IMPROVE HOMES

The demand for greater economical living in the present crisis of our coun-

try makes it obligatory that every housewife and true helpmate should

be prepared to do her part in eliminat

ing every unnecessary expense, whether in the matter of wearing apparel

and putting saide provender for win-ter. The argument is that if the peo-ple do not buy things that can be had now at a small cost the farmers will have no inducement to raise large crops next year. The local markets to-day were well supplied with this product. They came from nearby truck farms. Onions are also the good thing to put to make the good thing to put some away for future use. Early Apples in Market Rain has kept back the berry crop, but raspberries could be had to-day for ten cents a box. Early apples to Rally Round Flag article in the current num-ne "Medical Council edited homas S. Blair of this city

Dayton, Ohie, July 11. - Orville Wright, the air wizard, yesterday told how he and his brother, Wilbur, had freamed back in 1906 of a permanent peace to come through aviation su-

distinction, and has ever had that It was Admiral Gleaves who com-manded the flotilla of destroyers which rushed to the rescue of the merchant ships which were torpe-doed and sunk off Nantucket in Oc-tober of last year by the German submarine U-53.

preamed back in 1906 of a permanent periority. "We always thought of the airplane "We always thought of the airplane "We always thought of the airplane tas an instrument for the making of heating before as to inspire us. We never let it out of our sight. From the start we saw in it an unerring scout through which armies could detect such other's movements. We saw that the airplane would give eyes to armies und the armies with the most eyes would win. We saw that when na-ions came to recognize what we saw, vars would end. And what we fore-saw then is coming true. "We never though of the airplane as an instrument for killing non-combatants. We did think, though, it might be used for raids on royal pai-kees and castles that war might be rought home to those responsible for with. It was we dreamed. And, as we dreamed, so it will come to pass. Df that I em certain, because this is the last war."

Twin Sister Fears Fate Will Claim Her in Death

York, July 11, — Ever since they were babies, whatever ailment befall fartha May Brenneman likewise be-bil her twin sister, Mary. value of saving and how to avoid ev-ery unnecessary expense both in a personal way and in the kitchens of their homes and in the proper and sci-entific management of their homes. Study and application of economical principles have made them one of the rest and most helpful forces in the Cookery Kitchen, Ali Kinds of Utensils for All Purposes, Diets for Winter and Summer, Diets for Brain and Muscular Workers, Food Values, Diets for Reducing and Developing, Cooking All Kinds of Vieats, Flaking All Kinds * Broths and Soups, Cooking All Kinds of Fish, Clams, Oysters, Recipes of All Kinds, Preserving, Salads. great and most helpful forces in the country, simply because they know the scientific way of doing things in the exercise of practical economy. It is every woman's duty to serve her country by applying the principles of eccaomy in the home. The women of this country never had a better opportunity for patriotic action than Low,

The management of this paper has made special arrangements with The Lincoln Correspondence Schools, Inc., of New York City, a leading educational institution, by which every subscriber to this paper may receive a thorough practical education by correspondence, in any one of the following home-study courses:

Physical and Beauty Culture — Millinery — Sewing and Plain Dressmaking—Cookery—Home Management—Etiquette

These courses were prepared by experts who are known the world over because of their unquestionable ability as teachers and authors. You will have the opportunity of learning, what years of study and practical experience have taught them-you will have the opportunity of studying the most practicable lessons of their kind that have ever been prepared.

The first consideration in preparing these courses was practicability, and a system of thorough instruction for the busy woman, who has no time to devote to unnecessary things, and who only desires to apply herself to undertakings that will benefit her, such as economy in household expenses, the scientific management of the home, saving two-thirds of her own and children's dress expense by knowing how to sew, making her own hats at a great saving in cost, at the same time having more attractive and becoming headwear, learning how the proper care of the body develops a graceful figure

and promotes good health, and the science of having a perfect skin and a beautiful complexion, and many other scientifically prepared sub-jects, each one of which can be applied for personal gain in countless ways.

These courses deal with facts, formulas and methods based on actual experience and practice in teaching thousands. of students in every part of the world. Whether you are a woman of the home or a woman following some occupation or business, any one of these courses holds vitally important essentials for you; they will help YOU.

Fill in this Coupon, tear out and mail TODAY-it will bring you full information how to obtain one of these practical courses. DON'T DELAY, fill it in NOW.
