The Middletown and Swatara Water Company which has been making extensive repairs to its plant will turn in water from the reservoir, the water is being diverted into the filter bed.

MANY CANADIANS IN BRITAIN

London.—There are 40,000 dependents of Canadian soldiers in this country unable to return to Canada owing to the lack of passenger accommodation on the few steamers to Canada. They came soon after their men folk when the latter enlisted and, in some cases, the men already have returned to Canada wounded or discharged from the army.

HURT IN PECULIAR ACCIDENT. Hummelstown, Pa., June 18.—James Murphy and Thomas Jackson, both of Mount Union, while sitting beside the railroad tracks with their feet over the rail on Saturday night, were struck by the Reading passenger train running between Hummelstown and Middletown.

"WENTS AND "SENTS". Hobart, New Zealand.—For the purpose of facilitating army recruiting, the people have adopted distinguishing names for the two lots of men who are serving. Those who volunteer are called "The Wents" and those called up by ballot or conscription "The Sents."

NEW YORK MEN IN GARDENS

West Albany, New York.—At the request of J. E. Finkelnstein, secretary of the West Albany Car Department Community Farm Association, the National Emergency Food Garden Commission, of Washington, has supplied the members of the association with its food garden primer to help them in the cultivation of a large tract of land.

FAIR SKINNED BEST FIGHTERS

London.—Fair-skinned people and those with gray or blue eyes have sounder nervous systems than those of dark complexion or dark eyes, in the opinion of the members of the Army Medical Board, which is investigating cases of shock from exploding shells and similar nervous complaints in the military hospitals.

English Cultivating Ground Vacated by Germans

Behind the British Lines in France.—(Correspondence)—A special department attached to British headquarters has been created for the purpose of superintending agricultural operations in the areas evacuated by the Germans.

Work in the fields by soldiers is largely voluntary. As details of soldiers leave the trenches for the rear, they are invited to spend their leisure in agricultural work, which in the spring air and sun of France, is one of the pleasantest recreations imaginable.

The soldier-farmers are well provided with horses, usually artillery or transport horses from the reserves. The British agricultural military staff has gone so far as to secure its soldier-farmers cultivators and machinery of British models which are familiar to them.

SHIPPING MORE COAL

Palmyra, Pa., June 18.—More effective measures against the submarines have been the means of bringing more neutral steamers into the coal ports to load coal for export. Confidence appears to be growing and coal merchants report an increased inquiry for loading facilities.
