NOW IS THE TIME TO LOOK AFTER Your Roofs and Spouting

This is a good time to look after your roofs and spouting. "A stitch in time saves nine" is an old and true saying. By having them attended to at once you may save additional expense later, because when a roof, gutter or spout starts to leak, it deteriorates rapidly. Mechanics can work to the best of advantage when the weather is favorable.

This fact is manifested by terrible headaches and backache; by dizziness, dry, harsh skin, fever and chills; by failure to void the poisons although the desire is strong; by irritated condition of the passage, etc. Write for a great physician's prescription, to-wit:

RATE INCREASE CAUSES PROTEST

Cumberland Valley Boosts Fare and People Walk; Jitneys Spring Up

Carlisle, Pa., June 13.—Cancellation of picnics, establishment of auto and auto truck service, are retaliatory methods considered or already planned following a 40 per cent. increase in the rates of the Cumberland Valley Railway Company, operating trolley lines between Carlisle and Mount Holly Springs and Carlisle and Newville.
