### English Coast Towns Are Bombarded From Clouds by German Air Raiders

London, May 25. — Four or five German airships raided the eastern counties of England last night, according to an official statement issued this morning. The airships dropped bombs and escaped although pursued.

The official statement says: "Four or five hostile airships approached East Anglia shortly before midnight last night. The weather was overcast and a thick bank of rain clouds made observation difficult."

"Four airships appear to have penetrated inland into the eastern counties. They followed erratic courses and dropped a number of bombs in country districts, apparently being unable to locate their position. The raiders were pursued by our airplanes, but thick clouds enabled them to make good their escape. One man was killed in a Norfolk village. The material damage is believed to be negligible."

### Germany Disappointed at Russia's New Stand

Amsterdam, May 25. — The Socialist newspaper Vorwaerts of Berlin says that the recent statements of Premier Lvoff and Foreign Minister Tereschtenko, of Russia, expressing determination to continue the war with the country's allies, are a great disappointment to those in Germany who expected a separate peace quickly with revolutionary Russia. The Vorwaerts says Germany's policy is not dictated by the pan-Germans and that the statements of the Russian ministers would never have been made had Chancellor Von Bethmann Hollweg replied fully and satisfactorily to the interpellation of the Social Democrats regarding war aims and said that the desires of Austria and Russia were also those of the German government.

The Kreuz Zeitung considers the statements of the Russian ministers to be the first success of British policy in the new situation and a demonstration of the fact that "politically time is not on our side."

### Censorship to Again Come Up For a Vote

Washington, May 25.—Under President Wilson's personal pressure for a newspaper censorship section in the espionage bill, all indications today were that the question would again be taken to the floor of Congress for more discussion and another vote.

Agreement by the conferees on a modified censorship authorization was said today by Senator Overman to be probable. The House conferees, it was said, want another vote, believing the House will accept a compromise provision. If the conferees, as was indicated today, report a new censorship section, the House will first debate and vote upon it. If rejected there, its defeat as a part of the espionage measure will be final, without necessity for the Senate to reconsider the question.

### Big Fleet of Army Trucks Is Planned

Washington, May 25. — The new American army will be supplied with motortrucks as rapidly as they are needed through the development of the Government's present plans. Bids already have been asked on orders for many trucks of light and heavy types and present estimates indicate that these can be obtained as fast as they are required.

### KNIGHTS OF COLUMBUS ELECT STATE OFFICERS

Exposition Park, Pa., May 25.—At the closing session of the annual convention of the Knights of Columbus of Pennsylvania yesterday the following officers were elected: J. D. McDonough, Reading, state deputy; M. J. Hildenberger, South Bethlehem, state secretary; Michael Hollern, McKeesport, state treasurer; Dan Kehoun, Philadelphia, warden, and W. W. Ryan, Shamokin, state advocate.

### ONE-EYED ORGANIZE GUARDS

Reading, Pa., May 25.—A movement has been started in Reading to organize a company of home guards, who owing to the lack of one eye are prevented from enlisting in the regular service of the United States army. John Klomp will be captain and George A. Markert, first lieutenant. Thirty-seven men have already responded. They hold they are good material for soldiers, as one eye is closed in aiming a rifle.

"As for the wonderful books of the Encyclopaedia—they are simply treasures! When I was offered to compete for the position I now hold, I studied up every reference to the subject of dredge and hydraulic mining therein, with the result that I passed 87% on all the questions asked me. This was highest. Without the Encyclopaedia I could not have secured this excellent position."

The time has come when you must decide and order. That is the whole story.

Today there is no use in telling you what the Britannica is, how valuable it will be to you in your work, what an advantage it will give you and your family to own it. You know now whether you want it or not. There is only one thing left for you to consider—will you order or not?

Unless you order NOW you will NEVER be able to buy the Britannica printed on genuine India paper. Because there is no more India paper for printing the Britannica. And no more can be made—war makes it impossible to import the flax and hemp for making India paper.

If you KNOW you want the Britannica, sign the "Reserve" Order Form in the corner of this announcement, attach a dollar bill to it and mail it just as quickly as you can.

If you are almost sure you need the Britannica, but want to be positive before you order, go to the store named here and ask to see the entire set. If the books convince you that the Britannica will be useful and helpful to you, leave your order in the store and make your first payment of \$1.00. The entire 29 volumes will be sent you at once and you will have them to use and profit by while you pay for them.

This advertisement, in order to reach the newspapers of the extreme East, West and South had to be prepared and sent out ten days ago. At that time we estimated that the remaining sets of the "Handy Volume" Britannica—the last in the entire world—would take care of all orders mailed us on or before Saturday, May 26th. But orders have been increasing so rapidly that the last set may be gone before this.

BUT—Do not let this possibility delay you. Send your order TODAY! Every minute now is precious if you are really anxious to own and profit by the knowledge the Britannica will bring you.

(If the last set is sold before your order is received, your money will be returned to you immediately.)

**A NEW VOLUME ABOUT THE WAR**

THE publishers of The Encyclopaedia Britannica announce that they have made arrangements for the issue, as soon after the end of the war as possible, of a new volume, containing a full and authoritative history of the war.

The new volume will be written by scholars and experts of the same high character as those who wrote for the Britannica itself, and by many of its own contributors. It will be absolutely impartial, excluding all partisan feeling and prejudice. It will contain:

1. A judicial account of the real causes of the war, the progress of the struggle, and the results all over the world; with maps, as necessary, to show changes in boundaries.
2. The lives of the new leaders, whether civil, military or naval, in the belligerent countries.
3. The results of the war outside the sphere of fighting, the progress of surgery, the prevention of contagious disease, the new scientific discoveries, etc.

The new volume will bridge the gap between the days of peace before and after the war. It will be printed and bound to match the Britannica and the publishers guarantee that no matter how difficult and costly the supplementary volume may be from the editorial point of view, the price of it to all who purchase the Britannica during the present sale will not be more than that of a corresponding volume of the Britannica.

H. M. ... President.
