

INTERESTING SERVICES IN CITY CHURCHES SERMONS DRAW EXPECT DRAFT FIFTY BOYS TO CIVIL SERVICE

SUN NEVER SETS ON THIS ACTIVITY

Christian Endeavor Societies Girdle the Earth; Aim at 10,000 Societies

Winoona Lake, Ind., July 7.—At the conference of trustees and field secretaries of the United Society of Christian Endeavor, a four-day session was held at which the Rev. Dr. Francis E. Clark, L.L.D., president of the United Society of Christian Endeavor and of the World's Christian Endeavor Union, gave the biennial message with suggestions for the campaign of 1917-1919. He said in part: "The sun never sets upon the Christian Endeavor movement. On every continent, beside every shore, on the banks of every great river, on all the large islands of the world, our societies are found. In New York and London, in Paris and Christiania, in Tokyo and Singapore, in Cairo and Calcutta, in Melbourne and Cape Town, Christian Endeavor finds itself equally at home.

"The goal set for the coming biennium is ten thousand standard societies and five hundred standard unions. These societies and unions shall be entitled to special diplomas or medals and suitable recognition will be given to societies that have reached either of these standards.

"State, district and local unions are urged to compete with one another for the largest number of societies. C. E. Experts, Quiet Hour Comrades and Tenth Legionaries.

C. E. Plays Big Part

"Christian Endeavor has played a part in promoting the comity and fellowship of the nations. The last union meeting at Britton, a few weeks ago, was a Christian Endeavor fellowship meeting between Boers and Britons. In the month of February, in South Africa after the Boer war was a Christian Endeavor fellowship meeting between Boers and Britons. In the month of February, in South Africa after the Boer war was a Christian Endeavor fellowship meeting between Boers and Britons.

"THE WORLD ON FIRE"—THEME

Pastor Hoskins to Preach in Local Theater on Interesting Subject

PASTOR HOSKINS
On Sunday afternoon a Harrisburg audience will have the pleasure of listening to a scientific lecture on "The World on Fire," by Pastor Hoskins of the New York City Temple, New York City.

This lecture especially arranged by the International Bible Students association, will be delivered at the Victoria Theater, Sunday at 8 o'clock.

"The World on Fire" is one of the celebrated pastor's favorite topics since the world's whirlpool of war began, into which the nations one after another have been drawn; or have avoided great difficulty in avoiding this great world conflict has stirred the religious and scientific world as nothing else has ever done. Are the nations of the earth facing financial and social collapse? Are the present heads of the world to be decapitated as a result of the drain in treasure and blood? And what will follow this war? These are among the questions to be considered in connection with many others in this lecture here Sunday afternoon, at which there will be no collection taken and all seats will be free.

VACATION BIBLE SCHOOL TO OPEN

Children to Be Taught at Pine Street; Series of Church Camps to Open

The Rev. Dr. F. S. Mudge, pastor of the Pine Street Presbyterian church, will preach tomorrow at both services. The topic of the morning service will be "The Secret of Self-Respect." In the evening Dr. Mudge will preach on "Living by the Day."

On Monday morning at nine o'clock the annual Vacation Bible school will open at the church. Children from the primary, junior and intermediate grades of the Sunday schools of the church will be the pupils, experience having shown that children of the beginners' grade do not greatly profit by summer study. This year the director of the school will be Mrs. M. M. Mudge. The school will be in charge of the director of the church, with Miss Nixon, Miss Woods. The closing exercises of the school are now planned for Friday evening at 8 o'clock.

The series of church camps will also begin this week with the first of the camps for boys which opens on Monday afternoon at 7 o'clock. This camp will be followed by a second camp for boys of similar duration. On August 11, the camp for girls will open at 7 o'clock. The camp for women and the camp for men. The camps for men and boys will be in charge of the director of the church, with Charles B. Thompson, with three assistants. The camps for women and girls will be supervised by Miss Marian W. Edsell, director of women and girls work, assisted by the advisory committee in charge of this work. All these camps will be held in a large building with every necessary convenience for shelter, comfort and rest.

The pastor leaves for his annual vacation on Thursday and in his absence his personal assistant, Rev. Harold H. Baldwin, will live at the manse and care for the spiritual needs of the parish, with the co-operation of Rev. J. M. Warden, the assistant pastor in charge of Bethany chapel. All the regular Sunday and weekday services of the parish will, as usual, be maintained throughout the summer and strangers will always find a most cordial welcome at each.

WILL CONCLUDE SERIES ON "SALT"

Vacations to Be Discussed at Park Street U. E.; Plan Dedication Observance

The last of the series of Sunday evening sermons on "Salt" will be preached in the Park Street United Evangelical church pulpit Sunday evening at 7.30, on the subject of "Vacations." Such sub-topics as these will be discussed: "Does the Devil Take Vacations?", "May and Ought the Christian to Take Vacations?", "If So, Where and When and What Kind?"

The sermon-subject for Sunday morning at 10.45 will be "When King and Prophet Clashed, or the Government and the People," and it will be a continuation of the theme of the Sunday school lesson of the day.

Large Growth

The tenth anniversary of the dedication of the present church-structure will be appropriately observed Sunday, July 22, the dedicatory services having been held Sunday, July 21, 1917. The Sunday school membership has increased from 358 to 669, and the church membership from 220 to 466. An unusual feature of the morning anniversary service will be the preaching by Rev. W. S. Harris of the same sermon, using the same text, following the Sunday of dedication which was a dedication of the nature of worship required in the new church to make it a real house of God. The present church is a partake of the nature of an "Old-Home Day," inasmuch as it will be the occasion of the reunion of persons who have been members of the Sunday school and church, who are still living and will attend.

Beginning with Sunday, July 15, a series of Sunday evening sermons will be offered in this church by the pastor on "Brief Answers to Big Questions" as follows:

July 15, "What is the 'New Birth'?" July 22, "What is 'Sanctification'?" August 5, "What is the 'Fruitfulness' of the Holy Spirit?" August 12, "What is 'The Love in This World Without Sinning'?"

SERMONS DRAW EXPECT DRAFT

Forty Spins of Wheel to Call 1,200,000 to the American Colors

Washington, July 7.—Selection day for the new national army is approaching as rapidly as the local exemption boards in the various States complete their organization, give serial numbers to the registration cards and forward certified copies to Provost Marshal General Crowder. Indications are that the drawing will be a matter of no official statement has been made as to the War Department's plans.

Administration officials still maintain strict silence as to methods to be followed. With the recent statement by Secretary Baker that the drawing would be held in Washington, however, the assumption of the stress laid upon the serial numbering of registration cards, the general outline of the plan is clearly indicated.

It is understood that it is proposed to place, in a single jury wheel in Washington, one complete set of numbers for each of the 48 exemption districts whose card bears that serial number will be drafted. In each district there are approximately 30,000 men eligible for draft, or one in each exemption district. If 1,200,000 men are to be drafted, the number of registered individuals in each district which would be drawn is 400 men.

All this must be considered in framing the regulations. Provision must be made also to balance as far as possible the number of military duty between the men in each district, so that disqualification of a large number in any particular district will not put an undue burden upon those qualified additional individuals in that district.

Various ways of accomplishing this correction of chances so as to make the resulting draft as fair as human ingenuity can contrive have been suggested. The matter has had President Wilson's personal consideration, and the method employed would be just in every respect.

While the first contingent of the new army will be 500,000 men, an additional 250,000 or 500,000 men will be needed to make up the reserve battalion of this force. Recruiting stations are now being recruited for the National Guard which is drafted by the War Department. The organization of the national army will be on the same basis.

FIFTY BOYS TO GO INTO CAMP

Will Spend Remainder of Summer Outdoors Under Associated Aid Auspices

The annual summer boys' camp conducted by the Associated Aid Societies will be opened some time next week, it was announced to-day. It will be held on a large farm about five miles south of Linglestown, and will be called Bunker Hill Boys' Camp. The place was donated by Henry C. and Joseph C. Claster.

At least fifty boys, in need of fresh air and sunshine, will be taken there to live until early in the fall. The youngsters will be taught how to live in the open pitch tents, chop wood, prepare meals. In addition to this there will be regular drills, short hours of work in the fields, regular play hours and systematic exercises each day.

Last year the camp was held in Franklin county, where eighteen boys were accommodated. This year it will be conducted on a larger scale.

To present a number of girls are in camp enjoying the mountain air at Lamb's Gap, Cumberland county. This is also under the direction of the aid societies.

CIVIL SERVICE POLICE BOARD IS ORGANIZED

Dr. Bowman Is President; Chamber of Commerce Offers Co-operation

Harrisburg's Civil Service Board for the examination of officers for the city police force was completed yesterday afternoon at a meeting in the City Council Chamber.

Dr. Thomas E. Bowman was elected president of the board and City Clerk R. Ross Seaman, secretary. Another meeting will be held next Wednesday afternoon at 8.30 o'clock when rules will be presented for discussion.

At the meeting yesterday a letter of commendation from the Chamber of Commerce signed by President David E. Tracy and Secretary E. L. McCollin, offering co-operation in any thing the board may undertake to give the city a first-class police force.

The letter follows:

"To the Honorable, the Civil Service Commissioners for the Harrisburg Police Department, Harrisburg, Pennsylvania:

"Gentlemen—In connection with your appointment to administer the Harrisburg city civil service, police act in Harrisburg, Pennsylvania, we are writing to advise you of the keen interest of the Chamber of Commerce in the work of your Board and our desire to co-operate in any movement that will tend to give the city of Harrisburg a first-class and modern police department.

"Several months ago we brought to Harrisburg a staff of authorities on police from the New York Bureau of Municipal Research, and had thorough survey of our Police Department made. A copy of this survey and the recommendations of the New York Bureau of Municipal Research have been placed in the hands of the Mayor and is thus available to you in your work. We wish to commend this survey and its suggestions to you for your careful consideration, because it embodies the thought of probably the best police talent available in the United States.

"Mr. Clement J. Driscoll, of the New York Bureau of Municipal Research, authority who made our survey, had the honor of Harrisburg obtaining a high-class police department upon the passage of a civil service law and the careful administration of such a law.

"The worth of the recommendations of the New York Bureau of Municipal Research and their ability to make suggestions about civil service administration for the departments and kindred matters, can be judged by the fact that they have been retained for this work by police departments in Pittsburgh and Philadelphia in this state, such typical cities outside of Pennsylvania as Syracuse, N. Y.; Columbus, Ohio; Dayton, Ohio; Kansas City, Missouri; Denver, Colorado; San Francisco, Cal., and others.

"Our civic committee will be glad to give any possible assistance to your board, and if you desire to have a personal conference with Mr. Driscoll regarding the survey and its recommendations, he is at the office of the Chamber of Commerce upon a very large sum of money in having the survey of the Police Department made by authorities, and our members and the press and the citizen generally have expressed themselves as being keenly interested in seeing their recommendations put into effect.

"D. E. TRACY, President.
E. L. MCCOLLIN, Secretary."

PREBYSYTERIAN

Production of Explosives Makes Remarkable Growth

Washington, July 7.—The story of the remarkable growth of the country's explosive manufacturing industry, as shown in figures made public by the Federal Bureau of Mine and Geology last year, exclusive of explosives totaling more than \$90,000,000 worth of explosives, was valued at \$185,000,000 in 1915. Statistics of the 1916 output of explosives are not given, but exports were valued at \$185,000,000.

The 1916 production of explosives was represented in 215,572 pounds of black powder, 255,154,787 pounds of "high" explosives other than permitted for use in mining, and 1,200,000 pounds of permissible explosives. Exports of explosives which in 1914, the year of the highest production, were valued at \$10,937,587, reached a value in 1916 of \$17,144,649.

Empress of Austria Said to Be Working For Peace

London, July 7.—According to the Daily Express a personal friend of the Empress Zita, of Austria, has indicated her desire to work for peace. It is said that the Empress is exerting herself strongly in the interests of peace, and is exercising her influence over Emperor Charles to induce him to try without delay to bring about a peace alliance with Germany as soon as Austria-Hungary is enabled to take such action.
