"TIZ" FOR ACHING SORE TIRED FEET

Use "Tiz" for tender, puffed-up, burning calloused feet and corns.

"TIZ" makes my feet smaller."

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "Tiz" and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations, which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet. Get a 25-cent box of "Tiz" now from any druggist. Just think! A whole year's foot comfort for only 25 cents.—Adv.

To Keep House Economically You Must Use Ice

Nothing will keep food properly, wholesome and in prime condition except ice.

It is a scientific fact that alternate cold and warm temperature rapidly causes food to deteriorate.

Furthermore, food placed out of doors attracts germs. Dirt, dust and soot settle upon it through loose paper covers.

The use of ice is more than an economy—it is a safeguard for health.

ALSPURE-ICE is made from water that is filtered, boiled, reboiled, skimmed and again filtered.

EXPECT CITY TO TAKE BIG SLICE

House Association and the Chamber of Commerce. A committee on the "allied bodies" will work together with the Rotary Club, the Chamber of Commerce and the different bodies who have given their support to such public movements. The Association will meet again tomorrow afternoon at 4 o'clock.

Ministers to Boost Sale

Next Sunday, May 27, has been designated as the day when the ministers of Harrisburg will be requested to preach on the Liberty Loan and to make an appeal for the real patriotism that helps, and not the slapstick variety that is without value.

The office of the Harrisburg Chamber of Commerce, Kunkel building, is headquarters for the campaign for the sale of liberty bonds. Volunteer bond salesmen began their work this morning at 9 o'clock on prospects furnished by the chamber.

C. of C. Directing Work

Victor L. M. Leeco, chairman of the bondmen's committee, is directing the campaign, with the assistance of the office force of the chamber, which is trained in campaign work. Prospects to the thousands have been listed for the work of the salesmen. Employes and individuals will be visited in the effort to dispose of the bonds in this city and vicinity.

Each morning from now on until the end of the campaign, salesmen armed with fresh prospects will go out from the office of the Chamber of Commerce ready to preach a sermon of patriotism to Harrisburgers. Separate from the efforts of the bondmen the officers of the Chamber of Commerce will make an appeal to the employers in this district to arrange for the disposal of bonds to their employes.

United States Treasury posters advertising the sale of liberty loan bonds will be furnished through the office of the Harrisburg Chamber of Commerce.

The American Express Company has purchased a number of the liberty loan bonds and will give them an opportunity to purchase them, according to a letter received by H. P. Long local agent for the company. In addition to their own employes the company will assist individuals in the purchase of the bonds. A special plan has been made whereby the employes will be able to purchase them on the installment plan.

Russian Leaders Give Up Jobs and Take Them Back

Russian Leaders Give Up Jobs and Take Them Back

Worn out with the demands of the Socialists and soldier delegates who were in command of the government in Petrograd, General Brusiloff (lower), commander of the army on the western front, and General Guchkov (top), minister of war, quit office. Then they withdrew their resignations when the newly-formed cabinet gave a show of once more downing the anarchy that threatened General Guchkov. It was who said he refused to share responsibility for the sin being committed against the country.

RETAIN JACOBS IN PATENT SUIT

City Solicitor to Have Assistance in Defending City in Filter Case

At the request of City Solicitor John E. Fox, M. W. Jacobs has been retained by the city to assist in the defense for the equity suit which was brought against the city for alleged infringement on the patents on filter systems, held by Ira H. Jewel. An injunction has been asked which, if granted, would prevent the city from using part of the filter system.

Mr. Jacobs with the late City Solicitor Daniel S. Seitz won a similar case years ago.

A recess was taken after the routine business was disposed of in Council and after a conference with City Solicitor Fox it was decided to retain Mr. Jacobs again.

An answer to the bill which has been filed must be made by May 28. City Solicitor Fox explained. The charge made in the suit is that the city is violating Patent No. 649410. Investigations have been started as it was thought that the case had been settled.

Because of the injuries which Commissioner E. Z. Gross, park superintendent suffered in an auto accident last week, he was unable to attend council meeting. Contracts for rapping the river slopes from Calder to Maclay streets, and for fire hose for the city departments, were not submitted for approval.

Ordinances passed finally authorize Commissioner Samuel F. Dunkle to advertise for bids for lighting contracts for the city streets for a period of five years, and awarding the contract for removal of stone from the county poor farm.

Indians Want Local Recruiting Officers to Inspect Their Drill

The Carlisle Indian School this morning requested Captain William F. Harrell of the recruiting station to come to Carlisle to inspect the military drills of their several organizations. Captain Harrell was too busy with the work of recruiting to attend personally but detailed Lieutenant Leshner and Sergeant Hogeland and Partin to go instead. Special prizes will be awarded to the teams making the best showing in a competitive drill.

William H. Orcutt, 29 South Seventeenth street and Charles H. Roeder, 1602 Green street this morning enlisted and will be sent to Columbus.

HOPE TO BREAK GERMAN SPIRIT
(Continued From First Page)

On the credit side of the account is the rising tide of indignation against Germany in Scandinavia and Spain. The anti-German faction in Sweden has been powerfully reinforced by the action of the Germans in sinking three Swedish grain ships, in violation of their own agreement to respect the safety of the vessels. Spain is still awaiting a reply to her protest over the sinking of the Spanish steamer Patricia, also destroyed while sailing under a German guarantee, and the tone of the Spanish press is increasingly peremptory in its demand that Germany be compelled to respect Spanish rights.

What effect the course of events is having on the German people remains practically a sealed book. The German censorship has reached a point of unparalleled efficiency and the little news that trickles across the frontier of the Central Empires offer scant basis for even speculation. Apparently the war of the Pan-Germans and Junkers on Chancellor Von Bethmann-Hollweg is going merrily on but there is nothing to indicate what effect it is having on the Emperor, sole arbiter of the premier's destiny. The Junkers claim to have enlisted Field Marshal Von Hindenburg but the issue will presumably remain in abeyance until the Reichstag reconvenes on July 5.
