Lighting For Coming Year;
to Pave Streets

Council to-day approved finally the contract for the ash and garbage disposal survey which will be made by Tribus & Massa, New York; awarded the contract for lighting city streets and offices and furnishing electricity for fire and police telegraph systems to the Harrisburg Light and Power Company for a period of five years at the same rates which have been paid; and passed of first reading ordinances for paving Hillside and Vineyard roads in Bellevue Park.

The paving will be done entirely at the expense of property owners, including street intersections, as a majority of the owners petitioned for the improvement. The plan together with an ordinance to establish the width of the roadways at eighteen feet will be submitted to the City Planning Commission for approval. The paving is to be of bituminous concrete and the maximum cost has been fixed in the ordinances at \$1.75 a square yard.

Commissioner S. F. Dunkle introduced an ordinance providing for the use of \$2.282.50 to purchase new water meters and \$963.70 for repairs to water meters. Ordinances passed finally were the ones authorizing the purchase of a patrol for the policed on Island Park.

Beauty As It Is

The need of men to assist in harvesting the crops in Oklahoma and Kansas is being emphasized by the government through advertising. Posters, including information, were placed in the Harrisburg post office to-day by the United States Department of Labor.

According to the posters about 5,000 men will be needed in Oklahoma and about 15,000 men in Kansas, in addition to the men now engaged in this work. The wages in Oklahoma will not be less than \$2.00 per day and up, with board and lodging, and in Kansas the compensation from \$2 to \$6 per day, with board and lodging. The Oklahoma harvest will begin in the north central part, about June 8, and in Kansas about June 15.

### Tractor of Citizen Co. Is Broken in Test

While testing the newly-motorized

While testing the newly-motorized Citizen steam fire engine yesterday at Steelton, two of the connecting rods o fthe front-drive tractor bent as the heavy apparatus starting climbing one of the steep hills in the lower end of the borough.

The machine was towed back to the city later in the afternoon and a rush order sent for the two bars probably be in service again to-morrow night. The rods which bent are the ones set in the tractor to keep the front and rear wheels an equal distance apart because of the power of the front-drive tractor and the heavy pull on the fore wheels.

PENNSY PENSIONERS INCREASE
Sixty-one employes of the companies comprising the Pennsylvania railroad system completed their years of active service in May, and under the operation of the pension regulations, took their places on the railroad's "roll of honor." Two of these men had been in the service for more than half a century each, while twenty-four had been employed for more than forty years. Since the inception of the pension system on January 1, 1900, \$14,391,084 has been paid to 10,146 retired employes, 4,866 of whom are on the "roll of honor" at the present time.

### Catarrhal Deafness May Be Overcome

A simple, safe and reliable way that calls for no ugly trumpets, phones or other instruments

To be deaf is very annoying and embarrassing. People who are deaf are generally mighty sensitive on this subject. And yet many deaf folks tention to their infirmity. Therefore people who are hard of hearing, who suffer from head noises, or who are actually deaf from catarrhal trouble, will be glad to know of a simple recipe that can be easily made up at home for a few cents' cost that is really quite efficient in relieving the disagreeable deafness and head noises caused by catarrh.

From any drug store get one ounce of Parmint (double strength) about 75c worth. Take this home and put it into a simple syrup made of ¼ pint of hot water and four ounces of ordinary granulated sugar. Take a tablespoonful four times a day.

This treatment should by tonic action reduce the infiammation in the middle ear that a catarrhal condition would be likely to cause and with the infiammation gone the distressing head noises, headaches, cloudy thinking and that dull feeling in the ears who safe and seven the supplement.

name as James Jones, narrowly escaped with his life when an enraged mob, hearing the old man's cries for help, chased his assailant over the city streets, finally capturing him after Robert Null, an officer of the Harrisburg Pipe and Pipe Bending Works, shot the negro in the hip. The attack on Mr. Woods was made in a small house in Sarah street, near the rear of the Messiah Lutheran Church, it was reported to the police that Jones took about \$40 from the old man, and when searched at the Harrisburg Hospital \$35 was found on the negro.

When the cries for help were heard a crowd gathered at once and started after the fleeing colored man. The chase led down Forster and Cowden streets, across the railroad. Two officers of the Pipe Bending plant fired at Jones, one shot penetrating the negro's hip. Even when wounded he resisted the officers but was finally caught. A woman who was with him has been caught by the police and may be held.

Train 10,000 Men For

Washington, D. C., June 4.—A campaign to recruit and train 10,000 men to officer the ships of the new American merchant marine was announced to-day by the Federal Shipping Board and the Department of Commerce. Henry Howard, of Boston, has been appointed director, with offices in the Boston customs house.

with offices in the Boston customs house.

The first nautical training school under government direction was opened to-day near Boston. Fourteen similar schools will be established along the Atlantic coast and later the training system may be extended to the Pacific cost and Great Lakes.

Applicants may be of any age, but must be in good physical condition. Previous nautical experience is desirable and men will be paid "reasonable compensation" during training, which probably will last two months. Graduates must be examined and licensed by the Commerce Department steamboat inspection dispersions.

lined and licensed by the Commerce Department steamboat inspection division, which is now considering certain relaxations of its strict rules governing admission of candidates to nautical service. An announcement made to-day points out that merchant skippers receive \$350 a month and mates \$250, with additional war bonuses.

Gen. Pershing in France

Head of Russian Army

Petrograd, June 5.—General Michael V. Alexief, commander-in-chief of the Runssian armies, has resigned. General Alexis Brussilof, commander-in-chief of the armies of the southwestern front, has been appointed to succeed him.

General Gurko, commander on the western front, replaces Brussiloff on the southwestern front.

General Alexief was appointed commander-in-chief on April 15, soon after the retirement of Grand Duke Nicholas from that post.
