HIGHWAY WORK

Action May Be Taken on Awards Within the Next Few Days at Capitol

Decisions will be reached by Highway Com-missioner Black this week regard-

Commissioner Black asked for bids twice and on some did not get last Monday, committeemen started any bids the second time. These roads are now being considered with been subscribed on the opening day, Spruce street, has been completed been subscribed on the opening day.

Spruce street, has been completed been subscribed on the opening day, Spruce street, has been completed been subscribed on the opening day, Spruce street, has been completed been subscribed on the opening day, Spruce street, has been completed been subscribed on the opening day, Spruce street, has been completed and will be seen subscribed on the opening day. bids twice and on some did not get any bids, the second time. These roads are now being considered with a view to having the state undertake the work itself if it can be done without heavy expense. In other places where work has been projected engineering studies and price conditions have shown the operations to be very costly and there may be splitting of the work into sections and improvement of those connecting them.

The maintenance work is being pushed with the utmost vigor all over the state and many of the highways are now in better condition than for years. A considerable force of men is also at Mt. Gretna.

Newport To-morrow.—The hearing in the complaints against the rates of the Newport Water Company is scheduled for to-morrow in the Public Service Commission offices.

Forming Headquarters Troop.—Forming Headquarters troop for the division headquarters troop will be attached to headquarters and not to the third to the particular and not to the head at Shamokin for orm a headquarters and not to the first canned to the contributors and assures them the contributors and

must hand it to Sanpan. It surely does the work.

"Do you know I did not know a well day. A sluggish liver had poisoned my system. My stomach was in a bad way and my food did me no good. I always had heartburn after eating, and many times after eating gas would press against my heart and cause bad pains.

"I felt tired out all the time, had no life about me. When the time would come to get up I felt that I would just have to have more rest, and would have to force myself to rise. I was troubled with constipation and a catarrhal condition, and really all these things had me going.

"I heard a lot about Sanpan, but was a little leary, however. I kept reading the daily reports of it in the papers, and made up my mind to try it, and say, it was just wonderful the way that medicine did take hold, and in a short time it drove all my troubles away, and I am fine as a fiddle—Yes, indeed, I surely have a good word for Sanpan. It is great."

Sanpan is now being introduced at Keller's Drug Store, 405 Market street, Harrisburg, where the Sanpan man is explaining its merits to the people.

Sanpan will be sent postpaid upon receipt of the price,—Adv.

IS CONSIDERED STEELTON MAKES ADD COURSES TO **GOOD HER MARK**

Gets Almost Twice as Much Folk Dancing and Sewing Are Additional Instructions For Red Cross as Had Been Expected to Be Given

this week regarding the contracts on which bids were received a short time ago on the second adversement. The list includes the Swatara township road in this county and a number in Western Pennsylvania.

Subscribing \$28,493.11, Steelton has almost doubled its alloted additional courses to be added to the playground programs according to Supervisor Irwin this morning. Definite action will be taken at a meeting of the finstructors to-morrow morning at 10 o'clock. Supervisor Irwin announced that the first interplayground contest would be held July 11.

Is Put Into Operation

A new open hearth furnace at the local steel plant has made its first heat. This is one of the units of the large improvement program of the local plant.

The furnace is a 200-ton tilting type and has been under the course of construction for several months. There are now nine open hearth furnaces in the plant, three of the titling type and six stationary. The coke ovens are now under construction but will not be completed until the latter part of the year. The construction of many numbers on the extensive program has been held up on account of the scarcity of material and labor.

Steelton Band Hall Is

The Steelton Band hall in Front street is undergoing extensive improvements. Manager W. B. Hoddinott, secretary to Quincy Bent, superintendent of the local steel company, announced to-day that the building would be rewired and equipped with a modern lighting system, painted and papered. The improvements will involve several hundred dollars. Other improvements will involve several hundred dollars. Other improvements are planned for the convenience of the musicians. There is some talk of a new band hall, but this is a matter of the future on account of the present situation. Uniforms for the men arrived several days ago and will be given out to the players at the next practice.

Mrs. Eliza D. Calder Dies at Age of 89 Years

Dies at Age of 89 Years

Mrs. Eliza D. Calder, widow of the late Rev. James Calder, aged 35, died last evening at the home of her stroke. She was one of the older street from the effects of a stroke. She was one of the older residents of Steelton and Harrisburs. She was born in South Second street, Harrisburz, on the site of street, Harrisburz, on the site of street, Harrisburz, on the site of treight station and later moved to a dwelling located where the Orpheum theater now stands. Her father now stands. Her father now stands. Her father now stands the father station and later moved to many years.

Mrs. Caler is survived by two for the first aid work of the Red Cross. They will be given ten less for of the Frankford Baptist Church (Philadelphia, and Wallace R. St. Jahr. 2014. FAMILY FROM FIRE

Wilkes-Barre, Pa., June 24. — The
incessant screeching of a parrot saved
the lives of Mr. and Mrs. Templeton
and their children of Mount Zion,
near the Wyoming campgrounds, by
awakening the family and giving all
a chance to fight their way from a
burning building.

Fire from an unknown cause started in the storeroom on the first floor
and spread quickly. When smoke began to fill the livingroom the parrot
began to protest, and did it with violent squawks and fierce screeches.

LIGHT-HEARTED WOMEN

An address by S. J. M. McCarrell, past thrice potent master, last evening featured the celebration of St. John's Day at the Lodge of Perfection in the Scottish Rite Cathedral. Judge McCarrell drew a comparison between the coming of John the Baptist as a forerunner of Christ and the need of national preparedness.

With Fred J. Kramer at the organ, the members joined in the singin of "America." Invocation by Thomas Wilcox preceded a vocal duet by Walter E. Dietrich and John N. Kinnard, Augustus G. Shantz sang a solo. After he singing of "The Star-Spangled Banner," the Rev. Thomas Reissh pronounced the benediction. A lunchion was served in the banquet hall.

Eczema Wash

of Foods

FIFTEEN or twenty years ago the scientist who devoted any time to household subjects was really considered not just altogether right.

But now we have learned a lot about bacteriology, thanks to the scientist, and every housewife should know more about this subject than she does.

Perishable food products should be kept under refrigeration at all times if they are not to spoil. Bacteria, like our bodies demand food; they thrive in moisture and high temperatures, but do not thrive when foodstuffs are held under refrigeration.

False Economy to Do Without Ice.

It is false economy for the housewife to figure on getting along without ice. The correct handling of perishable foodstuffs in the home require that they be placed immediately in a well-iced refriger-

Meat, for example, is kept in cold storage in the meat market, when brought into higher temperature the water comes out of it and the first thing you know the meat spoils.

Fruits which have been shipped from the South, comes out of cold storage and if kept in a high temperature in the home soon spoils, if not safeguarded

Isn't it economy to keep the butter in the refrigerator and have it come to the table fresh, sweet and hard, rather than in a half oily form?

Alspure Ice is the cheapest thing you can buy for the value given. At a small daily cost you derive benefits worth many times the actual expense.

TELEGRAPH TO AID SUBSCRIBERS **IMPROVE HOMES**

The demand for greater economical living in the present crisis of our country makes it obligatory that every housewife and true helpmate should be prepared to do her part in eliminating every unnecessary expense, whether in the matter of wearing apparel the management of the home or in the

The greatest results are obtained by those who are prepared—those who know how to practice economy in a scientific way, by doing their own sewing and plain dressmaking and milinery. By knowing how to make their own wearing apparel and hats they eliminate the great expense of hiring a dressmaker or having a milliner do the of work for thom... It is knowing how to do a thing correctly and scientifically that produces the greatest possible and lasting results. Average knowledge in the farreaching subjects of economy is not enough. The knowledge must be gain ed through preparation. It must be ecientific.

an opportunity of learning the scientific method of practicing economy The money a woman can save by knowing how to make her own dresses

without sacrifice of personal or home comforts if the housewife knows how to go about it scientifically. The National Housewives' League, that great economical body of 800,000 thrifty women, have adopted the slogan "Save to Win!" These women know the value of saving and how to avoid every unnecessary expense both in a personal way and in the kitchens of their homes and in the kitchens of their homes and in the proper and scientific management of their homes. Study and application of economical principles have made them one of the great and most helpful forces in the country, simply because they know the scientific way of doing things in the exercise of practical economy. It is every woman's duty to serve her country by applying the principles of ecestomy in the home. The women of this country never had a better opportunity for patriotic action than low.

Extraordinary Announcement

TO ALL SUBSCRIBERS TO THIS PAPER

Would you accept the advice of internationally known experts if they advised you how to do or accomplish certain things that would be of personal benefit to you, something that would immensely profit you in an educational, healthful and economical way, something that would be of every day usefulness to you?

The management of this paper has made special arrangements with The Lincoln Correspondence Schools, Inc., of New York City, a leading educational institution, by which every subscriber to this paper may receive a thorough practical education by correspondence, in any one of the following home-study courses:

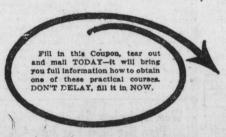

Physical and Beauty Culture — Millinery — Sewing and Plain Dressmaking—Cookery—Home Management—Etiquette

These courses were prepared by experts who are known the world over because of their unquestionable ability as teachers and authors. You will have the opportunity of learning, what years of study and practical experience have taught them—you will have the opportunity of studying the most practicable lessons of their kind that have ever been prepared.

The first consideration in preparing these courses was practicability, and a system of thorough instruction for the busy woman, who has no time to devote to unnecessary things, and who only desires to apply herself to undertakings that will benefit her, such as economy in household expenses, the scientific management of the home, saving two-thirds of her own and children's dress expense by knowing how to sew, making her own hats at a great saving in cost, at the same time having more attractive and becoming headwear, learning how the proper care of the body develops a graceful figure

and promotes good health, and the science of having a perfect skin and a beautiful complexion, and many other scientifically prepared sub-jects, each one of which can be applied for personal gain in countless ways.

These courses deal with facts, formulas and methods based on actual experience and practice in teaching thousands of students in every part of the world. Whether you are a woman of the home or a woman following some occupation or business, any one of these courses holds vitally important essentials for you; they will help YOU.
