**FRECKLES**

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails. Don't hide your freckles under a veil; get an ounce of othine—double strength—and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.—Adv.

**NEWS OF STEELTON**

**STEELTON WILL GET HER SHARE**

**Committeemen Are Confident That Residents Will Make Contributions**

Steelton will oversubscribe her pro rata share to the Red Cross fund as was the case in the Liberty Loan. Although the returns did not bring the amount close to the goal set, committeemen are of the belief that residents who have not yet subscribed will contribute liberally. Reports made at the noon luncheon yesterday brought the total amount up to \$16,486. The team reports of the collections yesterday were: H. A. Cumblers, \$206, total \$1,760; L. E. McGinnies, \$292, total \$1,576; Dr. J. A. McCurdy, \$367, total \$1,186; T. T. McEntee, \$623, total \$1,479; T. J. Nelley, \$482, total \$2,485. The total amount collected yesterday was \$1,970. There will be no luncheon tomorrow, the final meeting being scheduled for Monday. At this meeting complete reports will be made from all teams. The small contributions were coming in from all sides to-day. **Cocoon Oil Fine For Washing Hair**

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulitified coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulitified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Adv.
