FLOWER GARDENS TRANSFORM BACK ALLEYS

CHARLES H. SIPE AND HIS FLOWER BEDS

Carlisle, Pa., May 23.—A new wrinkle in floral decoration has been presented to the residents of Carlisle by Charles H. Sipe, a passenger conductor on the Cumberland valley railroad.

Mr. Sipe lives in the new Mooreland section of Carlisle, where backyards are parted by decorative wire fences. In addition to having these covered with rose vines, he has made flower beds along the sides of the alleys back of his property. The result was that many of the other residents followed the example, and nowseveral Mooreland alleys are blooming prettier than many backyards. The veteran conductor is one of the oldest employes in the service of the Cumberland Valley, and is deeply interested in the work of the town improvement.
