This church is one of the oldest m
the country. It was originally known
as the "Old Stone Meetinghouse" and
the masons who placed the walls had
to ward off Indian attacks. The minister of those days was captain of a
military company. The congregation
comprised several elements and outgrowths were the Meeting House
Springs Church near Carlisle and the
Second Presbyterian Church of this
place.

It holds a prominent place in history and was a rallying place in every
war of the nation. A meeting held
here July 12, 1774, is believed to have
been the first organized gathering to
decide on independence from Great
Britain. This history was repeated
early this year when one of the first
meetings for the nation was held to
protest against German atrocity and
to uphold the President's war stand.

a famous Italian boating song

> "Santa Lucia" has always been a prime favorite with lovers of song the world over. It is a charming folk-lyric, born among the fishermen of Naples and sung by Venetian gondoliers-a bit of the warm heart of romantic Italy.

Gogorza's sterling vocalism-he is one of the world's foremost baritones-and his abounding vigor render his "Santa Lucia," just recorded for the Victor, a veritable jewel of the singer's art. It is to be classed among those Victor Records for which you have a positive affection-which you play again and again with increasing pleasure.
