LUTHERANS MAY ALL JOIN FORCES

A definite statement proposing the consolidation of the three great Lutheran bodies of the United States, the General Synod, the General Council and the United Synod of the South, is expected to be issued tonight by representatives of the three organizations named, following two days' session in Zion Lutheran Church, this city.

The delegates got together very quietly and persisted in telling the newspapermen that they "have nothing to give out," but late to-day it was intimated that a formal statement for the public will be issued this evening. It is likely that the report of the representatives will be laid before the three bodies named at their national gatherings next summer, so that nothing definite may be expected for a year at the earliest.

Among those in attendance are: The Rev. Dr. T. E. Schmuck, of Lebanon, president of the General Council; the Rev. Dr. J. A. Singmaster, of Gettysburg Seminary, president of the General Synod; the Rev. Dr. G. A. H. Schere, of Charleston, S. C., president of the United Synod of the South; the Rev. Dr. J. A. Haas, president of Muhlenberg College, Allentown; the Rev. W. Weiler, president of the Pennsylvania Lutheran Ministerium; the Rev. G. A. Gehr, president of the Pittsburgh Synod; the Rev. Dr. H. KENTUCKY MAN IS SUPERVISOR

Park Department Picks Earl C. Ford to Instruct the Children

Announcement was made to-day by City Park Department officials of the appointment of Earl C. Ford of Louisville, Ky., as playground supervisor for Harrisburg for the 1917 season.

Mr. Ford arrived in the city last night and to-day was shown over the city park and playground system.

He succeeds J. K. Staples, former supervisor, who notified the city park officials he will be unable to accept the position again this year.

Has Wide Experience Mr. Ford has had extensive experience in playground and other athletic activities. He first took up physical training as a profession at his home in Knoxville, Tenn., and was physical director for two years at the Y. M. C. A. at that place.

From Knoxville he went to Pasadena, Cal., where he had charge of the Boys' Department of the Y. M. C. A. directing special classes. Following a year's work in Memphis, Tenn., Mr. Ford was elected as secretary of the Recreation Commission, which was organized there after a survey.

At present Mr. Ford has been working for a medical degree as part of his training for playground supervision and recreation work. Mr. Ford had been recommended to the city officials by the American Playground and Recreation Association, and was chosen from a list of other applicants for the position. He will begin his duties at once in cooperation with Park Commissioner E. Z. Gross and Assistant V. Frank Forrer to prepare for the opening of the playground season within the next few weeks.

How the Military Draft Will Affect You

Tuesday, June 5th, 1917, will be Registration Day under the selective draft law. It is expected that it will give the United States Government a list of 10,000,000 men (including those who have taken out first citizenship papers) of ages ranging from twenty-one to thirty years.

THE LITERARY DIGEST for June 2d gives all the available official and unofficial information which throws light on the many points in the actual operation of the draft law. The article shows the questions that will be asked and how they must be answered; who must register and where; the penalties for failing to register or for making false statements at registration whether about oneself or another person; those who are exempt, and how exemption claims must be made.

No date in the history of the country is fraught with more significance than will be June 5th, 1917, for on that day, as the New York Evening Mail states, "will be laid the foundation for the great bulwark that the American people have pledged themselves to build in the defense of the liberties of the world."

If you would save yourself inconvenience, not to say future anxiety, be sure to buy and read THE LITERARY DIGEST for June 2d. The information alone which the leading article contains directly affects a great proportion of the American people.

To Test "The Digest" Is to Prove Its Worth

The dictionaries define news as fresh information regarding something that has recently happened. This implies that news, to be worthy of the name, must be up to the minute, must cover actual events, and must be bonafide. The average man who confines his newspaper reading to one or two newspapers gets only a confused perspective. He reads "as in a glass, darkly," and is naturally befogged. There is one periodical which sweeps away every cloud of doubt and mirrors back the sunlight of truth by giving all sides and every angle of the world's news-reports. This is THE LITERARY DIGEST, which presents all view-points impartially, advocating none, giving the actual, unvarnished facts, and leaving you to form your own judgments. Test it and prove its worth.
