All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you. Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

POPULATION OF ROME GAINS

Rome, June 14.—Wartime Rome is slowly regaining the 1,000,000 population of the city in its prime during the second century, according to the recent census report which places the present population at 848,701, without counting a large number of troops and wounded soldiers. The annual floating population is estimated at 100,000, with 53,346 permanent residents. Rome had a population of less than 20,000 in the year 1347 when Cola di Rienzo temporarily restored the ancient Republic. With the return of the Popes and wealth in 1370 the population slowly increased to 85,000 souls in the sixteenth century, and at the close of papal rule in 1870 the population was 221,000. The census of 1901 placed the population at 424,843 and that of the year 1911 at 558,000.

Russian Army Morale Unbroken, Says Kerenky

Petrograd, June 15.—"The spirit of the troops is good, on the whole, and in certain sectors the soldiers are full of enthusiasm," said Minister of War Kerenky in an interview to-day. "The reorganizing of the army lines is proceeding rapidly and favorably," continued the war minister, "thanks to the excellent co-operation of the army committee, under whose authority the considerable amount of fraternizing with the German soldiers was almost wiped out. The desertions have excited general indignation among the soldiers, who demand the severest punishment of the culprits. The organization which deals with the transport of re-enforcements and supplies to the front has made appreciable progress."

DRAFT EXEMPTIONS

How the Government Will Choose the First Contingent From the 10,000,000 Men Who Registered

The fact that practically ten million men of military age registered in one day in the United States is, in the opinion of American newspapers, this country's conclusive answer to all efforts to convince the German people that this is "Wilson's War" and that it is without popular support or approval in the world's greatest Republic. It is also, they add, our answer to "the spies, the conspirators, the demagogues who tried to obstruct the Draft Law." The history of the past several days will be read and studied in Berlin where it will be recognized, in the opinion of the Springfield Republican, as "a registration not merely of men but of a national purpose, indorsed, supported, and confirmed."
