

NEWS OF THE LEGISLATURE

TRANSIT BILL IS PUT ON CALENDAR

Fight Against It Was Very, Very Tame; Phillips Puts Over Resolution

The Senate bill which is backed by the Philadelphia city administration as the measure to give the Quaker City rapid transit, got into the House at 12:35 o'clock this morning.

Aron and his subcommittee had a hearing at which the mayor, Tuesday, the committee made a negative report. This was promptly overturned by a majority of fourteen men and then the Philadelphia members, the mayor and others had to sit around until the filibuster against the full crew bill ended.

Mr. Baker, Washington, reported the bill and it passed first reading, notwithstanding objections by Mr. Ehrhardt, Philadelphia.

Soon after the House went into session a resolution was adopted providing that all bills reported from committee on Tuesday morning should be read the first time. It was presented by Mr. Phillips, Clearfield, seconded by Mr. Glass, Philadelphia.

A resolution was also adopted endorsing the American Purple Cross, a war organization of undertakers, after disposing of the bill which law the House took up its regular order of business, although it was almost 1 o'clock in the morning and some attempts to adjourn were made.

The prison labor bill was reported out with salaries eliminated. The fishermen's license bill which was debated last week was defeated, falling five short of the required number.

The House appropriations committee reported favorably the resolution for a commission to study the subject of old age pensions. The bill to purchase the Pennsylvania collection for \$15,500 was reported.

TELS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities are due nine tenths out of ten to an excess of hydrochloric acid in the stomach.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion, or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals.

There is probably no better, safer or more reliable stomach anticid than Bisurated Magnesia and it is directly used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five-grain tablets taken in little water with the food will neutralize the excess acidity which may be present and prevent its further secretion.

FOR THROAT AND LUNGS STUBBORN COUGHS AND COLDS

Eckman's Alterative

Vigorous Men and Women Are in Demand

If your ambition has left you, your happiness has gone forever unless you take advantage of H. C. Kennedy's magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Wendell's Ambition Pills, the great nerve tonic, can't be beat for that tired feeling, nervous troubles, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver ailments.

Be sure and get a 50-cent box today and get out the rest. Remember H. C. Kennedy and don't ever buy where they are authorized to guarantee them.—Adv.

SENATE ACTS AS THE HOUSE FIGHTS FULL CREW BILL

Clears Up Numerous Bills Upon Its Calendar Prepares Act to Adjournment

While the House of Representatives was fighting over the full crew bill, one of the two bills disposed of in the lower branch, the Senate worked away on a calendar and got things into excellent shape for adjournment. The chief matters of interest were Philadelphia transit bills which passed and the Stoffel bill to make it a misdemeanor for a minor to misrepresent his age to get a drink, which was defeated after being assailed by Mr. Leiby, Perry.

The bill forbidding free lunches in places where liquor is sold was favorably reported from committee.

The Senate also agreed to the conference report on the antidrug bill. Among the fifty or more bills passed finally were:

Accepting federal vocational education act. Providing for appeals to the Superior Court from the Public Service Commission. Creating bureau of township highways. Regulating employment of persons about compressed air work.

For state aid to agricultural fairs. Authorizing second-class cities to buy food and store it in case of emergency and to pay salaries of employees who enlist.

For favoring the submission of a constitutional amendment for graded taxes. Giving state consent to purchase of land by War Department.

For providing dissemination of information on birth control. Creating a state salary board. Increasing salaries of registration commissioners.

For civil service in engineering, electrical and building inspection departments of third-class cities. Favoring the submission of a bill providing for \$5 a day for county assessors employed in third-class cities and that regulating taking of sand from streams.

The Senate worked until after midnight and then took a long recess to allow the mine cave hearing to be held, finally adjourning after 2 a. m.

RETAIL MILK DEALERS TO TAKE FINAL ACTION IN PROPOSED INCREASE

Retail milk dealers of the city, who several weeks ago decided to raise the price of milk from eight to nine cents a quart on July 1, will meet tonight to act finally on the question.

Up until now the public has started a protest. Several milk dealers, refusing to increase prices, are protesting against the new deal. The retailers who are planning the raise, last November the retail deal increased from seven to eight cents a quart.

THIEF STEALS TROUSERS JUST EMPTIED OF \$600

Denver, Col., June 25.—"Pure luck." That is the way Sam P. Debbler, of 510 West Chicago street, expresses his feelings with regard to a burglary committed at his residence which netted the thief a pair of Debbler's trousers—nothing more—and saved Debbler about \$600.

Debbler, who runs a clothing store at 1704 Larimer street, placed a wallet containing \$600 in his hip pocket as he started home. In his other pockets he had about \$10 in silver.

Upon arriving home Debbler tossed the wallet with the \$600 under his pillow. He had nearly completed disrobing for the night and had placed his trousers over a chair when suddenly a hand was thrust through the open window near the bed and the trousers disappeared as the hand was withdrawn.

Debbler called for the police, and Detectives Sanders and Schumacker responded. When they arrived at the Debbler house they were unable to trace the burglar through the yard by a trail of silver dollars and small change which had fallen from the trouser pockets as the hand which used the pillow remained intact. The thief escaped.

CARRIES ICE CREAM TO WIFE. THEN QUICKLY ENDS LIFE

Butler, Pa., June 25.—J. E. Pine, 45, contractor here, carried ice cream home to his invalid wife last night and while she was eating it, said "good-by," pulled a revolver from his pocket and shot himself through the head. He was taken to the Butler County General Hospital, where he died at midnight.

Derangement of mind caused by business worries, it is said to have been the cause of the tragedy.

GOVERNOR URGES "A SANE FOURTH"

Issues Proclamation Calling Upon People of the State to Be Careful

Governor Brumbaugh to-day issued a proclamation calling upon the citizens of Pennsylvania to observe "a safe and sane" Fourth and urging all newspapers to support the movement by publication of "wise news items and definite editorials"; while ministers, officials and organizations are urged to do all they can to secure a proper observance of the day.

The proclamation is as follows: "Whereas, July 4 is Patriotic Day on the calendar and its meaning and significance are not merely national but world-wide, and

"Whereas, the day was first officially observed in Pennsylvania in 1777, where one year before in Independence Hall the day was sacredly set aside as the most important day in the annals of nations, and

"Whereas, in this time of bitter strife of cruel war and of carnage it may well be that the tendency to observe the day in an unwise way will seize upon our people, resulting in many needless casualties, including loss of life, serious and permanent injury and destruction of property, all upon the false assumption that the use of explosives will in some way express patriotism, and

"Whereas, there never was a time so fatal to our nation, when a proper and dignified observance of this natal day of the Republic will best inculcate and inspire true patriotism.

"Therefore, I, Martin Grove Brumbaugh, Governor of the Commonwealth of Pennsylvania, do hereby call upon and counsel all citizens to avoid such forms of celebration as are in any way hazardous to life or property. Public officials should issue no permits for the sale of fireworks or explosives of any kind. These officials should seize and remove all fireworks or explosives kept or stored without a legal permit.

"There should be a campaign of publicity in harmony with the above suggestions instituted in every community. I call upon all publishers of newspapers to support this proclamation by wise news items and editorials upon the subject of the day. I call upon all ministers, all patriotic officials, all societies that have the love of this Republic at heart to organize for a proper observance of the day, which observance should include addresses upon the meaning and value of our country. The wrongs of war and how they may be avoided forever, the true meaning of liberty, the reason for the right observance of the day and due recognition of the fact that the nation that forgets God shall perish.

"I call upon and counsel all citizens to give special attention to the right care and culture of children in all things that make for true citizenship in this Republic and to give by example as well as by counsel an unusually fitting observance of the great anniversary."

1,000,000 COLLECTION OF STAMPS PURCHASED

New York, June 25.—The world's second largest postage stamp collection, which was owned by George H. Worthington, retired capitalist and railroad director of Cleveland, has been sold to a New York collector, it was announced today by J. C. Morgenthau. The name of the purchaser was withheld, as he plans to retain a portion of the stamps and dispose of the rest.

SENATOR SIGNS DRAFT SLIPS, BUT HATES WAR

Lockport, N. Y., June 25.—State Senator George C. Thompson signed the state military enrollment blank here only after a heated wrangle with County Census Director Foley. The senator would not sign until assured he wouldn't be enrolled in the state militia or National Guard. After he signed it was discovered that he is forty-six and not subject to draft in either organization.

AMERICAN WRITER MAY BE DEPORTED BY MEXICO

Havana, June 25.—John R. Caldwell, American newspaper correspondent and magazine writer, who has resided in Havana for a period of twelve years, was placed under arrest last evening, and it is reported, will be deported by order of the Cuban Government.

Caldwell is charged with being the author of an anonymous article that appeared in a recent number of a magazine published in the United States. The article attacked President Menocal and American Minister Gonzales, and referred disparagingly to the wife of President Menocal.

INDIANS RESENT BARRING OF "MEDICINE DANCE"

Fighting interference by government authorities in their medicine dance which they hold a religious rite and unobjectionable to even the white brother, a delegation of Indians, representing about 1,000 Chippewas on the Red Lake reservation, have appealed to Governor Burnquist to use his influence with the great white father at Washington in their behalf.

The party of redskins included three young bucks, Louis J. Carpenter, the only one who speaks English, and Dan and Perry Perkins, and a young squaw, Nechequay Carpenter, all from Deer River and vicinity.

Carpenter explained to Eric L. Thornton, secretary to the Governor, that the Indian agent, whose name he did not recall, last summer ordered the Indians to discontinue the medicine dances. The dances went on, but in secret, the spokesman admitted, and now the agent is pressing them hard and they are in fear of arrest for violating the order. A protest will be made to the Commissioner of Indian Affairs at Washington, and Governor Burnquist will decide whether he will recommend revocation of the order that is causing so much grief among the Indians in Northern Minnesota.

GOVERNOR URGES "A SANE FOURTH" Issues Proclamation Calling Upon People of the State to Be Careful

Governor Brumbaugh to-day issued a proclamation calling upon the citizens of Pennsylvania to observe "a safe and sane" Fourth and urging all newspapers to support the movement by publication of "wise news items and definite editorials"; while ministers, officials and organizations are urged to do all they can to secure a proper observance of the day.
