The question whether a purchaser of a property can be held liable for an unpaid bill of the previous owner was raised to-day before the Public Service Commission by Mrs. J. Lucas Stull against the Northumberland Water Company. She says she will not pay the \$7.50 bill of Donna Lyle and that the company threatens to shut off the water.

The New Cumberland Brick Company has been granted a state charter to manufacture brick. The capital is \$100,000 and the incorporators are Edwin S. Herman, Joseph H. Landis, G. C. Landis and F. E. Coover.

Complaint has been filed with the Public Service Commission by the Pittsburgh Plate Glass Company of Pittsburgh against rates of the Pennsylvania Railroad for hauling coal in western Pennsylvania.

House War Tax Bill Is Decreased \$9,000,000 by Reduction of Levy

Washington, D. C., June 14.—The House war tax bill was decreased about \$9,000,000 more to-day by the Senate finance committee in deciding to reduce the manufacturers' tax on athletic goods, patent medicines, perfumeries and cosmetics from 5 to 2 per cent. Rates on distilled spirits, malt liquors, wines and soft drinks, raising an aggregate of about \$166,000,000, were finally approved by the committee virtually as drafted by the House. The committee also ratified its former tentative approval of amendments by Senator Gore, of Oklahoma, placing prohibitory taxes upon cereals used in manufacturing distilled spirits for beverage purposes and to prohibiting importation of such beverages.

Ten Billion Estimated as Cost of First Year of War With Kaiser

Baltimore, June 14.—Secretary of the Treasury McAdoo, in the last speech of his campaign for the Liberty Loan here, last night declared that it seemed certain that ten billion dollars would be needed by the United States to wage the war for twelve months and that of this at least \$1,800,000,000 should be raised by taxation and \$8,200,000,000 by bond issues. Mr. McAdoo was very hoarse and at times his voice sank to a whisper. He declared that whatever might have been the differences about the war as to whether or not the United States should have engaged in it, this was no time to think or speak of them.

TAKE STOFFER TO JAIL Charles Stouffer, who has been in the Harrisburg Hospital, suffering from wounds self-inflicted after he had shot and killed his wife, Clara Stouffer, was to-day taken to the Dauphin county jail. He will have a preliminary hearing in the near future, when he will be charged with murder. After he was taken to the hospital he improved steadily, although the bullet entered his forehead and came out the right eye.

RECOVER STOLEN WIRE The three coils of wire stolen recently from the Bell Telephone Company were recovered this morning at Crooked Hill. Two women were crossing an open field and noticed the wire lying uncovered. Police headquarters were immediately notified and an investigation proved it to be the missing wire.

LIBERTY LOAN ON LAST STRETCH

Continued From First Page. The news, whistles tooted, sirens roared and bells were rung. The Liberty Bell was rung by Mayor Smith the instant the clock in the tower of the Hall struck its last stroke at noon. The Mayor made a brief address. The bell was struck with a small gold hammer. Special dispatchers from the Western Union Telegraph Company touched the key of a telegraph instrument directly into the White House and an instant later the wires of the Western Union transmitted the tidings to every city in this country and cables flashed the news into London, Petrograd, Paris, Rome, Tokio and Berlin that every bell in America was pealing out a cry for world freedom and the nation is a unit for backing its patriotism with its gold and its blood.

Prominent Men Attended A company of distinguished bankers and newspaper owners was present at the exercises. Before the sound of the bell had died away and while the nation was ringing with bell-bursts of patriotism the assembly united in singing the "Star Spangled Banner." A feature of the event was a scene enacted in Richmond, Va. in St. John's Church, where Patrick Henry uttered the immortal words, "Give me liberty or give me death." Mayor George Ainslee, of Richmond, at 12 o'clock, after sounding an appeal for Richmond to double its allotment, handed to a messenger a telegram of greeting for Mayor Smith, of Philadelphia, which was wired to Independence Hall at the Liberty Bell.

The Mayor replied while standing by the bell. Among recent subscriptions to the Liberty Loan are: \$8,000, from railroad men of the city, solicited by Harry Leonard, in charge of a committee working in the yards; Keystone Lodge, No. 42, Brotherhood of Railroad Trainmen, \$500; Social Club, \$1,500; L. O. O. M., \$1,000, and Firemen's Relief, \$1,000. Substantial Progress Is Made in Subscriptions to the Liberty Loan Washington, D. C., June 14.—The last twenty-four hours for subscribing to the Liberty Loan were ushered in at noon to-day with the tolling of bells and the blowing of whistles from coast to coast. At the same moment Treasury officials were compiling the latest returns of subscriptions from the twelve reserve districts, showing a steady climb toward the \$2,000,000,000 mark. Unofficial estimates placed the total yet to be reported to the Treasury for the last day at approximately \$200,000,000. Official compilations were not complete at noon. Such reports as had been received, however, indicated substantial progress within the past twenty-four hours. The subscription books will close at noon to-morrow. Only the New York district, according to the latest available estimates, had exceeded the minimum allotment. Other districts were nearing the minimum and officials hoped

Supplemental Lists to Be Made of Additional Draft Registrations Because of the number of men coming in to register at the County Commissioners' office, County Clerk Ed. H. Fisher, clerk of the county draft registration board, will make a supplemental list of these. This was decided this morning so that the totals for the various county districts can be computed. These have been changed at least six times, Sheriff W. W. Caldwell said, because of additional registrations. The city boards are preparing to post alphabetical lists of the men who registered in each precinct in the city. These will be placed at each of the registration places, for reference for residents in each district.
