

LIBERTY GOLF TOURNAMENT AT COLONIAL COUNTRY CLUB---BASEBALL TOMORROW

GOOD GAME FOR WEST END FANS

Champs to Play Jackson A. C. in Series For Local Honors

Harrisburg's big game to-morrow will be played at Fourth and Market streets. The attraction will be the West End A. C. and Jackson A. C. While other teams have been showing space and are in the race for the local championship, the Jackson and West End nines are considered big factors in this season's series.

For several weeks the West End has had teams below their class. The schedule for the balance of the season, according to Manager Charles J. Householder, will mean faster games. The West End will also have the services of former stars and old-time battles are looked for.

Jackson A. C. Fast Bunch
Jackson A. C. has been winning victories every week and a short time ago defeated the Dauphin team of the Dauphin-Perry League. The Jacksons are a bunch of speed boys who make good in every game and furnish much interest for spectators. The game to-morrow will be for blood and there is considerable rivalry between the two teams.

West End offers facilities for a large crowd. The seating capacity of the grandstand offers big inducements to the fans to enjoy a game at small cost. The proceeds go to the upkeep of the grounds and to cover expenses of the team. No admission is charged, except for the grandstand. The game to-morrow starts at 3 o'clock.

A one-armed pitcher, former star of the Pacific Coast League, and who is the first of this variety who ever appeared on a local diamond, will be on the mound for the West End to-morrow.

This pitcher is Gene Davidson, whose father operates the Blue Line Transfer Company. The young man recently returned home from the west and for several seasons he wore a uniform in the Pacific Coast League.

Set New Cycle Records; Edward Baker Coming East

Cincinnati, June 29.—Erwin Baker, of Indianapolis and Los Angeles, Cal., motorcycle racer, established what is claimed to be a new endurance record for twenty-four hours at the Cincinnati speedway yesterday, when he covered 1,386 miles, against 1,153 miles made by Allan T. Bedell. Baker's riding time was 22 hours 26 minutes. He made nineteen stops and altogether spent one hour and thirty-four minutes at the pits for gasoline and repairs. He started at 6 o'clock Tuesday afternoon and finished at 6 o'clock last night. The official timers were furnished by the American Federation of Motorcyclists.

Baker, it is said, also broke all previous records for 500 miles by one hour and nineteen minutes and thirty seconds. His average time per hour was given as 57 1/4 miles. Baker is one of the entries for the big races at Pottstown on July 4, to be held under the direction of the Harrisburg Racing Association.

Opening Shoot of Midway Club Will Be Held Tomorrow

Enola, Pa., June 29.—Final plans for the opening shoot to be held tomorrow afternoon on the grounds of the Midway Gun Club, North avenue and State road, have been made, by the members of the committee in charge. The match will start at 1:30 o'clock with a beginners' shoot, which will be followed by four events of twenty-five targets each. "Lewis" class prizes will be awarded to the winners of the different contests. Guests from West Fairview and Harrisburg will attend the shoot.

The Sportlight

By Grantland Rice

Copyright, 1917, The Tribune Association (New York Tribune).

Starting through an assault upon an umpire, John McGraw has bumped into further trouble that now jeopardizes the Giants' pennant outlook. Through another assault upon an umpire Babe Ruth has tossed the Red Sox under a heavy ban—one that might easily cost the flag. As bad as some of the umpires have been is as arrogant and incompetent as some of the umpires have proven to be, nothing, of course, has justified the two assaults and the actions of other players upon the field.

THE CAUSE AND REMEDY

There is only one safe way to handle the umpiring situation. That is to make a steel-shod rule that no ball player or manager can speak to an umpire on the field and that no umpire, in turn, can speak to a ball player.

In other phrases, make the umpire an automaton, just as if some machine was out there registering the balls and strikes and putting out. One of the main reasons for poor umpiring is the abuse and nagging which officials receive on the field, where their judgment is bound to be warped and upset.

If this abuse and nagging were stopped the umpiring would improve immediately and the official could see with far clearer vision.

IN OTHER GAMES

Joe Vila brought out a vital point a day or two ago, when he mentioned that no other sport tolerates the abuse and nagging of its officials. Take the racing game, in a certain race thousands of dollars are wagered. At the finish the two leading horses are hardly an eyelash apart. Many bettors are confident their horse has won. But when the verdict is given the judges no one thinks of questioning or assailing the decision. It stands as part of the game.

An umpire should be treated in the same way. If he becomes incompetent and the league president refuses to remove him, then the vote of a majority of club owners or of six out of the eight should settle his case. In other words, the club owners are not going to vote to oust a competent official. One or two or three clubs might go after his scalp for certain games, but if his work was along good average lines there would be no question as to his fate.

AGGRESSIVENESS AND SUCH

You can put it down as pure bunk that abusing umpires constitutes aggressiveness. We have heard it stated more than once that if the players refused to kick on close plays the game would look dead.

To other words, if the men of 10,000 in the stands refuse to go after one man they look like quitters. If this philosophy is correct then baseball should be abolished as a sport.

The players can show all the aggressiveness that any fan desires by fighting the rival club, by hustling at top speed and by running out of play. The biggest drawing cards of baseball have been Cobb, Mathewson, Wagner, Johnson, Speaker and Alexander.

Yet these rarely have a word to say about the umpiring. If baseball's popularity depends upon umpire baiting then baseball is the poorest game that was ever known.

THE HELP

If the players would quit kicking at umpires then the crowd would soon follow the same lead, and the officials would have a chance to render decisions with much better balanced judgment.

Kicking never changes a decision. It merely leads to the expulsion of good players and a world of additional trouble.

AS FOR THE UMPIRE

With the umpire placed as an automaton there would be no longer any excuse for arrogance or show of authority. He would be incredibly atrocious. An arrogant disposition and overbearing attitude has wrecked Bill Byron, who at one time gave promise of being a good official.

But with the new rule passed there would be no occasion for league presidents to back up incompetent officials in order to maintain discipline. As it is now no matter how incompetent, arrogant, unfair or unbalanced an umpire becomes, he is backed to the limit and his faults overlooked. If an umpire is incompetent he should be fired at once. For a poor umpire can wreck a ball game quicker than any other factor. Club owners have a right to protect their industry and under a changed situation they could watch the work of every official and report upon his ability or the lack of it.

RULE IS DUE

The way out is easy enough. Give the umpire a chance to prove his ability by making him, as far as possible, a machine.

Place a heavy offense upon any kicking player—make it so that an umpire's decision cannot even be questioned unless it be a matter of the rules. No half way measure will do. This has been shown before. To say that a player can go so far—and then stop—is utterly foolish. A few can, but most of them can't.

Why should baseball be the one game where the official is a target for the field to shoot at?

WELLY'S CORNER

Reports from both major circuits show a falling off in attendance at games. Magnates are realizing more each day that the war is taking away interests in sports of all kinds. How some owners expect to pull through is a mystery.

Wellsville, a town that was strong in the Inter-State League, wants to take care of the Harrisburg franchise. There are several millionaires, according to reports, who want to keep the town on the baseball map and are willing to spend the cash to do so.

Hagerstown yesterday won the fourteenth straight victory in the Blue Ridge League, defeating Chambersburg, 4 to 1. The Maryland boys are now only four games away from the lead. Martinsburg, however, is a hard aggregation to beat.

Brooklyn, last season's champs in the National League, will receive their pennant on July 2. The presentation is to be an occasion for a big day.

Clarence Rowland, manager of the White Sox, who already has been voted the American League pennant this year by a majority of the experts, declares the New York Yankees appear to him to be the most formidable team the American League holds aside from his White Sox. He believes that if his team gets a way to a league championship this year it will be done with the Yankees trailing them into the homestretch.

The latest addition to Connie Mack's forces is Joe Dugan. He will be on the job to-day. He was expected to report yesterday. He met Connie Mack at New York Wednesday and obtained permission to remain there with his friends. Dugan is the Holy Cross second baseman after whom the Mack had engaged Dugan's services some time last winter. If Dugan looks anything like as good in "fast company" as he did in the college ranks he will be the find of the year. Connie said that he might play Dugan in one of the two games to-morrow. He would first see how Dugan felt about breaking in right at the jump.

One Girl's Definition of Popular Summer Sports
Baseball—A game which is played on a diamond. The players try to be brilliant. This game gives the fans a chance to mop their ballheads.
Cycling—An opportunity to see the county. Also to try that dusty roads. Usually the victim is heated and ugly when stopping for a glass of unpasteurized milk.
Swimming—An imitation of aquatic animals by humans which gives much enjoyment and blistering.
Tennis—A dress up game in which a series of contortions, otherwise seen only in vaudeville, are used. Love is the principal count in this game which no doubt accounts for its popularity.
Fishing—A case of "the worm and turning." Hours of weary resting without a nibble.

Lemoyne Council Gets After Gas and Water Companies
Lemoyne, Pa., June 29.—Council in special session issued vouchers in payment of interest on the borough bonds involving \$21,500, which comes due July 1. Most of the money supplied by the bonds was used in macadamizing Hummel avenue. Council next Tuesday evening will discuss the proposition of paving Rossmoyne street. A reply from directors of the Valley Railways company in regard to their support in the paving of the street is expected to come to council before the meeting. Some action as to the condition the Harrisburg Gas Company and the Riveron Consolidated company leave the street in after digging them up to lay pipes will be taken by council.

Forty Babies Entertained
Lemoyne, Pa., June 29.—Members of the Beginners' department of the Grace United Evangelical Sunday school were entertained at the home of Mrs. Ralph C. Crow in the home of Mrs. Ralph C. Crow in Hummel avenue yesterday afternoon between the hours of 2 and 4. About forty babies were in attendance.

D-P TEAMS ARE AFTER REVENGE

Perry County Contingent Is Away From Home Tomorrow

Eager to revenge themselves for last Saturday's defeats, the Dauphin county wheel of the Dauphin-Perry circuit will in this afternoon's conflicts, two of the games will be staged on Dauphin county soil. One lone game will be played in hoop pole Perry, Millersburg journeying there to meet the Newport leaders. Halifax will be hosts to Duncannon and Dauphin will entertain Marysville.

Millersburg is fighting hard to get out of the cellar and is primed for a fast game. Yarrison, the Gettysburg twirler, the victim of Newport last Saturday, is eager for revenge and may be sent to the mound to-morrow. G. Miller is also in good shape and may be used. Gail Buffington will catch. Bud Fry will soon return from the South and will likely be used in an infield. Newport will have its regular battery, Stricker, the spittal artist, and Landis leader.

Marysville is making one grand effort now to get into the first division, at least on the Fourth of July. Manager Lyter's Dauphin squad will be in good shape. Gary White, of Lebanon Valley, and Buck Giddy have been showing speed. It is likely that one of them will toe the mound to-morrow with the chances favoring the collegian. Lucky Rhoads will catch. Marysville will use the same battery as last week in this series. Duncannon College twirler, who occasionally twirls for the Reading team of the Allison Hill League, occupying the mound, and Len Lewis, likely of Macon, Georgia, upholding him.

Duncannon will go to Halifax. Diver will pitch and Minnich catch. Duncannon will use Brown on the mound with Waltz back of the bat. Clarke, who covered the first sack for the Harrisburg team of the New York State League, will pitch in the initial sack for the steel town lads.

Red Cross Unit to Manage Millersburg's Celebration
Elizabethville, Pa., June 29.—The Red Cross auxiliary, now numbering more than 200 members, will have charge of the Fourth of July celebration here. The chairman, Mrs. H. H. Hossinger, has secured the services of the Citizens' Band who will give a concert in front of the society's headquarters at 9:30 o'clock at the school park in the evening. The society will furnish ice cream and cake at the school park all day. An amusement committee, of which Miss M. H. Hossinger is chairman, will have a number of interesting events for the afternoon and evening. A baseball game of all home players will be held at 2 o'clock. In the evening at 8:30 the Red Cross people will parade in town and go to the school park, where there will be a number of pleasant happenings.

ELECTRIC DIRECTORY HELPS HOTEL GUESTS
Several hotels in New York have installed in their lobbies an electric directory for the guidance of their guests to points they wish to visit in the city. A metal directory board exhibits a city map, divided into fifty-six numbered sections, each lighted by a six-volt lamp controlled by a push button with a corresponding number. An index book gives the visitor the number of the section in which any street, building, or point of interest is located, as well as the name of the proper transportation line, and pushing the button of that number lights up the section on the board and shows its relative position and distance from the hotel.—From the Popular Mechanics Magazine.

SAVILLE TOWNSHIP TEACHERS
Blain, Pa., June 29.—At a meeting of the school board of Saville township the following teachers were chosen for the coming term: Eschel, Charles Hafensburger; Jefferson, Miss Mary J. Gros; Ridge, Miss Alice M. Range; Jackson, George Burd; Rock, Miss Mary Bixler; Irvine, Edward Bailor; Mountain Home, H. A. Johnston; Spring Grove, Miss Naomi Harvey.

The Summit, Ickesburg, Red and Ickesburg high school have not been let.

BULLET NOT REMOVED
Blain, Pa., June 29.—Mrs. Strasbaugh, wife of the Rev. Edward V. Strasbaugh, returned yesterday from the Harrisburg Hospital where she had an X-ray examination to locate a bullet in her shoulder. Dr. Kunkel did not advise an operation and therefore the bullet which is imbedded in the back part of the shoulder was not removed. Mrs. Strasbaugh was accompanied home by the Rev. Mr. Strasbaugh.

Kilbane and Leonard to Meet in Philadelphia

Philadelphia, Pa., June 29.—Two world's champions signed articles here yesterday to fight for the largest purse ever offered fighters in the history of Philadelphia.

Johnny Kilbane, king of featherweights, agrees to meet Bennie Leonard, the new lightweight champion, in a six-round fight at Shibe Park, Monday night, July 23. The sum of \$20,000 will be the reward of the fighters. Each fighter will draw down \$10,000 for his night's work.

New York, Cleveland, Pittsburgh and Canton fight clubs tried to get this attractive card, but Jimmy Dougherty, the Leipersville sporting man, opened his bankroll and landed the prize. He readily obtained the use of Shibe Park to stage it.

The men agree to make 133 pounds at 8 o'clock on the night of the fight, and each posted \$1,500 forfeit with Robert W. Maxwell. The articles were signed late last night. Billy Gibson represented Leonard and Jimmy Dunn acted for Kilbane.

Hans Wagner to Lead Pittsburgh National League

Pittsburgh, June 29.—Hans Wagner, veteran Pirate infielder and hard-hitting batsman, is due to succeed Jimmy Callahan as manager of the Pittsburgh Club at the end of this week. This was learned at the Pirate headquarters yesterday. Wagner or Barney Dreyfuss would not define or confirm the report, but it came on excellent authority that the Carnegie idol will be appointed manager. In the event Wagner does not receive the call, the report adds that a well-known western baseball man will be appointed.

NEW LIGHT PLANT

Blain, Pa., June 29.—The town council at a recent meeting voted to purchase an electric light plant for the town to be used for street lighting and for business purposes and private residences.

Every Man Not in His Country's Uniform This Fourth Should Wear a Cool, Comfortable Hub Suit.

We've gathered the coolest and handsomest suits to make men really comfortable. First, of course, are genuine Palm Beach, Kool Kloth and King Kool Suits—feather-weight, two-piece, stylish cut garments in plain and belted models with an unusual snappiness. They fit, too—don't overlook that fact.

\$7.50 to \$12.50
