is guilty of some crime, but as there was no charge against him, he was released yesterday morning.

## Kolehmainen Shows His Heels in Marathon Race

New York, May 14.—Hannes Kolehmainen, the Finnish distance runner of this city, Saturday won the "Evening Mail's" seventh annual modified marathon race of 12½ miles in 1 hour 7 minutes and 11.45 seconds. President Wilson started the men by pressing an electric signal button in Washington. There were 1500 competitors.

This was Kolehmainen's fourth victory in these events. He ran unattached to-day. Last year he finished second, beaten by inches by William Kryonen, another Finlander, who, wearing the colors of the Milwaukee A. A., Saturday finished second. Charles Pores, of the same club, was third, with James Hennigan, Dorchester A. A., Boston, fourth.

These four men were prominent all through the race, which began at the Bronx Concourse and ended at the City Hall.
