

U. S. URGED TO FIGHT IN AIR

Nation Can Blast Way Through Lines With Big Fleet

Washington, June 22.—Invasion of Germany—carrying of the fight into the Kaiser's territory through the air—with success deemed certain by allied war heads, is the plan urged by the allies, it has become known here.

Chiefs of visiting war commissions assist the plan will bring complete victory nearer by many months, provided the program of the National Defense Council's aircraft production board goes through. That program calls for 4,000 American air machines for the fighting front by April, 1918, and for 10,000 by the following August.

Lieutenant Amaury de la Grange, noted French air fighter, emphasized to-day the importance with which the allied general staffs regard America's capabilities in furnishing the "air power" that he is convinced will make possible shattering of the Teuton battle lines.

Nothing is impossible if we allies get and hold mastery of the air," Lieutenant de la Grange said. "Berlin is even open to us. Let America contribute as her biggest air power toward re-establishment of democracy, the air preponderance, as she can do, and then, indeed, will German 'divine right' rulers call for a real peace instead of a pseudo peace.

Big Move Toward Ending War—Put through this proposed program and you Americans will win the war and end the war with less cost in money and lives than you could do in any one or all of a dozen ways. Put through this program and we can destroy the great German munitions works, their great mobilization depots, their great factories for production of motor transport and flying machines.

Put it through and you Americans will make possible the destruction of those bases from which steal the modern submarines. Smash in democracy's cause, the great air squadrons and we fighting men will make scrap heaps of the great German naval bases. The key to our victory is made unless if we have sufficient machines.

With sufficient machines we fighting men—yours and ours—will render impotent the huge guns of Helgoland and make possible the obvious—storming of that fortress by your battle fleets and ours. Air can do what possible if you but furnish the preponderance in the air.

Germany has declared "verboten" sea zones, and our ships and our air mastery we will declare forbidden zones in German territory—say a zone 100 miles behind the German lines. We will give civilians ample time to move away.

Then, with our numerically superior air fighters, we can conduct super-airraids on troop mobilization points and on artillery stations that will make it impossible for the Germans to withstand, any series of attacks. But we must have force to make the machine to do this, America can do it.

Eleven Get Diplomas at Mount Union High School

Mount Union, Pa., June 22.—Annual commencement exercises of the Mount Union High school were held in the High School Auditorium last night, when eleven young men graduated. The address to the graduates was delivered by Dr. Leon Cushing Prince, professor of history at Dickinson College, Carlisle, on the subject "Square Pegs in Round Holes." Clyde Huber gave an oration on "The Hope of the Democracy and the Future of the Nation." The high school chorus and orchestra also helped to make the program a success. The mantle was presented to Bryan Gracey, of the Junior class.

The graduates were: Fae Longacre, Nellie Grady, Lorma Roberts, Musetta Rosensteel, Rebecca Lutz, Carrie Wilson, Marion Hower, Clyde Huber, Quay Schmettle, Harry Rice and Alvin Preson.

Senators Would Tax Newspaper Publishers

Washington, June 22.—Newspapers and magazines must pay 4 cent more postage if congress passes the recommendation of the Senate finance committee agreed upon yesterday. The committee also decided on a 5 per cent tax on the net profits of all publications above \$4,000.

BURGESS ISSUES WARNING

Lewistown, Pa., June 22.—In keeping with the new nation-wide movement to prevent waste and in behalf of economy for more worthy purposes Burgess G. A. Leopold yesterday issued a Fourth of July proclamation in which he urges all citizens to expend their money for more worthy purposes than for the purchase of the different kinds of fireworks used usually in the celebration of Independence Day.

FALLS 100 FEET, LIVES

Philadelphia, June 22.—Frank Atkinson, a steeplejack, fell 100 feet from a church spire yesterday, and his only injury was a broken wrist. He was painting the spire of the Catholic Church of the Sacred Heart, Third and Dickinson streets, when his support gave way.

HONORS FOR CHIEF

Chief of Police J. Edward Wetzel was appointed on the executive committee at the annual convention of the chiefs of police of the state held this week in Philadelphia. A resolution was adopted thanking Governor Brumbaugh for signing the civil service bill for policemen in third class cities.
