Presbyterian Association Wants Organizations Not to Interfere With Services

An interesting session of the Presbyterian Association of Harrisburg and vicinity, comprising the pastors and officers of the various churches, was held at the Capital Street Church last evening. J. Henry Spicer, the president of the association, submitted for consideration the question of the gradual invasion of the midweek service by organizations and societies which have chosen Wednesday evening for their regular meetings.

He also suggested that many social functions and conferences were fixed for the same evening, when any other evening would have done just as well. As a result of Mr. Spicer's remarks on the subject the whole question was threshed out and the following resolutions were unanimously adopted: Whereas, We view with regret the tendency of various organizations, societies and other bodies in arranging their meetings for different purposes so that they interfere with our Wednesday evening church services;

Therefore, it is resolved by the Presbyterian Association of Harrisburg and vicinity in our quarterly meeting, to urge, to sincerely request the different associations in our city to so arrange meetings as not to interfere with the religious work of our churches on Wednesday evening.

Tells of Assembly The next regular meeting will be held at the Immanuel Presbyterian Church. An appropriation of \$25 was made for the Red Cross cause. The Rev. Dr. John R. Rendall, president of the assembly, gave an interesting talk on his impressions of that great gathering at the University of the Lincoln University, the pastor of the Capital Street Church, the Rev. Mr. Ward, being a graduate of that institution.

During the evening the choir of the church sang several selections and the ladies entered the church at dinner in the lecture room.

given at Fort Niagara, where men are being trained for commissions. At the present time any non-commissioned officer may apply for the examination to be given a commission for the war. It is believed that he successfully passes the test.

Will Shorten War Following is the text of the letter: "This communication is sent to you with the hope that you may realize the necessity for men, ready to be taking part in this war. Such men will guarantee success and shorten the war."

"There are fifty-one new regiments of infantry, cavalry and field artillery being organized and a number of them are going to be stationed at Gettysburg, Pa. "WILL HAVE THE OPPORTUNITY OF SERVING YOUR COUNTRY AND STILL BE NEAR YOUR HOME."

"You will receive instruction in military art from the Government's best-trained men. "As soon as you are proficient in your duties, you are sure of advancement to the higher grades and your services would be invaluable to the Government in training the new troops to be selected and called in service about September.

"By enlisting now you will have all the advantages to prepare yourself and your training will be as thorough as if you were in one of the student camps at Fort Niagara. "As soon as you are proficient, it is your privilege to make application for a commission in temporary service. You will receive the best instruction that the Government can give and you will be preparing yourself to train the millions of men to be called in service before the war is over."

"THINK IT OVER. Call and see a recruiting officer. You can be assigned to a regiment at Gettysburg. "All kinds of men wanted—Clerks, stenographers, typewriters, chauffeurs, cooks, bakers, musicians, teamsters, blacksmiths, carpenters, and all classes of skilled labor. This is your opportunity."

Boy Scouts to Help Joseph H. Mason, scoutmaster at Middletown, has offered the use of a 40x60 foot tent for recruiting. The tent was erected by the Boy Scouts and has been used by them as headquarters. Captain Harrell intends to take advantage of the offer by recruiting officers to Middletown. Two men enlisted yesterday from Harrisburg. They are Paul G. Magill, 2366 North Sixth street, and Raymond H. Thirouin, 644 Geary street, field artillery.

CUDAHY BACK TO PACKING Chicago, Ill., June 22.—Patrick Cudahy, the packer, who recently announced his retirement from business in favor of his sons, is back in the harness again. It was learned today. One son has become a lieutenant in the regular army and another has joined an officers training camp. The war has no more left for the father to do but to come out of retirement to release them to duty for their country.

PRINCETON STAFF IN CHINA Y. M. C. A. WORK

Donald W. Carruthers, of State street, has just sent home the above picture of the Princeton staff in Peking, including, bottom row, left to right, D. W. Edwards, '04; Robert R. Galley, '02; A. N. Hoagland, '06; top row, Donald W. Carruthers, '15; Seymour, '16; L. Sweet, '14; Heymyer, '16, and E. Wall, '16. All these men are in the Y. M. C. A. work in China, Donald Carruthers doing special services among the soldiers and sailors. The staff is associated with the diplomatic corps in Peking.

Mr. Carruthers tells of meeting President Li of China, with the Union Language school of foreigners. The party was received in the palace and had a fine chance to see the private grounds, take pictures and view some Chinese paintings of rare beauty. Tea was served to the guests and the president was most cordial.

An account written by Mr. Carruthers of the presentation by the Peking Choral Society of "The Holy City" by Gaul, has a prominent place in the Peking Gazette of May 11. This is the fourth production by this society in the two years since it was organized and the fine chorus was assisted by the orchestra of the Union Philharmonic de Peking, augmented by several members of the French guard under the able direction of Professor J. F. Heymans. A portion of the profits, it is interesting to note, was devoted to the American and Allied Red Cross funds.

SHOPPING IN JUNE Thoughts For the Sweet Girl Graduate and the June Bride

Commencement Day Every graduate who receives a diploma to-day should have it framed at once before it gets dusty or torn, and the Theo. Lorenz Shop, 1322 North Third street, makes a specialty of this work, which they do excellently and at very moderate prices. They have a large assortment of moldings specially selected for the framing of diplomas and the work is guaranteed to be satisfactory. This shop is in the block just above the Broad street market house, so that it is very conveniently located for customers of the market who wish to have their son's or daughter's diploma framed.

A Summer Living Room A living room which is charming in its restfulness is designed by the Blake Shop, 225 North Second street, using for the wall covering a most beautiful and unusual paper. It is of shadow-like masses of blue-gray foliage through which one seems to catch glimpses of the clear depths of pools and bright patches of sky, conventionalized into ivory tones which blend beautifully with the other tones of the paper. These soft gray-blue tones are exquisite with the lovely silken hangings of coral pink which this shop suggests and these delightful color combinations are put a sample of the many harmonious decorative schemes which they offer.

Footwear Comfort As well as the newest and smartest of fashionable footwear, the Walk Over Boot Shop, 226 Market street, is well prepared to offer hot weather comfort for all those whose feet require special fittings, and one of their splendidly designed models is in black glazed kid with good walking heel and is moderately priced. This boot is made especially for the other foot for unions or corns, while the narrow width is retained at the back, making a neat and shapely oxford, yet one that will give perfect comfort. There is a great deal in fitting a foot correctly, and this shop can fit you in a shoe that will look small, yet be big just where you need it.
