NIAGARA CAMP IS COMMENDED

Governor Lauds Commander; **Approves Rigid Military** Drill

Governor Martin G. Brumbaugh,

Governor Martin G. Brumbaugh, who returned last night from his visit to Fort Niagara, issued the following statement on the conditions as he found them at the camp.

The Governor said:

"At Fort Niagara on Decoration Day I reviewed all the troops in the camp and found that after two weeks or training, with adverse weather conditions, our Pennsylvania boys marched in a real soldierly way and showed evidence of the skilful system of rigid training that is rapidly molding them into a compact and disciplined body of men.

"The barracks, originally planned for 600 men, are now extended to care for 2,500 men. This has occasioned prompt and capable work and in a few days all buildings will be completed and their sanitary surroundings adequately cared for.

"The water supply is from the Niagara River, and with the installation to-day of an auxiliary pump, will be ample for all purposes. The water is all carefully treated chemically at the pumping station, and is tested daily, thus ensuring wholesome water at all times.

"CHILDREN'S FOUNTAIN"

The "Children's Fountain," which has been placed at the plaza of the pumping station, is proving extremely popular. The fountain is a gift from Miss Fanny M. Eby to the city in honor of her brother, the late ex-Mayor Maurice C. Eby.

On the professional models of On the Boul Miche there appear Paris the misery of the war has to be more sweethearts than usual, days with minor ailments, such as colds, tonsilitis, etc. The hospital staff is adequate and capable. The men are well cared for and cheerful.

"The bakeshop is scrupulously clean. About 1,800 pouncs of bread are baked daily and it is excellent bread. I emjoyed a liberal quantity of it at two meals. The food in general is ample, nourishing, clean and well cooked.

"The Y. M. C. A. is well officered and is popular with the men. The new building we dedicated will be a haven and help to all of them.

"The conduct of the men is excellent. They are an earnest, studious, energetic lot of fellows, worthy of their communities and an honor to the Commonwealth. They are happy and busy and contented.

The officers in charge are all skillul, experienced men and the spirit of the camp is excellent. Colonel Miller, a Pennsylvanian, has had long and honorable service in the regular army and is giving these soldier boys admirable guidance. The people of the Commonwealth have every reason to be proud of the men at Fort Niagara."
