Bill Allowing Corporations to Invest Supplies in War Bonds Is Signed

Governor Brumbaugh to-day announced his approval of the Swartz bill authorizing corporations to invest their surplus funds in war bonds. This bill is a companion bill to others allowing banks and trust companies and building and loan associations to make similar investments.

The Governor also announced approval of the following House bills:

Including the meat of horses, mules and goats in the laws regulating sales and inspection of meat under State Livestock Sanitary Board.

Providing fees for filing of applications for various certificates before the Public Service Commission.

Authorizing cities to refund money paid for improvements when courts decide that there was no liability.

Providing for a seal for the State Highway Department.

Forbidding presidents and certain other officers of building and loan associations from also holding the office of conveyancer.

Requiring counties where crime is committed to pay for maintenance of criminal insane persons committed to state institutions.

Validating borough ordinances in certain cases.

Authorizing Philadelphia to make regulations for operation of rag and junk shops.

Amending building and loan association laws to provide for clearer definition as to rights of married stockholders, bonus tax and registry under corporation laws.

GOSPEL SONGS FOR SOLDIERS

Dauphin County Endeavorers to Give Books to Troops of Eighth Regiment

In a few days hundreds of men from this city and other sections of the State will leave with the Eighth Regiment for service in the United States Army.

The Rev. H. Nelson Bassler, pastor of the Second Reformed Church, who will serve as chaplain, met recently with the executive committee of the Harrisburg and Dauphin county Endeavorers, when arrangements were made to supply a Gospel Song Book with Scripture reading for the religious work during the soldier life of the boys.

Every Endeavor society in the city and county will be asked to give contributions toward the worthy cause. Any person can send their contributions to the treasurers of the various societies, John C. Crider, 1313 Susquehanna street, or Charles R. Bartley, Harrisburg National Bank, before July 19.

Governor Approves Seven Bills; Two on Important Philadelphia Legislation

Two bills relating to Philadelphia were among the seven Senate bills approved by Governor Brumbaugh to-day. One would permit the director of supplies to purchase supplies for the conduct of the government of Philadelphia to the value of \$1,000 without public advertisement. The other regulates the participation in pension funds of persons who may be re-employed by the city.

Other Senate bills approved were: Authorizing corporations to continue payment of employees who may enter any branch of the military service during the war.

Providing that counties shall pay expense of persons sent to the State Village for Feeble Minded Women and allowing transfers to the establishment from other institutions.

Transferring the brig Niagara to the city of Erie.

Providing that counties may establish homes and detention places under juvenile court acts.

Providing that commissioners of parks may be chosen from residents of counties where commissions are authorized to lay out parks.

ST. LOUIS IS QUIET

By Associated Press East St. Louis, Ill., July 5.—Resumption of work after the holiday was accomplished to-day without any indication of a renewal of the race riots in which more than a score of negroes and several white persons were killed earlier in the week.

ITALY LOSES STEAMER

By Associated Press Paris, July 5.—The Italian government announces that only one Italian merchant steamer, eight small sailing vessels and four fishing barks were sunk by submarines during the week ended at midnight, July 1, according to a Havas dispatch from Rome.

HALF LICENSES MUCH IN DEMAND

Over 8,700 Have Been Issued at the State Highway Department Since July 1

Close to 8,700 pneumatic-tired automobiles have been granted State licenses on the half-year basis at the State Highway Department. Under the law, cars may be licensed for half a year on payment of half the fee, July 1 being the date. The estimate given at the department does not include solid-tired vehicles, many of which have also been listed.

The rush for the half-year licenses began a week ago when the mail of the department began to assume proportions similar to the end of the year when all licenses expire. The clerks worked overtime and stayed at work until late on the evening of July 3 to clear up the accumulation.

It is expected that the number of motorcycles licensed this year will break the record.

Warning on Eggs—Warning that demands of military hospitals and convalescent camps for eggs will be so tremendous in the next year or so as to cause a shortage in the supply that ordinarily goes into domestic food business is given in the bulletin of the State Department of Agriculture. It is urged that people should not kill off their hens.

Account of the wholesale killing off of poultry throughout the State on account of high grain prices and the sacrifice of perfectly good laying fowls this department is making an effort to stop what is a waste, says the bulletin. "Saving a good hen may help saving lives of soldiers. The department suggests the killing off of stale, broken-down hens and useless roosters, to save grain for others of value."

Furman Resigns—Paul N. Furman, chief of the bureau of statistics and information, resigned from his place in the Department of Labor and Industry late on Tuesday evening. The resignation takes effect July 15, and Mr. Furman will then have a vacation. He was formerly secretary of the Child Labor Association and acted as private secretary to the Governor during the illness of James S. Hiett. He succeeded the late A. R. Houck, as chief of the bureau.

Two Cents Returned.—Commissioner of Forestry Robert S. Conklin sent the State Treasury a check for two cents. It represented unexpended balances of an appropriation for the State Forestry Academy. Commission Adjourns.—The Public Service Commission has adjourned formal sessions until Monday, when some hearings will be held. To Meet Tuesday.—The State Board of Public Grounds and Buildings will have its July meeting on Tuesday.

Board in Session.—The State Industrial Board is in session at Philadelphia to-day on codes.

To Attend Meeting.—Commissioner Jackson will attend the Americanization meeting in New York to-morrow as State representative.

Save Coal by Using Wood.—Commissioner of Forestry Conklin has issued a suggestion that people thin out wood lots and cut down matured and useless trees for firewood. The good woodlot, says he, has no dead trees and no wood on the ground. Thousands of dollars worth of coal can be saved by judicious use of wood for stoves.

Police Civil Service Board Organization to Be Completed Tomorrow

The police civil service board appointed by Council on Tuesday, will meet to-morrow afternoon at 3.30 o'clock in the Council Chamber for organization. The members are Mercer B. Tate, Pierce Rettew and Dr. Thomas E. Bowman.

While it is not probable that rules for the board will be adopted at the meeting, those used in Philadelphia, New York, Pittsburgh and other cities by similar boards will be discussed at length, it was said to-day.

The duties of the board after its organization will be to examine all persons considered for appointment on the city police force, and to keep a record of those who apply and those who pass the examination. When vacancies occur appointments will be made from one of three names which the board will submit to the mayor.

In pursuance of a request from the Commercial Economy Board of the Council of National Defense, the undersigned Master Bakers pledge themselves not to accept returns of unsold Bread on and after

JULY 10, 1917

This action was taken upon the receipt of the following letter from the Commercial Economy Board:

COUNCIL OF NATIONAL DEFENSE June 5, 1917. In the present emergency, the importance of husbanding the wheat supply is such that all wastes of wheat, no matter how small, must be stopped. With this necessity in view, the Commercial Economy Board has conducted an inquiry into the wholesale bakery practice of taking back unsold bread from retailers. The investigation covered representative bakeries in all parts of the United States. It appears that approximately 4 per cent of all the bread delivered by wholesale bakers is later returned to them, and that at least one-third of this is sold for animal feed. A portion of the bread returned is sold at reduced prices to charitable institutions and the poor. The Board points out, however that with the cost of carrying this bread to and from the retailers eliminated, the baker could afford fully as well as now to sell the same amount of bread at the same reduced prices. With few exceptions bakers consulted agreed that the waste of labor and human food involved in the practice of accepting returns is detrimental to the public interest and should be discontinued. This also is the conclusion of the Board and of the Council of National Defense. You are therefore hereby requested, in common with all other wholesale bakers, not to accept returns of unsold bread on July 10 and thereafter.

COMMERCIAL ECONOMY BOARD OF THE COUNCIL OF NATIONAL DEFENSE.

The bakers, however, cannot do this alone. The housewife must co-operate with the baker and the grocer in order that this request be efficiently effective. WE MAKE THIS APPEAL TO THE HOUSEWIFE:

PLACE YOUR ORDER FOR BREAD A DAY IN ADVANCE

This will not only assure the grocer of your daily requirements, but will also eliminate the return of unsold bread to the baker. We trust that we may have a prompt demonstration from the housewives of Harrisburg of their desire to serve our country in this a grave national necessity.
