

A WEAK SPOT IN NATION'S WALL

These Comments On The Uniform Prayer Meeting Topic Of The Young People's Societies — Christian Endeavor, Etc. — For June 24: "Mission Work In Our Cities." Ps. 87:1-7

By WILLIAM T. ELLIS

The city is one of the big modern problems. It is so vast, so intricate, so unworkable a thing that usually only phases of it are considered at a time. Some speakers talk of the city when they only mean part of it that is given over to poverty and vice. Others have in mind only the principal "downtown" portions when they talk of the city; meaning thereby the main thoroughfares, the hotels, the big stores, the places of amusement and the railway stations. Still others regard the city in an entirely material sense — its buildings, its industries, its wealth. A city is all these and much more. And in any light it is worth studying as the greatest, albeit perhaps the most perilous, product of the nineteenth and twentieth centuries.

Of late years the churches have made a vigorous effort to grapple with what they call the city problem. Church extension and city mission committees, of varying efficiency, are common in all denominations. Preaching places, which commonly develop into full-fledged churches, follow the growth of population. Rescue missions are maintained in the congested sections. The foreign population is given special attention. Nevertheless, city mission work may still be said to be in an experimental stage. Nobody thinks that the remedies equal the needs. There is a vital something still lacking; so that the life of the average city may fairly be said to be less religious than the life of the same number of persons in the country.

The religious forces of North America are only now awakening to the importance of one of their greatest problems: namely, how to merge

Aged Man and Wife Buried in One Grave

Marietta, Pa., June 22.—A double funeral was held to-day from the Larue Yellow Church, when Mr. and Mrs. Valentine Becker were buried side by side. Mrs. Becker, aged 76 years, died on Monday, and all arrangements were made for her funeral, when Mr. Becker died suddenly. He was 78 years old. Both died of paralysis. The funeral was one of the largest ever held in the Yellow Church.

SAILOR ON FURLOUGH
Carlisle, Pa., June 22.—After seven years in the navy, Harry Myers, chief boatswain's mate, is on a short furlough here. He is now attached to the Tonopah, tender of the L. group of submarines, and also escorted the U-53 on the trip of that Teutonic undersea boat into Newport, and also aided in the dismantling of the historic Holland, just placed in Bronx Park, New York.

BUILDING ADDITION TO PLANT
Carlisle, Pa., June 22.—Because of increases in business the Federal Equipment Company, a local concern, manufacturing wooden furniture, mainly for government buildings, yesterday began work on a \$10,000 addition to the plant. They expect to have it finished ready for occupancy about September, and will employ fifty additional skilled workmen after the change.

REPORT ON STREET OILING
Lemoyne, Pa., June 22.—At a meeting of the Welfare League of Lemoyne, last night, a committee was appointed to make a detailed report of the oiling of Rossmore street and Hummel avenue, and place it in conspicuous places throughout the town. The League decided to discontinue holding sessions during the summer months unless a meeting be called by the president on some important matter.

FOX-SPICED WEDDING
Marietta, June 22.—Miss Catharine M. Spicer, of Kirkwood, was married Wednesday night to Prof. H. Arthur Fox, of Weatherly, in the Emanuel Lutheran Church, at Lancaster. The bride is a graduate of the Lancaster General Hospital.

HARRY WEALAND DIES
Marietta, June 22.—Harry Wealand, aged 60, a prominent resident of Elizabethtown, died Wednesday night. He was superintendent of the Kreider shoe factory. His wife and a son survive.

HELP THE RED CROSS NOW!

Standing by the President

means more than merely voicing our sentiments — it's a time for action — a time to display our liberality and charitable inclinations.

Thousands of our young men will be called to the front and will necessarily suffer the hardships and wounds which the wage of battle will inflict, so

Give to the Red Cross War Fund This Week

Then you can go about with a smile and the big satisfaction of knowing you are doing your part for our gallant boys.

HOW THE RED CROSS WILL LOOK AFTER AMERICAN TROOPS AT HOME AND ABROAD

American troops, under General Pershing, will soon be on the firing line in France. They deserve America's best.

The Government will see that nothing is lacking, in equipment and material, to make them efficient fighting men.

The American Red Cross must see that nothing is lacking to keep them healthy, happy and efficient soldiers.

For this the Red Cross must have—

- Hospital and medical equipment to supplement that of the Army Medical Department equal to any emergency. Equipment to care for 1,000,000 men ought to be provided at once.
- Recreation and rest facilities behind the firing line. Americans on leave unlike the British and French, cannot return to their homes. Club rooms, sports supplies, books and other means of recreation must be sent them from America.
- Personal comfort kits and small articles not included in army regulations. Many thousands of articles, from tooth brushes to writing paper, pipes, etc., are needed to take the place of things that could not be brought along.

To safeguard the health, comfort and happiness alone, of American troops abroad \$100,000,000 is little enough.
