officials in other municipalities who have often been helped by Mr. Miller to solutions of difficulties in their work.
The Mayor was optimistic to the last, frequently expressing the opinion that he would soon return to his official and business duties. He rallied at times, but during the last few days his recovery seemed doubtful.

NEWS OF STEELTON

STEEL EMBARGO NOT IMPORTANT

Domestic Market Not Affected Since Exports Are Small
The effect on the domestic market of the government embargo on certain iron and steel exports, effective next Sunday, will not be important, according to the Iron Age.

There may be some reselling of export products now on the books, as in the case of pig iron for Sweden and Holland, but the volume will be even less than that represented in the resales of recent months, where vessel room could not be had for pig iron or steel that had been shipped to various seaports.

While a dictatorship of steel manufacture and distribution is less a possibility to-day than it appeared last week, the expectation of some form of price regulation, whether by the government or by producers under government sanction, has grown to be the chief market influence.

Funeral Saturday
Funeral services will be held at the home, 615 Briggs street, on Saturday afternoon at 10 o'clock. Rev. H. W. A. Hanson, pastor of Messiah Lutheran Church, will officiate at the services at the home.

Many Organizations
Mayor Miller was a member of the following organizations: Robert Burns Lodge, No. 464, F. & A. M.; Knights Templar, No. 11; Knights Templar, and Zumbo Temple, A. O. M. N. S.; the Harrisburg Republican Club; the Rotary Club of Harrisburg; B. P. O. Elks; A. O. United Workmen; Cornplanter Tribe, No. 61; I. O. Red Men; Veteran Volunteer Fire Company, for twenty-five years; League of Third Class Cities, of which he was treasurer.

Wide Approval of Selection
Mayor Miller's election as a successor to Dr. Meals by a unanimous vote of Council brought sincere and spontaneous approval from practically every person in the city.

When he was elected Mayor he at once decided to make a careful study of conditions at the police department and then to make the necessary changes. His health, however, prevented him from carrying this plan very far.
