**City Physicians Explain Why They Prescribe Nuxated Iron**

**To Make Beautiful, Healthy Women and Strong Vigor Men**

**NOW BEING USED BY OVER THREE MILLION PEOPLE ANNUALLY**

Quickly Transforms the flabby flesh, toneless tissues, and pallid cheeks of weak, anemic men and women into a perfect glow of health and beauty—often increases the strength of delicate, nervous, run-down folks 100 per cent. in two weeks' time.

New York, N. Y.—It is conservatively estimated that over three million people annually in this country alone are taking Nuxated Iron. Such astonishing results have been reported from its use both by doctors and laymen, that a number of physicians in various parts of the country have been asked to explain why they prescribe it so extensively, and why it apparently produces so much better results than were obtained from the old forms of inorganic iron.

Extracts from some of the letters received are given below:

Dr. Ferdinand King, a New York physician and medical author, says: "There can be no vigorous iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men and women is pale. The flesh flabby. The muscles lack tone, the brain fags and the memory fails and they often become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, asato, farina, degerminated corn meal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cooking, by throwing down the waste-pipe the water in which our vegetables are cooked, are responsible for another grave iron loss.

Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron just as you would use salt when your food has not enough salt.

Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon, Jefferson Park Hospital, Chicago, in commenting on Nuxated Iron, says "It has been my particular duty during the past six years to assist in keeping Chicago's five thousand bluecoats in good health and perfect fighting trim so that they would be physically equipped to withstand all manner of storms and the ravages of nature's elements.

Recently I was prompted through an endorsement of Nuxated Iron by Dr. Schuyler C. Jacques, Visiting Surgeon of St. Elizabeth's Hospital, New York, to give it a trial. This remedy has proven through my own tests of it to excel any preparation I have ever used for creating red blood, building up the nerves, strengthening the muscles and correcting digestive disorders."

Dr. E. Sauer, a Boston physician who has studied widely both in this country and in great European Medical Institutions, says: "As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down, instead of doing themselves with habit-forming drugs, stimulants and alcoholic beverages I am con-

 King, F. D.

vinced that in this way they could ward off disease, preventing it before it started, and that in thousands of cases it might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started the disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood.

Not long ago a man came to me who was nearly half a century old and who had been suffering for years as full of vigor, vim and vitality as a young man; in fact a young man he really was, notwithstanding his age. The secret, he said, was taking iron—Nuxated Iron had filled him with renewed life. At 39 he was in bad health; at 46 he was careworn and nearly all in—now at 59, after taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth.

It is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much of the food you eat, it merely passes through you without doing you any good and as a consequence you become weak, pale and sickly-looking. Just like a plant trying to grow in a soil deficient in iron, you will not flourish unless you give it to yourself to make the following test: See how long you can work or how long you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals, for two weeks. Then test your strength again and see how much you have gained. You will see dozens of nervous, run-down people who were ailing and who doubt their strength and endurance, and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles from an iron deficiency. This is done simply by taking iron in the proper form. And this is the reason why I have been doctoring for months without obtaining any benefit. But don't take the old form of inorganic iron, iron acetate or tincture of iron simply to save a few cents. The iron demanded by Mother Nature for the red coloring matter in the blood of her children is, alas, not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than useless. Many an athlete and prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray; while many another has gone down in glorious defeat simply for the lack of iron."

Paxtang Park Theater was a big hit with the audience that filled the park play-house, last evening, when it staged its comedy, "The Soul of a Magdalene." Miss Lenora Simonson, late prima donna with one of New York's greatest musical comedies, succeeded at one time, makes up with the greatest success, a headliner that it will take the park management a long time to beat. Miss Simonson sang several selections. Her rich soprano voice was at its best and she sought to satisfy the clamorous applause of her audience here. Her performance would have extended far beyond what one has had at the numerous musical comedies, had she not been so successful. There is another singer on the park bill, who is a winner all the way. The audience with the headline, and that was Ben Smith, the minstrel lyric tenor. He, too, could have extended his part of the performance and he accepted the numerous rounds of applause he received as demands for more encores.

The balance of the park show consisted of Johnny Reynolds, the boy who does praiseworthy stunts in these rolls, and a number of other acts, including a pair of acrobats, who made it absorbingly interesting from start to finish.

Thursday, Thursday Pauline Frederick will be shown in her latest screen triumph, "Sleeping Fires." This is a story of absolute universal appeal in that it deals with the greatest of human emotions—Mother Love.

**News Items of Interest in Central Pennsylvania**

**Reading**—Harrison G. Lincoln, relative of the martyred president, Abraham Lincoln, and born on the old homestead at Lorane, below Reading, built by the President's great-great-grandfather, died suddenly at his home here of heart failure, Thursday, June 11, 1917.

**Altoona**—Altoona bakers yesterday raised wholesale price of bread from five to eight cents a loaf to six and a half cents. The result in a corresponding advance in the retail price.

**Bethlehem**—The battalion for the 25th Infantry, U. S. Army, headed by Major Thomas O. Cole, added thirty new members yesterday. Efforts will be made to increase the enrollment to 250 members.

**Hazleton**—The 500 employees of the Jeannette Iron Works, who make shells for the Russian and United States governments, have subscribed to \$20,000 of the Liberty Loan bond issue.

**Hazleton**—The chances are that Hazleton will have a July 4th celebration. The Spanish-American War Veterans and local civic and patriotic bodies had planned a big parade and fireworks, but public interest is lacking, owing to the war.

**Hazleton**—Draining a pint bottle of whisky which he found in the cellar at his home, Michael J. Hoxa, aged nine years, of West Hazleton, was taken violently ill, and was hurriedly removed to the State Hospital, where heroic measures saved his life.

**Pottsville**—Despondent because he was suffering with what he believed was an indigestion, and because his family had been separated since the death of his wife, Joseph Plunkett, aged 35, of Minersville, shot himself in the chest with a .38-caliber revolver, and death ensued a few seconds afterward.

**Pottsville**—The jewelry store of Joseph Ansharov, at Minersville, was entered during the night and cash, jewelry, watches, gold rings and other valuables amounting to \$250 were taken. The thieves entered the store through a rear door, and their way through a rear door.

**Mauch Chunk**—The Granges throughout this county have put themselves on record as being opposed to the \$1 million bond issue for road purposes. They think the matter should be allowed to rest until after the war.

**YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS**

You simply say to the drug store man, "Give me a quarter of an ounce of freezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness immediately and sooths the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whittling at his corns, but clip this out and make him try it.

**Children's Day Services at Dillsburg Churches**

Dillsburg, Pa., June 12.—At the Presbyterian Church on Sunday morning a Children's day program was presented by the Rev. Mr. Superintendent, had charge of the service. The program included: Music by the school; responsive reading; invocation by the pastor; the Rev. Mr. Superintendent, had charge of the service. **Liberty Loan Issue to Be of Varied Colors, According to Denomination**

Washington, June 12.—Likenesses of presidents, from Washington to McKinley, will grace the new Liberty bonds which will be engraved, blue, green, orange, red, brown, olive and carmine, according to denomination. Designs of the bonds have been completed and the Bureau of Engraving and Printing is working day and night turning them off the presses by the thousands.

Portraits and colors of the bonds will be as follows: \$50, Jefferson, blue; \$100, Jackson, blue; \$500, Washington, orange; \$1,000, Lincoln, carmine; \$5,000, Monroe, green; \$10,000, Cleveland, blue; \$50,000, McKinley, carmine; \$100,000, Grant, orange.

The title of the issue, "Liberty Loan of 1917" will appear on the upper border of each bond and the denomination in the four corners and lower border. The face will be printed in black with an overprinting of the denomination, number, seal

**Hearings Close on Proposed Railway Freight Rate Increase**

Washington, June 12.—The Interstate Commerce Commission today completed its hearings on the fifteen per cent. freight rate increase asked by railroads of the country to become effective July 1.

With less than three weeks in which to make a decision involving a sum estimated by shippers at \$300,000,000, the commission has before it for review hundreds of letters, telegrams and briefs, as well as a great mass of testimony, arguments and statistics.

Today's arguments were opened by Charles Donnelly, chief counsel for the western railroads, who stated that several important western lines, with a long dividend record, would be obliged to reduce, if not pass, their dividends in the near future if the proposed increase is not granted.

**ONE-STEP TO STAY**

New York, June 12.—The waltz, fox-trot and one-step will continue to hold sway as the "big three" dances, according to dancing instructors here attending the fourth annual convention of the International Association of Masters of Dancing.
