

INSANE ASYLUM BILLS ARE READY

Measures For Important New Institutions Will Be Given Clear Track in House

Assurances have been given to officers of the State Board of Public Charities that the Legislature will make provision not only for the start of building on the new State Hospital for the Insane at Blairsville, but also for the purchase of a site for the new hospital of the same kind to be located east of the mountains. The latter institution will be within fifty or one hundred miles of Harrisburg and will relieve the institution in this city materially. While here on Thursday President Torrence, of the board, explained the situation in detail to the chairman of the committees and it looks as though action would be taken next week on the bills.

The bill for the start of the home for inebriates and drug victims is said to be assured of approval by the Governor and he is also favorable to the Laurelton and Muncy institutions. The item for maintenance at the Muncy institution has been cut out in committee as under the law the counties must foot that bill. However, a substantial item for buildings will be made.

The Senate appropriation bills, which include Harrisburg homes whose interests were looked after by Senator Heideman, will be on first reading when the House meets on Monday night and will be in the hands of the Governor before the end of the week.

Spoke in West—Lieutenant Governor Frank B. McClain spoke at Scottsdale and Brownsville on Flag Day. He had half a dozen invitations which he could not meet.

Will Take Charge—H. D. Swingly,

of Conneville, the new payment of the State Highway Department, will assume charge Monday.

Governor Returns—Governor Brumbaugh returned late last night from Lancaster, where he spoke yesterday at the Flag Day exercises.

Awaiting Action—People at the Capitol, who were hoping for some semi-monthly paychecks to-day, are awaiting action by the Legislature on the bill, which has to be returned for correction. It looks now, in case the Governor acts promptly, that the pay will be available about June 22.

Contract Day—To-day was contract day at the Public Service Commission. Over a dozen were presented for approval.

Many Charters—Over forty charters for new corporations were issued this week. Many of them are for eastern counties.

Board to Meet—The State Board of Education is scheduled to meet next week to discuss legislative matters. It will make some investments in bonds.

Few Hearings—Very few additional hearings are scheduled by the Public Service Commission for next week. The commission will spend considerable time in executive session on cases argued recently.

Governor at Lancaster in Flag Day Observance

Lancaster, June 15.—One of the greatest patriotic demonstrations ever witnessed here was in observation of Flag Day; interest being added by the presence of Governor Brumbaugh. The city was a mass of flags and the first feature of the demonstration, the parade, was through miles of streets lined deep with persons drawn from all parts of the country.

Marshaled by Colonel John M. Groff, the procession was led by standard-bearers carrying the emblems of the Allies, Old Glory in the middle, and escorted by a detail of State police. Fully 5,000 persons paraded, including several military organizations, together with many women and girls dressed in white and wrapped in the national colors. Nearly every patriotic and fraternal body of the city was in line.

The parade ended at Buchanan Park, where fully 15,000 persons heard the Governor's patriotic address and listened to the band concert. The demonstration was arranged by Lancaster Lodge of Elks.
