# GOVERNOR VISITS U. B. CONFERENCE

**Kansas Executive Warmly Welcomes Delegates at Great Gathering**

Wichita, Kans., May 21.—The United Brethren General Conference was favored with a visit and speech from Governor Arthur Capper, of Kansas, who welcomed the members of the general conference to the great state of Kansas, whose greatest blessing as a Christian commonwealth, the governor declared, was the righteous statesmanship which gave the state the constitutional amendment prohibiting the sale and manufacture of liquor, as the result of which there are to-day sixty-eight empty jails; fifty-two unoccupied almshouses; twenty-seven counties without a criminal prosecution for one year, and one-half million girls and boys who have never seen a saloon. Kansas has passed a bone-dry law by a practically unanimous Legislature, and under that law the police business of Kansas City was reduced fifty per cent. in thirty days. His address was happily received by the members of the conference.

Judge Brewer, of Toledo, Illinois, a member of the conference, and Dr. J. C. Lucas, chancellor of Kansas City University, operated jointly by the Methodist Protestant and United Brethren Churches, addressed the conference.

Dr. Lyman E. Davis, president of the Methodist Protestant Church, brought greetings from that denomination to the general conference of the United Brethren Church, and discussed the Church Union question which has been pending between the two denominations for a number of years. A resolution was introduced looking to the continuation of further negotiations on the proposition, the Church Union Commission recommended in their report that a popular vote be taken as soon as convenient.

Dr. J. S. Kendall and Dr. J. E. Shannon addressed the conference on Sunday evening. Dr. Kendall, of Baldwin, of Chicago, Illinois, is superintendent of the International Sunday School Association.

Colonel Robert Cowden, for many years general Sunday school secretary, presided at the special Sunday school session, and was elected as president Sunday school secretary emeritus. Dr. Cowden is also national president of the Gideons, the work of which organization in circulating Bibles and winning men to the Christian faith has been national in scope introduced by Bishop Weesley.

Dr. S. C. Enck, of Philadelphia, gave an address on home mission enterprises in the cities. Dr. Enck was called from the conference to his home on account of the death of his father, in Lancaster county, Pa.

Dr. C. W. Browneaker was elected general Sunday school secretary. Dr. S. S. Hough, general foreign missionary secretary, and Dr. P. M. Camp, successor to Dr. Whittier, who retired from the office at the opening of the conference. Other general officers elected were: Dr. W. O. Pries, editor Sunday school Literature; Dr. J. W. Owen, associate editor Religious Telescope, and A. C. Siddal, Church Extension secretary.

**Suburban Notes**

**DAUPHIN**  
Mothers' Day was observed in the Methodist Episcopal Church yesterday morning. Mrs. William Shaffer sang a solo, "Can a Boy Forget His Mother's Prayer?" and Miss Margaret Anderson sang "Tell Mother I'll Be There." The Rev. H. W. Zweig, the pastor, preached an interesting sermon on the subject "A Mother's Love."

**Freckles and Blisters Are Easily Peeled Off**  
If you are bothered with any cutaneous blemish, it's a poor plan to use paint, powder or anything else to cover it up. Too often this only aggravates the defect. Besides, it's much easier to remove the disfigurement with ordinary mercurized wax. Applied nightly, the wax will gradually remove freckles, pimples, moth patches, liver spots, sallowness, red blotches or any surface eruption. The affected cuticle is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for one ounce of mercurized wax and use this like you use cold cream. Remove in morning with soap and water. Many who have tried this simple, harmless treatment report astonishing results. It removes what wrinkles or furrows, a wash lotion made by dissolving an ounce of powdered saxonite in a half pint of witch hazel, will prove wonderfully effective. There is nothing better for drawing in a baggy skin and improving the facial contour. It acts instantly and will not irritate even the most sensitive skin.—Adv.

# THOUSAND FIRE RECORDS MADE

**State Forestry Authorities Say That Area Burned Over Is Not Very Great**

A rough summary of the forest fire situation in Pennsylvania, issued to-day by the Pennsylvania Department of Forestry, states "About 1,000 fires occurred before May 1, over 750 reports and bills having been received to that date." His evidence that the number of fires will exceed last year's, but the area burned over to date is much smaller. The 750 fires reported averaged only eighty-six acres each, as compared with an average acreage per fire of 154 in 1916, and 306 in 1915. About 375 of 350 fires were extinguished before they covered ten acres.

"The past week has been the worst fire week this year, and doubtless Hudson manding these several criminal prosecutions for one year, and one-half million girls and boys who have never seen a saloon. Kansas has passed a bone-dry law by a practically unanimous Legislature, and under that law the police business of Kansas City was reduced fifty per cent. in thirty days. His address was happily received by the members of the conference.

**MRS. MICHAEL MILLER BURIED**

**KILLED BY KICK FROM HORSE**  
Lewistown, Pa., May 21.—Miles Whelan, a farmer living in Wilkes township, Juniata county, was killed by being kicked in the abdomen by a horse. Medical aid was summoned but he had received internal injuries and died a few hours later. He was aged 25 years and is survived by his wife and a family.

**SOLDIERS USE ARMY TRUCK TO SAW WOOD**  
Certain United States soldiers on the Mexican border found that the sawing of wood for camp use was a rather arduous task, until one of their number worked out a plan to make an army truck do most of the work, according to the Popular Mechanics Magazine. A circular saw, with its shafting, was mounted on a roughly made framework, and thereafter, when wood was to be cut, an idle truck was backed into place beside the improvised equipment. After the rear wheels had been raised up on jacks, one of them was connected with a shaft by a belt and the engine started at the desired speed. Except with a few hours later, he was aged 25 years and is survived by his wife and a family.

**NATIONAL MONUMENT TO A POPULAR SCOUT**  
Plans for a national monument to the memory of Col. William F. Cody, known the world over as "Buffalo Bill," have been facilitated by official action of the City of Denver, which has dedicated a most appropriate site for the last resting place and monument to the popular plainsman and army scout. The site selected is on Lookout Mountain, near Denver, and 2,000 feet higher than that city, from which the proposed equestrian statue will be visible. Territory lying in four States—Colorado, Wyoming, Nebraska and Kansas—which were the arena of the great scout's famous exploits, may be seen from Lookout Mountain, and a painting which depicts Colonel Cody leaning forward in the saddle in typical western scouting attitude has been chosen as a model for the monument. The site is reached by what is known as the Lewis Trail, one of the most spectacular mountain highways in America.—From the Popular Mechanics Magazine.
