

SALARIES HELD BY ERROR IN BILL

Important Capitol Hill Measure Has to Be Recalled From the Governor

Attaches of the state government will not get their semimonthly pay tomorrow in the absence of the passage of the Woodward bill to bridge the gap between ending 1, when appropriations lapse and the approval of the general appropriation bill. An error was discovered in the bill after it had passed the Senate, where it was reprinted, and it will be necessary to recall the bill from the Governor to correct it.

As the Senate has adjourned the House resolution to recall can not be acted upon in the upper branch before Monday and it may be the middle of the week before the bill becomes a law. Under ordinary conditions the attaches would have to wait until the general bill becomes a law, which will not be until well on in July.

Flag Day was not observed as a holiday at the State Capitol, although a number of state officials participated in exercises held in honor of the day.

STEELTON AND NEARBY TOWNS

CROATIAN SOKOLS BUY WAR BONDS

Local Foreign Organizations Subscribe \$1,000 to the Liberty Loan

That the Croats in Steelton are loyal to this country is proved by the fact that the Croatian Sokol, Steelton's most influential foreign society, has subscribed \$1,000 to the Liberty Loan. This amount, however, is expected to be materially increased after the canvass of the members which is now being waged is completed.

The members are all enthusiastic over the proposition and are behind the government to a man. Methods are now being considered for looking after the families of any of the members who may enter the service of the government afloat, as 90 per cent. of its members are of the registration age and liable to a call.

Announcement has also been made that the St. Lawrence Croatian Society has bought a \$500 Liberty bond.

When the final shot is fired in this war the Croats expect to see their country united with the Serbians and Slovenians in one country which they term "Jugoslavia," meaning a united country of Southern Slavs.

This has been the teaching of the Croatian Sokol since its organization. It has endeavored to bring before its people the realization of the necessity of the liberation of their people from the dual monarchy, Austria-Hungary, and to form a union based upon the American democratic principles with their kin of southern Europe, consisting of the following branches of the Southern Slav race, namely, Croats, Serbians and Slovenians.

"It is needless to say," stated an officer of the sokol to-day, "that we Southern Slavs consider it our greatest duty to give our adopted country every possible support in this struggle, as, doing this, we are helping all those who are dear to us back there in our native land to free themselves, to attain their long hoped for liberty, to erect their own democratic state, and as free people take their place among the free."

At the business session of the following officers were elected: President, W. H. Nell; vice-president, Stanley Zimmerman; secretary, Mrs. Sylvia Snyder; and treasurer, Harry Deik.

The alumni prizes for general efficiency were awarded to Miss Theilmaginnis, of the scientific course; Miss Margaret Lord, of the commercial course, and Miss Ruth Davis, of the classical course. Miss Agnes Hess and Miss Martha Armstrong took part in the program.

Thirty-Two Members Taken Into Alumni Association

Thirty-two members of the graduating class of the Steelton High school were taken into the Steelton High School Alumni Association at a business meeting and reception in the auditorium last night. The meeting was attended by 110 persons.

At the business session of the following officers were elected: President, W. H. Nell; vice-president, Stanley Zimmerman; secretary, Mrs. Sylvia Snyder; and treasurer, Harry Deik.

New Army Motorcycle Smashes All Records

By Associated Press—New York, June 14.—A transcontinental motorcycle trip, which is declared to have established a record, was completed here last night by Allan P. Bedell, a member of the Los Angeles Signal Corps, it was announced to-day by the Motorcycle and Allied Trades Association.

Carrying an official government dispatch from Major General Hunter Liggett, commanding the Department of the West of the United States Army, Bedell left Los Angeles, crossed the continent in seven days, sixteen hours and sixteen minutes, and delivered the message last night to Major General Franklin Bell, commanding the Department of the East. The time was said to be lower by approximately three and one-half days than a record set in 1914.

Bedell's journey was made for military purposes as a government test of a type of motorcycle the War Department is considering using for war purposes.

SUBSCRIPTION TO LOAN LARGE

Steel Workers Take Big Slice in Bethlehem Steel Company's Campaign

The Liberty Loan campaign in the local steel plant closed yesterday after \$707,350 had been subscribed; this amount being much over the sum canvassers started out to get last week.

The amount was made up by subscriptions made by 91.5 per cent. of the employees of the plant. When the campaign was launched last Thursday members of the general committee were of the opinion that they would secure at least \$500,000, and that 75 per cent. of the employees.

Officials of the local plant are very much pleased over the work conducted by P. A. Robins, and department superintendents, and are commending the men personally for their splendid showing. Steelton ranked among the leading plants of the Bethlehem Steel Corporation, it was announced to-day.

Every employee of six departments subscribed to the loan, putting these departments in the 100 per cent. class. The departments were: Roll Shop, No. 1 Forge, Steel Foundry, Frog and switch, Electrical and Mechanical, and the division made up by police, telephone, hospital and real estate departments.

The final report of the various departments, including the amounts and percentages, issued this morning, is as follows:

Ninety per cent. of the total number of men have been canvassed, and approximately eighty per cent. of them subscribed.

The campaign closes to-day, by which time it is thought more than \$5,000,000 will be raised. The total subscribed at Bethlehem to date is \$1,812,700.

HOW TO GET RELIEF FROM CATARRH—If you have catarrh, catarrhal deafness, or head noises go to your druggist and get 1 oz. of Farmitin (strength), take this home add to 1/4 pint of hot water and 4 oz. of granulated sugar. Take 1 tablespoonful 4 times a day.

This will often bring quick relief from the irritating head noises. Clogged nostrils should be open, breathing become easy and the mucous stop dropping into the throat.

It is easy to make, tastes pleasant and costs little. Every one who has catarrh should give this treatment a trial. You will probably find it is just what you need.
