Tuesday—Student volunteer meeting; Bible classes; normal mission study class.

Wednesday—Miss Margaret E. Hodge will preside; student volunteer meeting; normal mission study class; "An African Trail"; sunset service; auditorium, address, "Our Allies."

German Ministers From South America Are Landed in New York

By Associated Press

New York, June 29.—Dr. Adolf Paul, former German minister to Brazil, and W. Von Sanden, minister prior to the break in diplomatic relations was German minister to Bolivia, arrived here today on a Dutch steamship from South American ports.

The two officials were accompanied by thirty-six German consular officers and attaches from the two countries and will continue on the same ship to Amsterdam to which port they have been granted safe conduct by Great Britain and allied nations.

The ship on which they are passengers was stopped by two British cruisers soon after she left Brazil and the German and their baggage were subjected to a careful inspection. One of the cruisers conveyed the liner to within a short distance of this port.

Dr. Paul received his passports in April but was detained at Rio Janeiro until early this month when Brazil was assured that German minister to Germany was not being detained. During the time the ship on which the Germans are passengers is in American waters it will be under protection of United States naval forces.

A. F. Hoffsommer Back in City After Campaigns

Alfred F. Hoffsommer, who has for more than eight years since his retirement from State Y. M. C. A. work, been giving much of his time to aiding public institutions to raising large sums for endowment and new buildings, has just returned to his home at Old Orchard, after a successful season's work in which he conducted drives representing nearly one and three-quarter million dollars.

Mr. Hoffsommer completed his regular work early in June and then threw himself into the National Red Cross movement to raise one hundred millions. He served part of a week in the preparatory work of the local campaign and was then asked to aid at Pottstown, where he made a record for quick work, organizing more than three hundred workers in two days and making a canvass in two days more—four days in all, nearly doubling the apportionment which the Red Cross had asked the citizens of Pottstown to raise. Almost \$26,000 was raised, being equal to two dollars per capita for the population.

Mr. Hoffsommer is one of the veterans in intensive campaign work, having conducted his first drive in 1906, since which time he has raised many millions in all parts of the country.
