BELL 1901-2356 UNITED

HARRISBURG, MONDAY, MAY 28, 1917.

FOUNDED 1871

## Store Will Be Closed All Day Wednesday, May 30th, Memorial Day

### ---A Day of Recollections

And more than ever in this eventful year will those recollections and tales, retold of gallant deeds, inspire a patriotism in those who will bring recollections to future Memorial Days.

Let us stand together—let us pause in our commerce on Wednesday—and for the moment, in reverent silence honor our Nation's heroes.

## A Showing of the Newly Arrived Neckwear

With Memorial Day but one day off, many women will be shopping to-morrow for the finishing touches of their holiday garb. In anticipation, the Neckwear section has gathered the very newest of the season's offerings—bewitching creations of the foremost designers.

For the tailored girl we have the lovely new ascots of white pique and handsome new sport silks of odd colorings and patterns—very attractive indeed at \$1.00.

Exquisite collars of Georgette crepe, edged with filet lace, embroidered corners; some hemstitched; 50¢ to \$3.50.

Sheer organdie collars and sets in white and colors; in one particular has points over the shoulders; 12½¢ to 50¢.

Last, but not least, dignified collars of white pique; always stylish, at 25¢ to \$1.00.

BOWMAN'S—Main Floor.

The Musola Plays All Standard Makes of Records

## The Musola

### The New Popular Talking Machine

Made and guaranteed by the Aeolian Company.

For many months the problem of producing a talking machine of large cabinet size, and of excellent tonal capacity, yet at a very popular price, had been under consideration by the Vocalion Company.

Of course an instrument of this type to justify the support of the Aeolian name and guarantee had to display real merit—genuine musical worth. A year ago the construction of such an instrument within reasonable price limits seemed hopeless. Nevertheless it is to-day an accomplished task.

### The Musola--A New Aeolian Made Talking Machine

An instrument comparing favorably in tone and appearance with many standard makes of talking machines selling for many times its price, still this new Aeolian instrument is offered to the public at only \$55.

All important parts of this remarkable Musola are made in the Aeolian Company's own factories. In the design of every detail and the supervision of every step of construction, the same ma-

ture skill and scientific knowledge have been employed that have created the many other famous Aeolian musical instruments—and of these it is notable that every one is supreme to-day in its field.

The Musola is equipped with an improved sound-box and tone-arm which produce a fine full, sweet tone from any standard make record, whether of the lateral-cut or hill-and-dale type.

The tone amplifier or horn is scientifically correct in material and proportions. It delivers a large tone volume, very true and natural in quality.

The Musola motor is of the Swiss type. It is one of the sturdiest and most reliable talking machine motors ever made. The high quality of this motor is an indication of the several standards to which every important Musola part has been made to measure up.

Handsomely cased in a cabinet of simple and dignified lines and beautifully finished, the Musola is an Aeolian triumph—a wonderfully perfect talking machine. At its price of \$55, it is beyond question the most remarkable value in the musical instrument field to-day.

There Will Be Some Occasion for New Attire in Your Celebration of

## MEMORIAL DAY

EVERY section of the store is very ready with the best the world's markets produce. This fact, attended by superior service, makes Bowman's a good place to procure every requirement to aid in making the day eminently rich in patriotism, sentiment and pleasure.

### Patriotism and Thrift

Both urge you to invest in the bonds of the

## Liberty Loan

even though you cannot afford to buy more than one \$50 bond.

Every man and woman in America should help by subscribing

- The bonds are in units of \$50 and up.
- Interest paid at 3½ per cent.
- Free from taxes—except Inheritance.
- Convertible into government bonds paying a higher rate of interest if any are issued during the war.

These bonds are sold without commissions or profits to anyone. The government gets all the money paid for them.
