ENGAGEMENT PARTY

The engagement of Miss Margaret Mitchell Velder, of 546 Curtin street, to P. Earl Byrum, of this city, was announced last evening at the home of the bride-elect when little Anabel Kreider as a "good fairy," presented each guest with a colonial bouquet bearing slips of paper, forming an acrostic, telling the news. The supper appointments were of pink with Dorothy Perkins roses in the flowers.

The guests included: Miss Sara Dennis, Miss Margaret Smith, Miss Jean Hampton, Miss Margaret Elder, Miss Esther Worden, Miss Bess Metzger, Mrs. George Warner, Mrs. Fred Orth, Mrs. Hewitt Zullinger, of Mount Holly; Mrs. William Byrum, Miss Nancy Velder and Anabel Kreider.

Elopers Ride in Boxcar Saving Fare For Preacher

Sunbury, Pa., June 28.—Believing that love laughs at curfews, Miss Carrie Milroy, and George Emerson, both of Harrisburg, boarded a freight train at Marysville, a suburb, and came to Sunbury to be wedded. They applied to Police Chief Smith, who told them that a permit from the girl's parents would have to be secured as she said she was only nineteen years old. They admitted having made the trip in a boxcar, saying they were without funds to buy both curfew and the preacher. They said they had been sweethearts for a year, and decided to run away to Sunbury to wed. Unable to secure a license they took the money and returned home without funds. Neither name appears in the Harrisburg directory.

Bids Opened For New Bridge Near Linesville

Bids for the new bridge to be built at Linesville were opened to-day at the county commissioners' office. The proposals follow: B. G. Koons, \$29,500; Paul Kauffman, \$26,735; Stucker Brothers, \$26,890; R. R. Myers, \$25,500; G. W. Ensign, \$28,148; Ferro Concrete Company, \$25,822. Under the law the contract must be awarded to the lowest responsible bidder. Bids which were opened last week were discarded. The lowest one of those was by the Stucker Company, at \$26,800. Construction work will be started as soon as the contract is awarded.

HURT IN FALL FROM TRUCK

Stanley Graham, aged 14, 422 South Second street, is in the Harrisburg Hospital suffering from a fractured skull sustained yesterday afternoon when he fell off an automobile truck at New Cumberland. Although his condition is serious he is expected to recover.

Big Corn Acreage

"The oats crop also is exceptionally good this year. Many farmers say that their oats so far has the appearance of being the best they have ever had during their period of farming."

"Due to the agitation through different agencies to increase the acreage in corn, the Farm Bureau believes that this agitation has meant an increase of ten to fifteen per cent. through the Dauphin county, and continue at different intervals during the summer and especially during the month of July and August, the outlook for corn is very favorable."

"Because of dry and cold weather during the month of May and part of June the timothy has not attained the length that being the best in normal conditions; but again the late rains that we have been having in this county mean a large increase in the crop, where farmers are afforded to delay their cutting for a few days."

"The oat crop is in the northern valleys, at which places they have had little injury from the clover root borer, an insect which has almost exterminated the clover in the southern part of this county. The clover leaf weevil has also been very plentiful in the southern part of the county."

"Many farmers over the county have started soy bean culture on a small scale through the efforts of the Farm Bureau as well as other agencies. This is a crop that should by all means take the place of much of the oats now grown in Dauphin county."

I. W. W. Charged With Forming Strikes

Washington, June 28.—The Industrial Workers of the World leaders were charged with working with German agents in mines and fields of the West to stir up strikes among Germans and Austrians in correspondence laid before the Senate to-day by Senator Thomas, of Colorado. Particular reference was made to strikes among the miners in certain parts of Arizona, in which Industrial Workers of the World leaders were prominent, Senator Thomas asserted it as his opinion that there was a conspiracy, directed by German agents in the United States to work through the Industrial Workers of the World in crippling smelters and industries of the West.

London.—Food economists have been shocked to discover that many people are using bread to clean their wallpaper. In fact, the practice is said to be more general now than in pre-war days, when there were plenty of paperhangers. Three or four stale loaves will clean the paper and a washingroom and make it look like new.

BACK TO WORK AFTER 10 WEEKS LAY OFF

"I had nervous stomach trouble so bad that I couldn't sleep or rest," says M. M. Heister, a well-known carpenter, who lives at 1527 Mulberry street, Reading, Pa. "I was in an awful condition and was getting so bad that I had to be forever laying off trying to get rested up. I tried three different doctors and the best they were able to do was to patch me up for a couple of weeks, then down I'd go again as bad as before."

"I had been down and out for ten weeks when I read in the paper where a friend of mine, Dan Adams, had been helped by Tanlac and that heartened me up so that I started taking it myself."

"I began to feel better right away and I have kept getting better and stronger until now I don't feel as if I had ever been sick."

"My wife got to taking it, too, when she saw how much good it was doing me, and it has produced her up a lot, too, and we both are glad to recommend it."

Tanlac, the famous reconstructive tonic, is now being introduced here at Gorgas' Drug Store, where the Tanlac man is meeting the people and explaining the merits of this master remedy."

Tanlac is sold also at the Gorgas Drug Store; in the P. R. R. station; in Carlisle at W. G. Stephens' Pharmacy; Elizabethtown, Albert W. Cain; Greencastle, Charles B. Carl; Middletown, Colin S. Flew's Pharmacy; Waynesboro, Clarence Crock; Gettysburg, H. F. Brunhouse.—Adv.
