Women! It's Cheap! Use Lemon Juice and Make Lotion

To keep your skin and complexion naturally soft, white and clear at all times you simply must use a lotion or cream every day. But choose the one that is best and costs the least.

one that is best and costs the least.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable beauty lotion at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try this lotion! Make up a quarter pint of this sweetly fragrant cream and massage it into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the hidden roses and beauty of any skin.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons.

"Until a couple of weeks ago I always walked six or ten miles a day besides atterding to my gardener business without minding it one bit. Stomach trouble which I have had for some time got the best of me.

"However, I decided to try this Tanlac. Since taking Tanlac and yappetite has improved wonderfully and I can eat anything without feeling bloated or suffer from a sour stomach and heartburn as before. I can go to bed nights knowing that I will sleep soundly. I get up feeling as fresh as a colt. Those sick head aches have left me entirely.
