

CITY RESPONDS TO NATION'S PLEA

(Continued From First Page)

On April 21, ten thousand strong, Harrisburg marched over the streets, much of the time through a steady rain. Public officials, businessmen, thousands of employes of stores and shops, all were united in doing honor to the colors. Many thousands more lined the sidewalks and cheered and applauded as division after division passed by.

At the same time that the entrance in the National Guard, a recruiting campaign was on in the Harrisburg district to raise the required number of men to meet the quota allotted for this territory for the regular army. Long since this quota has been reached, and scores more have enrolled.

RED CROSS BENEFIT

For the benefit of Red Cross work five young girls, the Misses Mabel Pottelcher, Pauline Meredith, Ethel Meredith, Muriel Michaels and Mary Owens, will hold a festival Monday evening in Camp, near Sixth street.

GENERALITY AID RED CROSS

In the Red Cross work, too, Harrisburg has an enviable record. Starting a drive last 1,000 members in week, the campaigners went far above this allotment. Headquarters have been opened in Walnut street, and several times a week many women come there and help roll bandages and make other necessary articles for use in the hospitals.

HOME GUARD FORMED

The National Guard units of the Eighth Regiment, also lacking full war strength enrollment, started a drive for recruits. Again the men responded with the result that more than seven hundred lie on the company lists of the guard. With the addition of about one hundred more in the National Guard and a small number in the regular army, when the first draft is made no men may be taken from the city and county.

SONS OF REST IN CHARGE

While waiting for conference reports, the House had some mock sessions. The Philadelphia Sons of Rest took charge of affairs and calling Mr. Franklin to the chair gave him the gavel. Mr. Rothenberger, Berks, was then decorated with a big pink ribbon the mark of the order, and told to run the Legislature. He had a very successful if noisy time.

"We Are Answerable to the People" Demand Volition (Daniel Webster) AS builders of a great public utility, the Firestone Organization represents the people and is "answerable to them." Answerable for the safety, comfort and money-saving of those who ride on tires that bear the name Firestone. The Firestone super-size Cord Tire is a characteristic example of the Firestone sense of public responsibility. It provides the limit of luxurious riding with gameness for the emergency test and the inbuilt strength which insures "Most Miles per Dollar." 11,000 Firestone employes are stockholders in the business. Each man, therefore, feels personally "answerable" for satisfactory service in both fabric and cord tires at lowest possible cost.
