THIS WILL NOT BE LAST GREAT WAR

Dr. Hawes Sees in It Source of Animosities; Discusses Second Coming

"This war will not be the last eat war, unless there are develop-ents not now apparent,,' said Dr.

stens on him "the number of the stat—666" of Revelations 13:18.
staE"v-s-revoj ETA SHR MF G In his sermon on "The Two Proms of the Ages," Dr. Hawes eximed very fairly and impartially a two theories of the development history as prophesied in the Bible lich are known as the Premillien and the Postmillienial interpresions, according as they expect the ming of Christ to occur before or ler the millenium, the 1,000 years peace and blessedness predicted in velations 20.

that things, of which Dr. s discussed five. (1) The illenialist conceives that the list ob preached as a witnesse nations for the purpose of gout the people of God; the illenialist, as a means of conget the world for God. (1) Both that the Jews will be convert the "Pre" says after Christ, and the "Post" says before the sees several resurrections and illudgments predicted in Scripwhile the "Post" finds only one ection and one judgment. (4) agree that antichrist is to but the "Pre" expects His apnage to be fore the millenium and the property of the condition of the presence before the millenium and mobile company.

pects him to rule from some earthly center as a visible sovereign, while the "Post" expects him to reign from the heavenly throne through the influence of the Holy Spirit. Dr. Hawes indicated the difficulties that inhere in either view and emphasized the fact that it is not one's view of prophecy that determines salvation, but the personal acceptance of Christ as Saviour. The congregation was intensely interested and a number remained to discuss various points of the sermon with Dr. Hause.

Dr. Dixon Calls Attention to Dangers Which Are Abroad in These Times

State Commissioner of Health in a "health talk" warns the people of Pennsylvania against danger of the spread of war diseases. Dr. Dixon warns that people must keep themselves in good trim for the benefit of the whole nation.

The commissioner's ideas are as follows:

Tuberculosis has a hold on the people of France both of the army and the civil population.

While French bacteriologists have been conspicuous among the world's

lungs or skin, syphilis, gonorrhoeapopen external cancer, or barber's itch, or any who are carriers of typhoid fever.

This law further provides that no dishes, receptacles, or utensils used in eating or drinking shall be furnished to patrons or customers of any public eating place unless since their previous use by other individuals.

It also provides that towels be laundered or discarded after each individual use, and still further, that no common drinking cup shall be furnished at any public drinking place operated in connection with any such public eating place.

The State Department of Health and the violators shall, upon conviction before any justice of the peace or alderman, be sentenced to pay a fine of not less than five dollars or nore than one hundred dollars, or to be imprisoned in the county jail for a period of not more than thirty days, or both, in the discretion of the county. In the county is that the homes of our people may not be invaded by horrible diseases brought among us from all over the world.

There is no time to lose in pairing against the spread of disease. Our happiness and our national strength in our army, navy, on the farms, and in judustrial plants, all depend upon our health. Without it victory cannot be ours.

JOIN OHIO ENGINEERS
Ralph Martin, 1515 Penn street, and J. Chester Ross, 616 Maclay street, with Captain J. N. E. Trout, who was along the Mexican border, have gone to Ohio to join Company C. Ohio mounted engineers. After a brief training period they expect to be sent to France.

America must make sure that the

ful army.

"America must make sure that the Allies and not Germany secure permanent domination of the air, and that within the year.

"It will take no more shipping space to send a thousand air pilots abroad than a thousand air pilots abroad than a thousand infantrymen. It will take no more space to send aeroplanes and motors than to send artillery. It is now seen that if we make the effort we can send enough of both men and machines within a year to be of great value, perhaps to turn the scale, all without handicapping our plans for the army which is to follow, nor hindering the vital flow of food and munitions.

"American airmen and aeroplanes may turn the tide. They furnish our supreme opportunity for immediate service on the fighting line."

Children's Day Services in Dillsburg Churches

In Dillsburg Churches

Dilssburg, Pa., June 19. — Children's day services were held in the Methodist Church Sunday morning.
